SHIPPING BOARD SIGNS HUGE FUEL-OIL ORDER.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 17.—The Shipping Board announced today that contracts had been signed for more than 12,000,000 barrels of fuel oil for delivery at Atlantic and Gulf ports during the next six months. The contract prices ranged from $1.27 to $1.56 per barrel.

The Mexican Petroleum Corporation accepted a contract to deliver 211,000 barrels per month at Galveston for $1.84 per barrel; 110,000 barrels at Port Arthur for $1.86, 167,000 barrels at New Orleans for $1.40 and 512,000 barrels at Jacksonville for $1.50.

One contract was signed with the Atlantic Gulf Oil Corporation calling for the delivery of 3,600,000 barrels of light Mexican crude, at one dollar per barrel, plus export charges, to be delivered at Tecomate, Mexico.

The Standard Oil Company of New Jersey signed two contracts, the first calling for delivery at New York, Baltimore and Norfolk of 2,925,000 barrels at $2.07 per barrel.

SCIENTISTS RESIGNING.

Loyalty Shown to Mother Church.

Editors and Employees in Publishing Society Give Reasons for Quitting.

Say Publications No Longer Authoritative Teachings of the Society.

[EXCLUSIVE DISPATCH.]

BOSTON, March 17.—Sixty employees of the Christian Science Publishing Society resigned yesterday and more resignations will be handed in, according to Miss A. Florence Grant, former head of the shipping department, who was one of the first to give up her position as a protest against the attitude of the trustees.

Meanwhile, the places of some of those who resigned have been filled, and tonight confirmed. R. M. Nichols has been appointed purchasing agent, vice Harvey McLeod, resigned; Miss E. M. Bliss has been appointed assistant editorial secretary, vice Mrs. Florence L. Terry, resigned, and Miss Dorothy Roberts has been appointed head of the shipping department.

It was understood tonight that appointments to fill the places of William P. McKenzie, former editor of the Sentinel and Journal, and the French and German periodicals; Mrs. Ella W. Hoag, assistant to Mr. McKenzie, and Elisha B. Besley, manager of the editorial department, would be announced a week from Saturday, it was said.

David B. Ogden, secretary of the board of trustees; Frederick Dixon, who recently assumed the duties of chief editor of the Christian Science publications, and John R. Watts, business manager, were in conference tonight, but would make no statement for publication. Mr. Stanger, giving his reason for resigning, said to a reporter last night:

"I was not in sympathy with the attitude of the trustees in the present controversy." Mrs. Terry went a little further; she said:

NOT SCIENCE LITERATURE.

"My reason, in a few words, was that the editors, who were appointed by the board of directors of the Mother Church, under the authority of the Mother Church manual, having severed their connection with the periodicals, I considered the periodicals no longer authoritative literature. Therefore, it made it impossible for me, as a loyal member of the Mother Church, to continue my service in connection with the publishing society."

Mrs. Terry's associate, Miss Harriet Marsh, who had been with the society for the last thirteen or fourteen years, and Mrs. Bernice Carter, head copyreader of the editorial department, also resigned. Two others of prominence who resigned are: Harry I. Hunt, in charge of the printing department, and Miss Florence Grant, head of the shipping room.

Miss Grant said that, all told, about sixty persons resigned yesterday morning.

"There was no concerted action," said Miss Grant. "We acted individually in protest. There will be more resignations today and throughout the remainder of the week."

TRUSTEES ARE CALM.

The trustees fail to view the matter in the same light and appear to take the resignations philosophically, saying that if the various staffs, either in this country or England, contain any disloyal elements they should not be compromised, but be allowed to sever connections with any field of Christian Scientist endeavor that they cannot earnestly and whole-heartedly support.

Much propaganda has been circulated anent the internal troubles of the Mother Church, and the trustees, following their custom, have published their position with reference to the present crisis.

In their statement the trustees state that prior to the filing of the master's report, they received another from the directors of the Mother Church, with a request that it be published in the Monitor with the master's report, and subsequently in the Journal and Sentinel.

The trustees agreed to publish the letter with another of their own to the directors.

McKENZIE'S ACTION.

The correspondence appeared in the Monitor and, according to the trustees, "copy," submitted to Mr. McKenzie last Monday for publication in the Journal and Sentinel, was indorsed and set up as his orders.

After about 9000 copies of the Journal had been run off on Thursday, Mr. McKenzie ordered the presses stopped, and on Friday the trustees received word from him that he had selected for publication only the directors' letter. By order of the trustees the presses were immediately set in motion again and Mr. McKenzie resigned.

Prominent Scientists here that have maintained a stand of neutrality in the various actions express the view that the editors chose to

HOOVER IN STATEMENT

Scores Release of Letter to Wilson.

Private Communication of Last April to President Gets into Print.

Ralph Merritt Resigns from Board of Regents to Direct His Campaign.

[BY A. P. NIGHT WIRE.]

CHICAGO, March 17.—Plans to organize a campaign in Middle Western States for Herbert Hoover for the Republican Presidential nomination were made today by representatives from eleven States, who attended a meeting in Chicago at the invitation of Ralph Arnold, a California mining engineer, who started the California Hoover campaign.

Headquarters for Illinois, Wisconsin, Iowa, Minnesota, North and South Dakota, Nebraska, Missouri and Kansas would be opened in Chicago soon, Mr. Arnold said.

NEW YORK, March 17.—Herbert Hoover today issued a statement, in which he said he had modified his opinion, expressed in a letter to President Wilson, last April, that the United States should not be represented on the various boards provided to enforce peace in Europe.

Mr. Hoover now favors this country having a representative on the reparations commission, in order that American interests may be protected. He protests against the publication of his letter of last April to President Wilson, on the ground that it was not issued from the White House, and that he had not consented to its publication. The statement follows:

"I have seen in some of this morning's (eastern) papers a copy of a memorandum of mine that was prepared in the course of the Peace Conference on the subject of our participation in the large number of international commissions set up in Europe. As to the views expressed in the memorandum, they were later modified as to the particular of our having a representative on the reparations commission itself, because of the large economic control finally given to it over a great part of Europe, and the complete necessity for the United States to be represented thereon at once in order to protect American interests.

RELEASED PRIVATE LETTER.

"Regardless of any personal point of view in this matter, there is to me nothing that is such a breach of good taste or the very foundations of relations among government officials as for them to issue to the press correspondence that may have passed between them and their superiors in the course of their service, without approval on both sides.

"I am informed it was not issued from the White House. It is scarcely necessary for me to say that it was not released by me, and that a searching inquiry in my own office satisfies me that it has not come from my staff."

In his letter to President Wilson of last April, published today, Mr. Hoover expressed opposition to the continuance of the United States as a member of the various commissions set up under the peace treaty, saying that such Allied relationship could only lead to vast difficulty, and militate against the League of Nations.

Representation of the United States on the commissions, he said, would mean the country lending itself to the political and financial interests of other governments during peace, "a situation that must be entirely repulsive to our national interests, traditions and ideals." He

AMERICA WARNS BOLIVIA.

State Department Looks Upon the South American Situation as "Serious."

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 17. — Insistent representations to Bolivia not to disturb the peace of South America have been made by the American government as a result of the anti-Peruvian manifestations at La Paz. In connection with the communications it was stated Peru has sought the good offices of the United States to prevent hostilities.

Two notes have been sent and a third is ready to go forward unless a reply to the others is received soon. The first was dispatched immediately after official news was received Monday of the attack on the Peruvian Legation in the Bolivian capital. The second was put on the cables yesterday.

Officials view the situation as serious, and the representations made by the State Department were described as "urgent."

Dispatches to the Peruvian Embassy today said events in Bolivia resulted from the influence of the Chilean government and the activity of Chilean agents. It is known that this view also is held in other diplomatic and in some official circles here.

WOULD FORCE WAR.

Embassy officials expressed belief that there was an effort to force Peru into a war against its former ally in the war against Chile in the eighties, out of which grew the Arica-Tacna dispute. The Peruvians charge that Gen. Montes, a candidate for the Presidency of Bolivia, who is reported to be leading the anti-Peruvian manifestations, is being supported by Chile, and is being supplied with arms and ammunition from that country.

The exact situation in Bolivia is somewhat obscured owing to the rigid censorship reported to have been imposed. Reports reaching Peru that Gen. Montes was mobilizing Bolivian reserves caused deep concern. At the Peruvian Embassy

Warehouse Burns; $25,000 Damage

A spectacular fire that drove families living in nearby houses to the streets in their night clothes, with their valuables in their arms, destroyed the warehouse of Crombie & Company, wholesale flour dealers, at 729 East First street, early this morning. After a stubborn, two-hour battle the fire department had the flames under control. Fire Chief Scott estimated damage at $25,000.

Mrs. Charles Chaplin to Seek Divorce?

CHICAGO, March 18.—[Exclusive Dispatch.] A report is printed in a morning paper here that Mrs. Charles Chaplin of Los Angeles admits she will start suit for divorce.

Arrest Turk Leaders

CONSTANTINOPLE, March 16.—In addition to the arrest of Djemal Pasha and Djevad Pasha, an imperial prince who was conspicuous in the crisis and Senator Mahmud Pasha were taken into custody. The city was quiet this evening, although the streets were thronged with people. The resignation of the Cabinet is expected.

Smuts's Close Call

CAPE TOWN (South Africa) March 17.—The Cape Town Times says Gen. Smuts, with the Unionists, will have a majority of four in the chamber and that it is considered probable the Labor party will support his economic and financial measures.

Three Killed in Montreal

MONTREAL, March 17.—Three men were killed, another is dying and five more were injured seriously today when a building in course of construction at St. Johns, Que., collapsed. A dozen persons were buried in the debris.

BULLETINS.

[BY CABLE AND ASSOCIATED PRESS.]

BERLIN, March 17.—Wolfgang Kapp has fled Berlin, leaving the chancellory in an automobile at 6 o'clock this evening. It is stated that the Communists are constructing barricades at many places in the northern and northeastern sections of the city. The leaders of the general strike have issued a proclamation saying: "The general strike of the railway men has been completely successful and, therefore, it is suspended forthwith."

LONDON, March 18.—The Chinese and Japanese governments have agreed to act in unison in Far East, the Harbin correspondent of the London Times, under date of March 7, says he is reliably informed. The Chinese contingent will consist of four divisions and the Japanese of three.

MONTREAL, March 17.—Profits of $1,061,300 for 1919 are shown in the annual report of the National Brewery, and made public today, compared with $810,296 the year before.

ARREST TEUTON REVOLT HEADS

Noske to Use Firm Hand on Reactionary Leaders; Troops Will Leave Berlin

[BY CABLE AND ASSOCIATED PRESS.]

PARIS, March 18.—Orders for the arrest of Dr. Wolfgang Kapp, who assumed control of German governmental affairs in Berlin last Saturday; Gen. Von Luettwitz, his military lieutenant, and other leaders in the reactionary revolt, were issued by Gustav Noske, Minister of Defense of the Ebert government, last night, according to a Zurich dispatch to the Petit Parisien this morning.

BERLIN, March 17.—Troops commanded by Von Luettwitz, which have been supporting the reactionary revolt in this city, will have left Berlin by Thursday evening at the latest, according to an announcement by Dr. Hirsch, Prussian Premier. Security guards and loyal regular troops will then take over control of the capital.

COPENHAGEN, March 18.—A special dispatch from Berlin, dated Wednesday, quotes the Kapp government as making the following announcement:

"According to reliable news a congress occurred yesterday in Berlin, convoked by independents, Communists and members of the Right Socialists, at which an agreement was reached, according to which the Right Socialists do not accept the general strike as a reply to the coup d'etat, but declare they are neutral to it. On all other points a complete agreement was reached.

MINISTERIAL LIST.

"A ministerial list was drawn up which includes the following: Imperial Chancellor, Dr. Daumig; Minister of the Interior, Kurt Beyer; Minister of Foreign Affairs, Herr Neumann or Herr Levy; Minister of Economy, Herr Raech; Minister of Labor, Otto Grao; Minister of Food, Herr Geissman; Minister of Justice, Dr. Cohn; Minister of Finance, Herr Adel; Minister of Press, Herr Goldschmidt; Minister of Railways, Julius Meoer.

"The list includes only independents and Communists. It was assumed an accord exists between the two extreme parties."

According to the Frankfurter Zeitung, the independent leaders, Cohn and Daumig, called on the Chancellor on behalf of a soviet republic, which had been proclaimed in working-class quarters in Berlin, and presented an ultimatum saying that if the troops were not withdrawn by 9 o'clock Tuesday evening they would attack them with armed workmen.

Chancellor app and Gen. Von Luettwitz offered to retire under certain conditions, primarily with regard to amnesty.

LENROOT LOSES.

The peace treaty reservation drafted by Republican leaders and offered by Senator Lenroot to declare the United States would view with grave concern future political upheavals in Europe was rejected, 25 to 39, late today in the Senate. The irreconcilables combined with the Democrats against it.

The roll call on the reservation offered by Senator Lenroot, follows:

Those for:

Republicans — Calder, Capper, Colt, Cummins, Curtis, Edge, Elkins, Hale, Jones of Washington, Kellogg, Keyes, Lenroot, Lodge, McNary, New, Phipps, Smoot, Spencer, Sterling, Sutherland, Townsend, Wadsworth and Watson—22.

Democrats—Fletcher and Smith of Georgia—2.

Total for, 25.

Against:

Republicans—Borah, Brandegee, Fernald, France, Gronna, Kenyon, La Follette and Norris—8.

Democrats—Ashurst, Beckham, Comers, Dial, Gerry, Harris, Harrison, Hitchcock, Johnson of South Dakota, Jones of New Mexico, Kendrick, King, Kirby, McKellar, Nugent, Owens, Phelan, Pittman, Pomerene, Reed, Sheppard, Shields, Smith of Maryland, Stanley, Swanson, Thomas, Trammell, Walsh of Massachusetts, Walsh of Montana, Williams and Wolcott—31.

Total against, 39.

IRISH PLEA IS IGNORED.

Reservation Tabled in Senate.

Effort to Get Recognition of Self-determination of Island Defeated.

Move Includes Egypt, Other Subject Peoples; Lenroot also Loses.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 17.—Hastening to clear the way for final action on the peace treaty, the Senate today choked off a St. Patrick's Day debate on the Irish question by tabling, 54 to 21, a proposal to declare by reservation that Great Britain should proclaim Ireland free.

The motion to table was made by Senator Kellogg, Republican, Minnesota, who denounced the proposal as "politics."

Thirty Republicans and twenty-four Democrats voted for the motion, while fourteen Democrats and seven Republicans opposed it.

TABLE ITS DEATH.

The Irish declaration was proposed by Senator Shields, Democrat, Tennessee, as an amendment to Senator Owen's reservation declaring that the British protectorate over Egypt was to be considered a war measure only. The vote to table carried down the reservation itself and all proposed amendments, including that by Senator Thomas, Democrat, Colorado, for Korean independence, and another by Senator King, Democrat, Utah, providing for freedom for the Philippines, Porto Rico, the Virgin Islands and Hawaii.

LENROOT LOSES.

The peace treaty reservation drafted by Republican leaders and offered by Senator Lenroot to declare the United States would view with grave concern future political upheavals in Europe was rejected, 25 to 39, late today in the Senate. The irreconcilables combined with the Democrats against it.

BRITISH COLUMBIA'S WAR QUOTA WAS BIG.

MORE THAN FIFTY THOUSAND MEN JOINED THE EXPEDITIONARY FORCES.

[EXCLUSIVE DISPATCH.]

OTTAWA (Ont.) March 17. — That British Columbia made an excellent showing in the war is indicated by a report tabled in the House. British Columbia contributed 51,538 men towards the 590,572 that went to war as members of the Canadian Expeditionary Forces.

Of 60,224 pensioners of the Canadian Expeditionary Force, 6426 are British Columbians. Out of over $11,000,000 paid to such pensioners to date, British Columbia returned soldiers got $1,276,968.

ALLIES ACT IN TURKEY.

Constantinople is Occupied.

Only Clash with Moslems Occurs at War Office and Several are Killed.

Entente Fleet, Anchored in Bosporus, Trains Guns on Vantage Points.

[BY CABLE AND ASSOCIATED PRESS.]

CONSTANTINOPLE, March 16.—Constantinople was occupied this morning by Allied forces under Gen. Sir George F. Milne of the British army. This long-looked-for military demonstration by the Allies against Turkey was carried out with only one untoward happening, a serious clash at the War Office, where the Turks resisted the Allied troops.

An exchange of shots resulted, in which several Punjabi of the British East Indian forces and a few of the Turks were killed.

The excitement caused by the occupation quieted down before darkness, which brought absolute calm.

FLEET READY TO FIRE.

The landing of occupation forces was carried out under the guns of the formidable Allied fleet anchored in the Bosporus. The British dreadnaught Benbow was moored at the Galata quay, her guns trained on Stamboul. Another man-of-war faced the arsenal in the Golden Horn, while all other warships in the Bosporus were standing by with their decks cleared for action.

Except in the instances stated, however, there was no resistance to the Allies. The population, in fact, showed little alarm, nor was there any sign of panic except in one section of Stamboul, as commanders of the Allied troops brought their forces ashore.

These forces included 4000 blue-jackets and marines from British warships and contingents from all the Allies represented.

Detachments having Moslems on their rosters were among troops taking part.

Comprehensive military and naval plans had been made to carry out the Allied measures and precautionary steps taken.

TURKS ARRESTED.

Last night a number of Turks and other persons regarded as possible disturbers of the peace were arrested, including the commander of the Tenth Turkish Division.

The deadwalls of Constantinople were placarded with a proclamation by Maj.-Gen. Henry F. M. Wilson of the British troops, declaring anyone committing any act that threatened the safety of the Allied forces would be tried by court-martial.

The proclamation was eagerly scanned by curious crowds, which, after the landing took place, wandered around the streets in a dazed manner.

The French this evening patrolled Stamboul with Senegalese troops. The British guarded Pera, the suburb northwest of the Golden Horn, while Italians guarded Scutari, the portion of Constantinople on the Asiatic side of the Bosphorus.

The flutter that occurred in Stamboul as the troops marched in was by shopkeepers near the War Office, where the clash occurred. They closed their shops in their first fright, but speedily reopened them.

The Allies are declared to believe their measures have provided amply for maintenance of security and order in Constantinople and consider it questionable whether even the so-called Nationalist forces in Anatolia are in a position to attempt anything serious.

The Allied high commissioner here has issued a statement declaring that

(Continued on Second Page.)

NEW YORK SENDS FAIR DELEGATE

Woman Democrat for Empire State at Convention.

Is One of Four Delegates-at-Large to be Chosen.

Rejoices in Equal Footing in Politics with Men.

[EXCLUSIVE DISPATCH.]

NEW YORK, March 17. — Miss Elizabeth Marbury, named one of the Democratic party's four delegates-at-large from New York State, declared today that the chances for a victory for her party in the Presidential election are daily growing stronger. She is an enthusiastic and loyal party booster.

"Because women are being taken into the party on an equal footing with the men, we are bringing to it a little more zeal, and some new mental angles," said Miss Marbury, "and that means a distinct gain for the party. The women are responding to this treatment with interest. We have had little political experience, as yet, but we are losing no opportunity to learn. We are going to work many times harder than we ever did before."

KEEPS OPEN-MINDED.

Miss Marbury declined to discuss Presidential candidates, giving as her reason that as a delegate-at-large she must go to the convention with an open mind. "We must observe an absolute neutrality until the candidates are presented to us for consideration," she said.

When asked if she thought Herbert Hoover would make a good President, Miss Marbury replied that he had made an excellent Food Administrator; that he had helped to stave off starvation in the entire world, and that further than that she would not commit herself. "I am not giving any snap judgment on candidates or issues," she said, "but I cannot help criticising the treaty attitude of some Republicans. Looking over their records for the last month, it must be admitted that there is not only inaction, but absolute obstruction of all that stands for peace and progress in this country. I think the public is disgusted with the irreconcilables. The convention in San Francisco in June will see us much stronger even than we are today.

MANY TO PICK FROM.

"The Democratic party has a strong list of possible candidates, but it is too early to speak of them now.

You Can Stop that Cough.

Do not imagine that because you have tried various remedies without any permanent benefit that your cough is incurable. Bear in mind that Chamberlain's Cough Remedy has cured others, lots of them; why not you? Read what Mrs. J. L. Jones, New Kensington, Pa., says of this remedy: "About a year ago I contracted a severe cold that settled on my lungs and caused a terrible, dry, hacking cough that alarmed as well as annoyed me. Upon the advice of a druggist I bought a bottle of Chamberlain's Cough Remedy and it relieved me almost immediately." — [Advertisement.

OUTFITTERS OF DEPENDABILITY

KAPP'S REGIME IS AT AN END.

(Continued from First Page.)

out of the question now is undoubted. President Ebert of the old government is intrenched strongly at Stuttgart, where, according to semi-official dispatches, the council of the empire today unanimously approved the old government and strongly condemned the military coup at Berlin.

Frightened Berliners last night were asking: "The White or Red terror! Which?" This was in consequence of an official announcement that the Reds were planning a rising and calling upon the people to save the country from Bolshevism.

The official communique announcing the resignation of Chancellor Kapp endeavors to give a patriotic aspect to his withdrawal. It says:

"The Bauer government having voluntarily decided to fulfill the most essential political demands addressed to it, the rejection of which on Saturday led to the establishment of the Kapp government, Chancellor Kapp considers his mission fulfilled and retires, resigning the executive power again into the hands of the military commander-in-chief.

"In this he is moved by the conviction of the extreme necessity of the fatherland, which demands solid union of all against the annihilating dangers of Bolshevism."

CONJURE RED BOGEY.

Government officials said to the Associated Press:

"We fear bloodshed. It is difficult for us to hold the troops back."

In preparation for the expected rising officials camped in their offices all night. When the correspondent left the chancellery at nightfall in the darkening Wilhelmstrasse soldiers were bringing in huge boxes of food and casks of wine. Berliners generally scurried to their homes and locked the doors.

Notwithstanding Dr. Kapp's resignation, Berlin seems destined to have troublous times. An influential member of the government, talking with the correspondent Tuesday, insisted upon the urgency of suppressing the strike movement and Communist opposition. He added:

"Time is on the side of the Communists, and every hour we let slip weakens our position. We may expect great events between now and tomorrow.

Great events, beginning with the retirement of Kapp, are evidently moving to a climax. Ebert sent an airplane over Berlin, dropping leaflets and predicting early collapse of the new government.

BERLIN TIED UP.

The utter tie-up of the city continued today and there is no evidence of the breaking down of the strike. So far as known, no fresh supplies of food have been received and prices are jumping almost hourly. The striking water plant employees released a sufficient amount to flush the sewers, to prevent the outbreak of disease, but little is available for drinking purposes.

One effect of the revolution has been the interruption of negotiations to repatriate Russian prisoners, of whom there are more than 200,000 scattered throughout Germany. The Associated Press is informed that the negotiations were almost concluded when the government was overthrown. It was planned to ship the prisoners from Stettin to Reval and pass them into Russia through Esthonia.

The Reichstag met secretly yesterday and disposed of a measure providing for a wage increase for public employees. Herr Schiffer presided. One of Chancellor Kapp's acts yesterday was the issuance of a decree empowering Gen. Von Luettwitz to take possession of all publishing houses and printing works and operate them for the government as he might think fit.

Berlin University and all other colleges in the city have been closed until further notice and examinations have been postponed in order not to prejudice those students who had placed themselves at the disposal of the new government.

The government has seized a supply of meal reserved for the Jews for the feast of the Passover by the old government, and the meal has been distributed to the workers.

BAVARIAN ELECTS PREMIER.

[BY CABLE AND ASSOCIATED PRESS.]

COPENHAGEN, March 17.—According to a Munich dispatch the Bavarian diet has elected Dr. Kahn Premier. Kahn declared himself to be a representative of the People's sovereignty and said he would hold the place for the Premier who is to be elected by the Diet.

The various political groups, the dispatch continues, declared executive power had been restored to the civil authorities; that the imperial and state constitution would be inviolably respected and that the full liberty of officials, workers and employees to unite, would be protected.

FIGHT OF SPARTACIDES.

[BY CABLE AND ASSOCIATED PRESS.]

THE HAGUE, March 17. — The Telegraaf's Dresden correspondent, under yesterday's date, describing the struggle for the telegraph office, says the Spartacans had to engage a small force protecting the office, but later had to encounter a larger force, which fought with grenades and armored cars. One of the cars was destroyed by the Spartacans and the crew killed.

The civic guard by mistake fired on the government troops. Toward 7 o'clock the building was in the hands of the Spartacans. Many were killed or wounded.

According to the Telegraaf, the Baltic troops who advanced on Hamburg, were captured and disarmed before they reached the city.

The Telegraaf says 100 soldiers, including four officers, were killed in fighting with Spartacans at Wetter. The official losses of the government troops in this conflict are placed at one officer and nine men.

In the eastern parts of the industrial region at Bochum, Dortmund, Gelsenkirchen and Unna, the proletariat is in charge.

Armed laborers are speeding to various places to assist their comrades engaged in fighting. The government troops are using artillery.

All Rhenish and Westphalian industry is declared to be ready to follow in the footsteps of the soviet.

STUTTGART STRIKE ENDS.

[BY CABLE AND ASSOCIATED PRESS.]

STUTTGART, March 17.—Nearly 200 members of the National Assembly were already here this morning and most of them participated in group reunions in preparation for the opening session of the Assembly, set for 4 o'clock this afternoon. President Ebert, Minister of Defense Noske, Foreign Secretary Muller and other members of the Cabinet arrived from Dresden Monday.

One and two-day protest strikes in sympathy with the old government threatened to reduce the attendance of the Assembly, but seven special trains from various districts managed to get through. The sympathetic strike in this region ended last night and traffic now is restored.

Several thousand loyal troops are here, and a few of them are guarding the public buildings, but it is asserted there is no fear of trouble.

Eight mass meetings were set for this afternoon by the Communists and Socialists to protest against the Kapp regime. The Communists are urging establishment of a soviet.

BRITISH DISARM REDS.

[BY CABLE AND ASSOCIATED PRESS.]

COPENHAGEN, March 17.—A Berlin dispatch says a soviet republic has been proclaimed at Eiselben. Fighting is reported at Elberfeld, one of the most important industrial towns of Germany, between troops and Communists in which the latter were defeated. About 1000 of the Communists are said to have been driven into the Allied occupied territory and disarmed by the British.

THE HAGUE, March 17.—Reports from Heerlen, Holland, which is on the frontier of the Allied occupied German territory, says the Spartacists hoisted the Red flag and deposed the mayors at Halle, Westphalia and Ohligs, Rhenish Prussia, but that British troops restored order and reinstated the mayors.

COPENHAGEN, March 17.—A Stuttgart telegram says that, according to absolutely reliable news from Berlin, very heavy fighting is impending there.

Fighting broke out at daybreak in Hagen, Westphalia, between regulars and troops composed of the workmen, in which the regulars were worsted, losing more than thirty killed and seventy wounded, says a dispatch from that city. The workmen had two killed and several wounded.

A deputation composed of party leaders, headed by the burgomaster, succeeded in preventing further bloodshed. The regulars surrendered their arms and were taken prisoners.

COBLENZ SITUATION BAD.

[BY CABLE AND ASSOCIATED PRESS.]

COBLENZ, March 17.—A telephone message received today from an American at Leipsic said conditions there are very bad. Fighting, in which machine guns were being used, was proceeding. Food was growing short and the water had been cut off. The government troops supporting Premier Bauer still were holding their own against the revolutionists.

LONDON, March 17.—Gen. Merker, Dr. Karl Wilhelmeheine of the Prussian Ministry and others arrived at Stuttgart from Berlin late yesterday, according to a Stuttgart dispatch to the Exchange Telegraph Company. The Ebert Cabinet conferred for a long time and decided not to enter into negotiations with the delegation.

COPENHAGEN, March 16.—Hamburg and its western suburb, Altona, are now definitely in the hands of the followers of the Ebert government of Germany, according to a dispatch to the Social Demokraten. Gen. Von Wangenheim, who was defeated and captured in Altona, has joined the troops loyal to the Ebert regime.

GENEVA, March 17.—Gen. Von Buelow, commanding the troops in Saxony, and Gen. Moehle, commander of the Bavarian forces, have placed their troops at the disposal of President Ebert, according to dispatches from Stuttgart.

NOSKE IS CONFIDENT

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, March 17.—Gustave Noske, Minister of Defense in the Ebert government, is confident of his ability to restore normal conditions in Germany within a comparatively brief time, according to an Exchange Telegraph dispatch, quoting an interview with him at Stuttgart.

"Large contingents of imperial defense troops are at our disposal," he said. "I am confident we will succeed in restoring order in Germany within six or eight days."

NEW BAVARIAN MINISTRY.

[BY CABLE AND ASSOCIATED PRESS.]

MUNICH, March 17.—A new ministry has been formed in Bavaria headed by Dr. Von Kahr, who takes the portfolio of Foreign Affairs in addition to the Premiership. Heinrich Ernst Mueller of Meiningen, a Democrat, who previously had been reported as the man who would form the ministry, has been made Minister of Justice. Herr Kofler becomes Minister of Finance. The ministry is a coalition of the Democrats and the popular parties. Previous to its formation Dr. Von Kahr had been named Minister President by the Diet.

BASEL (Switzerland) March 17.—A dispatch from Chemnitz, the industrial center in Saxony, with a population of more than 200,000, says a republic of workingmen's councils has been proclaimed there. A "committee of action" has been formed comprising ten Communists, six Independent Socialists, four Majority Socialists and one Democrat.

LONDON, March 17.—Independent Socialists and Communists in Germany have commenced a violent agitation in favor of a soviet republic and an alliance with soviet Russia, according to a Berlin dispatch to the Exchange Telegraph Company.

BRASLAU SINGS TONIGHT.

Sophie Braslau, the American contralto, will make her debut in Los Angeles tonight at Trinity Auditorium. Her programme will include old Italian, modern Russian, French and Hebrew numbers. In the latter group is the Schalitt "Eli, Eli." The folk songs will be Spanish, English, Irish and American. The last number will be the "Robin Woman" aria from the Cadman opera "Shanewis."

Tomorrow afternoon Miss Braslau will appear as soloist with the Philharmonic Orchestra. The programme will be repeated Saturday evening. The Tschaikowsky "Pathetique" symphony will be played.

ALLIES ACT IN TURKEY.

(Continued from First Page.)

the Allies have no intention of destroying the authority of the Sultan, but wish to strengthen his power. It also says the Allies will adhere to their intention not to deprive the Turks of Constantinople, but that they may be compelled to modify their decision if massacres and disorders continue.

The Allies have occupied the ministries of war and navy and assumed control of the posts, telegraphs and telephones, which have been temporarily suspended. Shipping also has been suspended.

Turkish resistance to the terms of the peace treaty which has been framed by the Peace Conference and continuation of the massacres of Armenians have caused the Allies to put strong military and naval forces into Constantinople.

The Turks were informed some time ago that the treaty would be stiffened appreciably against them if the killing of Armenians was not stopped.

TWO BRITISH KILLED.

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, March 17. — Andrew Bonar Law announced in the House today that Constantinople had been occupied by Allied troops, as proposed, and that only at one point was there fighting. Two British soldiers were reported killed and one officer and two men wounded. One Turkish officer and eight Turks were killed and others were wounded.

Mr. Bonar Law said that at the same time the Turkish government had been warned that the occupation of Constantinople would continue until the terms of the peace treaty were duly executed and, further, if outrages against native Christians continued the terms would be more severe.

For reasons previously indicated it was decided that the government, in conjunction with its allies, should proceed with the occupation of Constantinople. The general administration of that city would not be taken over, but the ministries of war and marine would be occupied. The postal and telegraph services and navigation on the Bosphorus would be placed under control and the police put under Allied officers.

TURKS COURTED OCCUPATION.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 17.—Allied military occupation of Constantinople was forced on the Allies by the growing power of Mustapha Kemal over the Sultan's government, the only element of authority in Turkey favorable to acceptance of Allied peace terms, according to officials. The maneuver was not regarded as an attempt at permanent settlement but rather as in line with the plan of Turkish adjustment drafted in London by the ambassadors' conference.

Under that plan, it was pointed out, the Sultan was to be retained in Constantinople but no military occupation was contemplated. Since the pro-German Turkish Nationalist party has exerted such influence as to make Mustapha virtual dictator to the Constantinople chamber, however, and even able to break or make cabinets at will, it was said, military occupation for the announced purpose of strengthening the Sultan's power was to be expected.

So far as known the United States has not made any formal rejoinder to the request of the Allies, announced from Paris yesterday, for its views as to the proposed Turkish plan.

LOYALTY SHOWN MOTHER CHURCH

(Continued from First Page.)

cast their lot with the directors, and upon being ordered to publish all the correspondence had to either comply or resign, there being no middle course. Former Editor McKenzie has been interviewed and in his statement he defends his course as follows:

"For weeks past the editorial force of the Journal and the Sentinel have been in an extremely embarrassing position. Appointed by the directors of the church, but in their work under the direction of the board of trustees, they have maintained a strictly neutral position in the columns of the two publications. We have tried to strictly adhere to the principles on which the weekly and the monthly were established—strictly denominational publications.

"Cancellation of subscriptions has been going on among the churches and the members of the church for some time last; by order of the trustees, several letters regarding the court's controversy were printed in the two publications last October. New York and New Jersey churches started to vote discontinuance of subscriptions to all the publications and were only prevented by the trustees in carrying out their boycott by threat of a libel suit.

LOS ANGELES ACTION.

"The Los Angeles churches voted recently to oust all the periodicals. Two weeks ago the Roxbury (Mass.) church voted to discontinue their subscriptions, and the next morning some of the members of the Roxbury church connected with the publishing house were discharged, because of the church vote.

"It is also understood that the discharge included all the Roxbury church members, including the employees of the publishing house. In justice to the by-laws of the church and to ourselves, we had to take the only course open to us."

TWO SHIPS LAUNCHED.

[BY A. P. NIGHT WIRE.]

PHILADELPHIA, March 17.—Two more ships, the steel cargo carrier Conchatta and the transport Somme, were launched at Hog Island today.

HEARST PUBLICATIONS BAN BEFORE CANADIAN COMMONS.

[EXCLUSIVE DISPATCH.]

OTTAWA (Ont.) March 17.—The question of placing a ban on the entry of Hearst papers and publications into Canada is to be raised in Commons tomorrow by Dr. J. W. Edwards, member for Frontenac.

He will ask for a list of Hearst publications allowed to enter Canada and whether it is the intention of the government to ban any or all of these, and when such action will be taken.

Along with several other members, Dr. Edwards resented the admission into Canada of the Hearst publications. An interesting debate involving the censorship on all publications is looked for.

To Represent New York State Democrats

Miss Elizabeth Marbury.

She is to be one of four delegates-at-large to the national convention in June at San Francisco. She predicts a new era for women, with equal representation in political affairs.

LEAGUE VISIT OF NO INTEREST TO MOSCOW.

SOVIET LEADER SAYS BANDING TOGETHER OF NATIONS HAS CAPITULATED.

[BY CABLE AND ASSOCIATED PRESS.]

MOSCOW, March 11.—(Delayed.) The approaching visit of the commission of the League of Nations to soviet Russia is arousing little interest and discussion here. Russia has no confidence in the League, according to the soviet leader, Leo Kameneff, president of the Moscow soviet, who said today:

"The League has capitulated. It has lost its original significance. It contains no vital principles applicable to the new organization of society and it is created in the interest of old Imperialism." Referring to the projected visit of the League commission, Kameneff said:

"We attach no particular importance to the matter. The bona fide commissions of other countries desiring to make an impartial investigation will be welcome. We will make no special preparations and will arrange no fetes for the League commission, but we shall afford facilities to see everything. We ask the same right, however, to send our commissions to other countries."

Kameneff expressed the opinion that no resumption of trade intercourse with Western Europe would be possible without re-establishment of diplomatic relations.

Chairman Melnickanski of the Council of Moscow trade unions, is another soviet leader frankly uninterested in the coming visit of the commission.

UNITED STATES WARNS BOLIVIA.

(Continued from First Page.)

it was said that if this was true, Peru would be obliged to call out its reserves, as its standing army consists of only a few thousand men.

Peru and Bolivia are members of the League of Nations, and if they sever diplomatic relations the crisis thus provoked would, under the League covenant, be such as to bring the dispute to the official cognizance of the council of the League.

Some diplomats considered such an eventuality not at all unlikely. They said such a case would have a peculiar interest, as it would afford the first test of the strength and power of the League.

Should Peru and Bolivia fail to submit the dispute to the League, the council might be expected to take action on its own initiative. Since the court of international justice provided for adjudicating disputes has not yet been organized, the Allied Supreme Council, it was said, would deal with the matter.

It was pointed out, however, that the dispute would not necessarily have to be referred to the League: that by mutual agreement, the two countries could ask the good offices of a third power in arbitration.

Should the League council finally intervene or some third nation be called in, it would not be the first time that differences between the Latin-American republics had been submitted to European arbitration.

HAS PRECEDENT.

The recent boundary dispute between Colombia and Venezuela was referred to Switzerland for adjustment, and before that the King of Spain was called on to settle a similar dispute between Honduras and Nicaragua.

Differences between the United States and Chile growing out of the Alsop mining claims in the latter country were referred to King George of England at the time Philander C. Knox was Secretary of State.

HEAR FROM LA PAZ.

[BY CABLE AND ASSOCIATED PRESS.]

LIMA (Peru) March 17.—The Peruvian Foreign Office announces that communication was established today with the Peruvian Legation at La Paz, Bolivia, which was attacked yesterday by Bolivians.

The Minister reported that the mob had attacked and burned the offices of La Razon, an organ unfavorable to former President Monte.

The dispatch from the Minister added that the situation was becoming tranquil.

IN PUBLIC SPEAKING.

The University of California extension division announces new classes in public speaking as follows: Thursday, from 6:30 to 8:30 p.m., in the Supreme Court room of the Union League Building, and Mondays, at noon, in room 413, Metropolitan Building. The instruction, covering fifteen hours of work, will be given by H. J. Stonier.

MACHINE GUNS RATTLE IN STREETS OF BERLIN.

CITIES ALL OVER GERMANY CONTRIBUTE DEAD AND WOUNDED IN RIOTING.

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, March 17.—Machine-gun firing was heard in Berlin between 11 and 12 o'clock last night, says a message to the Exchange Telegraph Company today from the German capital.

During the day a detachment of soldiers passed through the Brunnenstrasse, headed by a band playing "Heil Dir Im Siekerkrans." Workmen immediately charged the troops, and a skirmish ensued, in which a number of men were killed and others wounded, the message adds.

At Spandau nine persons, nearly all workmen, were reported killed and the fighting is continuing.

The correspondent reports that big trucks are constantly passing through the streets loaded down with armed soldiers who point their guns in the direction of the sidewalks.

COPENHAGEN, March 17.—Collisions in Brunswick yesterday between a crowd and the public security guard resulted in a number of civilians being killed or wounded, according to advices from Brunswick today.

In yesterday's hostilities the casualty list totalled 17 in killed and wounded.

A dispatch from Oldenburg says that at Wilhelmshaven all the officers of the garrison whose attitude was "doubtful," namely about 400, were arrested yesterday.

BERLIN, March 16.—Rioting occurred Monday night in Berlin and it was officially admitted twelve persons were killed in the Potsdamerplatz.

Other disorders occurred in the suburbs of Friedenau, Charlottenburg, Schoneberg and Tegel, the latter a radical labor center.

AMSTERDAM, March 1.—A serious Spartacist movement in Westphalia has resulted in battles with the troops and there have been a number of casualties, according to The Telegraaf's Munster correspondent.

Fighting was reported to be still in progress last night at Hagen, where troops had been rushed to put down a local soviet republic, the message adds.

PARIS, March 17.—News from Berlin and other German points telling of sanguinary clashes at Essen, Dortmund, Leipsic, Mannheim, Frankfort and Brunswick, together with a report that a council of workmen had assumed power at Chemnitz, has given the impression here that there is more to be feared from a revival of the Spartacan movement than from the activities of the Kapp government in Berlin. According to the latest dispatches the military movement has resulted in bloodshed in twenty-four German towns. The Spartacans are reported to have risen in Dresden, where a clash with troops is declared to have resulted in a casualty list of 100 dead and 300 wounded. Fighting in Breslau, Hamburg and Kiel also is reported.

A mob has stormed French headquarters at Bonn and pillaged stores and private houses, says a Berlin dispatch to the Journal. The disorder began by an attack on a French military automobile truck, the driver and several French officers narrowly escaping being lynched. Police officers were obliged to fire upon the mob, the dispatch says.

FOR THOMAS HIGGINS.

Mass for Pioneer and Builder to be Said at St. Thomas Church.

Requiem mass for Thomas Higgins, pioneer of the Southwest and builder of the Higgins Building, Second and Main streets, who died Monday, will be said at 9:30 a.m., today at St. Thomas Church. Burial will follow in Calvary Cemetery.

Mr. Higgins first began to take an active part in the upbuilding of the Southwest more than forty years ago. Six years ago he retired from active business, and his holdings were transferred to the control of an organization known as the Higgins Estate, with J. O. Sword as president and general manager; P. J. Higgins, vice-president, and D. P. Kearney, secretary.

Among his relatives here, Mr. Higgins leaves Pat and T. B. Higgins, Mrs. D. P. Kearney, Mrs. James O. Sword and Mrs. Margaret Newman, also John J. Higgins of Texas, and nephews and nieces in Australia and Ireland.

LABOR UNION SPELL IS BROKEN

Unexampled Excesses in Demands by Agitators During War Disgusted Patriotic Citizens—Senate and House Freed of Gompers's Threats.

BY WILLIAM HOWARD TAFT.

One of the most encouraging symptoms in Congressional debates during the period succeeding the war has been the weakening of the power of the heads of labor unions, to considerable extent exercised over members.

It is shown in the smaller number than formerly of the old-time flamboyant speeches like that of Mr. Burke of Pennsylvania, to be sent to union-labor constituents, to be quoted in union-labor papers and to stir a bitter and unjust feeling against capital and employers for campaign purposes.

The improvement has been more evident in the Senate than in the House, as was to be expected. The czar-like attitude of union-labor leaders has aroused an opposition which these leaders were very unwise to stir up. It has consolidated farmers into the determination to exercise their influence to prevent strikes in the future.

The overwhelming vote in the Kansas Legislature in favor of the compulsory arbitration system, inaugurated by Gov. Allen, should be a warning to Mr. Gompers, Mr. Stone, Mr. Shea and others, that their power, which they have heretofore thought so unlimited, should be exercised with moderation.

The passage of the anti-strike clause through the Senate, though stricken out in conference, is itself a danger signal which these leaders would do well to heed.

POLITICAL PICKETING.

Mr. Gompers's avowed purpose to defeat every member of the Senate or House who has voted his conscientious views on important issues, contrary to the behest of union labor, by putting his name on a black-list, shows a preference for this course as against the organization of an independent union-labor party. That would be foolish, indeed, for the polls furnish a test of the strength of the union-labor vote which Mr. Gompers does well to avoid.

The experience of Mr. Fitzpatrick in the Chicago Mayoralty election confirms Mr. Gompers's judgment that when the union-labor voters stand up to be counted they are not numerously formidable and fail to elect their candidates on a separate ticket.

This speaks for the sense and patriotism of the American workman and his sense of responsibility as a citizen. He has views as an independent member of society upon all the great political issues presented to a voter, and in large numbers he refuses to take the narrow and exclusively union-labor attitude and in the narrow interest of class to ignore issues as to the welfare of society at large in which he has much interested as anyone.

Mr. Gompers, though certainly right in thinking that better frighten legislators by defeating legislation to which labor unions are opposed than by a balance of power in deciding the vote of the two big political clogs, than by creating a new party.

Mr. Gompers' chance of cowardice in punishing candidates. It is a mere effort for his purposes, but in the what has happened in Congress session, even that is not as effective a weapon as it in the past. Groups are are able to vote their purposes only when the injured in the pursuit those purposes, is for to see the public interest public is alert and realizes the balances of power that labor vote wields disappear.

The change in the in this regard has been about by the fear that the labor unions and extremists among them are absolute power which abused, and in many have united the public elimination in self-defense future abuses.

With a flourish of threats as to what would do if it did Plumb plan was proposed, introduced into the House were soon withdrawn. seen to be a subterfuge wage-earners' the railroads and to died "a-borin'." the unions went before

That they will continue to exercise legitimate political power is not saying. But attempts unbridled power like that will be curbed through sense of the American also through needed further excesses.

REVOLUTION THREATENED.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 17.—Constitutional government is unexpected throughout all of Salvador because of the revolution, according to advices reaching Washington today.

Many women suffer from constipation, headache, nervousness and complexion. They will find relief. These tablets are pleasant to take and cost a quarter.—[Advertisement.

G.O.P. TO STOP NATION'S WASTE

Party Stands for Economy. Says Will Hays.

Suggests Plan to Reduce Taxes, Curb Debt.

Wants Men in Politics Who Give, not Get.

[BY A. P. NIGHT WIRE.]

ROANOKE (Va.) March 17.—Declaring that the Republican party stands first for "the honest, efficient and economical business administration of the country's affairs, Will H. Hays, chairman of the Republican National Committee, in an address before the State Republican Convention here today, pleaded for "patriotism in peace as well as war," and asserted that the country has slipped along under this Democratic administration without any adequate thought of the problems that would confront us until the shock of peace was here, just as we did before we entered the war."

Outlining the principal things for which the party stands, Mr. Hays said:

"I suggest that above all things the Republican party stands first for honest, efficient and economical business administration of the country's affairs.

"It was formerly said that 'honesty is the best policy' as a matter of business. Honesty is the best policy as a matter of morals. In like manner there is but one kind of successful politics, of faithful, efficient, honest and successful administration. The only successful politics in the situation today is to find out what is best for the country and do it first. We want more men in politics for what they can give and not what they can get.

REPEAL TAXES.

"I suggest that the Republican party stands for the development and execution of a plan for the reduction of taxes, with the repeal of taxes which kill initiative, and the spreading of war debt over a large number of years.

"I believe there shall be developed a better relation between labor and capital, with justice to both and with justice to the public and third side of the triangle, which must not be forgotten.

"The party shall measure its steps forward by the new needs of the nation with eyes always ahead, but with its feet always on solid ground.

Asserting that there are two national inquiries from women now in politics, what does the Republican party offer the women and what does the Republican party stand for? Mr. Hays declared:

"The Republican party offers the women everything it offers the men.

"The only just rule for a political party," he added, "is that the rights of participation in the management of the party's affairs must be and remain equally sacred and sacredly equal. The Republican women in the country constitute one-half of the party's membership. In many States this has long been so. In the Presidential campaign it is my hope and well-founded judgment that it shall be so everywhere.

WOMEN, MEN ONE.

"There is to be no separate women's organization created within the party, except, and only, in those cases where such an arrangement may be needed temporarily as an efficient aid in the complete amalgamation which is our objective.

"To the women and to men alike the party offers the right of a political self-determination, and that is the answer to the second query, what does the party stand for?"

Holding that "there must be in this country two political parties, and both must be strong and virile," Mr. Hays said. "I do not ask that all women become Republicans.

"To which party is of less consequence than that you belong to some party," he said. "I would rather a woman join with our opponents than belong to no party."

Of patriotism in politics he declared "I have no use for the individual who is 'too busy' or 'too good' to help. He has no just complaint to make, whatever happens. He is riding on another's ticket. I have an abiding faith that there will be an awakened sense of civic duty as a byproduct of this war."

CAN SOLVE PROBLEMS.

Expressing the belief that the country's problems are largely economic, Mr. Hays pointed out that the industrial difficulties in this country, which he said at the moment seem to be overwhelming, "can be, and I have explicit faith, will be solved in one way—by finding exact justice and enforcing it."

"The Republican party," he said, "from its inception has stood against undue Federalization of industries and activities. There must be strong Federal regulation but not government ownership."

Referring to the American soldiers in the war with Germany, Mr. Hays said:

"The Republican party will never forget the debt we owe to the soldiers who won this war. They said 'food will win the war,' 'Liberty Bonds will win the war,' and 'Thrift Stamps will win the war.' They did not. They all helped to win the war, but the war was won by the fighting men at the fighting front, and in no other way. And the party's appreciation of our soldiers will be remembered."

"SCOTCH DISLOYALTY."

In closing, Mr. Hays appealed to his hearers to "find disloyalty if there be any in the land and scotch it; find dishonesty if there be dishonesty and crush it; find the right and cleave unto it.

"Keep your eyes raised, Americans, but keep your feet on solid ground," he exclaimed.

"Find the reason for discontent and meet it squarely, correct the cause where there is a cause and mercilessly destroy the excuse, where it is an excuse only. Give every well-behaved man and woman their equality of opportunity and require from them their full measure of accountability."

HOOVER GIVES OUT STATEMENT

(Continued from First Page.)

added that he was not sure that the revolution in Europe was over, and that "our people are not prepared for us to undertake the military policing of Europe while it boils itself out." The letter concluded:

GREAT MORAL RESERVE.

"It grows upon me daily that the United States is the one great moral reserve in the world today, and that we cannot maintain independence of action through which this reserve is to be maintained if we allow ourselves to be dragged into detailed European entanglements over a period of years.

"In my view, if the Allies can be brought to adopt peace on the basis of the fourteen points, we should retire from Europe, lock, stock and barrel, and we should lend to the whole world our economic and moral strength, or the world will swim in a sea of misery and disaster worse than the dark ages. If they cannot be brought to accept peace on this basis, our national honor is at stake, and we should have to make peace indefinitely and retire."

MORE HOOVER DELEGATES.

[BY A. P. DAY WIRE.]

CONCORD (N. H.) March 17.—A belated telegram from Herbert Hoover, saying that, as he was not a candidate, he could not approve of the use of his name in the Presidential primaries in this State, was received today by Robert C. Murchie, Democratic National Committeeman.

Receipt of the telegram comes a week after the primaries, in which three district delegates to the Democratic National Convention pledged to Hoover were elected. The message, as made public today by Mr. Murchie, follows:

"I see by the press and letters from friends that my name is mentioned for the Democratic primaries in New Hampshire. I would be glad if you would inform the Democratic authorities that, while I am highly sensible of the great honor implied in the desire of many friends to place my name in nomination as a candidate in the Democratic primaries, I deem it due to them to state that I am not a candidate and, therefore, cannot approve of the use of my name for that purpose."

MERRITT TO DIRECT.

[BY A. P. DAY WIRE.]

SAN FRANCISCO, March 17.—The resignation of Ralph P. Merritt as secretary of the board of regents of the University of California and controller of the university, in order that he might direct a campaign in California for Herbert C. Hoover as a candidate for President of the United States, was presented to the regents here today.

Later it was announced by Francis P. Farquhar, secretary of the organization, that Merritt would direct the campaign of the Hoover Republican Club in California.

Merritt announced that headquarters would be established in San Francisco "within two days," and that the petitions to place the Hoover Republican Club candidates for the convention delegation on the May primary ballot would be on the street tomorrow.

Headquarters are to be established in Los Angeles also, within the next few days, Merritt said.

Merritt was Federal Food Administrator for California and for the last three years has been an associate of Hoover.

"I am offering my resignation two months earlier than I had anticipated, in order that at this time I may be free to participate in the Republican campaign to nominate Herbert Hoover," he said.

WOOD IS WINNER.

[BY A. P. NIGHT WIRE.]

ST. PAUL (Minn.) March 17.—Two delegates uninstructed and two others "pledged" to vote for Leonard Wood for nomination as President at the National Republican Convention in Chicago were named today at two district conventions.

F. H. Carpenter and W. J. Williamson were the uninstructed delegates chosen in Minneapolis, to represent the Fifth Congressional District. At St. Paul Wood was indorsed.

At the Minneapolis meeting, an attempt to have the delegates instructed for Senator Johnson of California, failed. Eight other district conventions are to be held Friday.

County conventions throughout the State today for the most part named uninstructed delegates to attend the State convention in St. Paul on Saturday when four delegates at large will be chosen for the national convention.

BISMARCK RETURNS.

[BY A. P. DAY WIRE.]

FARGO, March 14.—The city of Bismarck gave: Johnson, 588; Wood, 89; Lowden, 41, and Hoover, 9, on the Republican ballot, and four on the Democratic ticket for Bryan.

HOWL FROM JOHNSON.

[BY A. P. DAY WIRE.]

DETROIT, March 17.—The Minnesota Republican primary was characterized as "a pretense" and the "first strong-arm tactics of the 1920 campaign" by U. S. Senator Hiram Johnson in a signed statement issued here this forenoon.

He charged that "the Republican State machine is in absolute control" of affairs in Minnesota.

USE POSLAM FOR ECZEMA ITCH NO MORE

Every eczema sufferer should know just how greatly Poslam is able to benefit this stubborn trouble; how quickly it brings relief, stops itching, cools, soothes and comforts. To spread Poslam over an angry, affected surface is to feel that here, in reality, is just the healing influence the skin demands. Treatment is usually surprisingly short and improvement noticed every day. Poslam is harmless. Use it for pimples, rashes and all eruptional disorders.

Sold everywhere. For free sample write to Emergency Laboratories, 243 West 47th St., New York City.

Urge your skin to become clearer, healthier by the daily use of Poslam Soap, medicated with Poslam.—[Advertisement.

NAVY WAS RUN FROM CAPITAL.

Sims's Appeal for Staff in London Ignored.

When Benson Recommended it Department Acted.

This Policy in Force Remainder of War.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 17.—Again centering his fire at the Navy Department on his charges that it insisted on directing all war operations from Washington, Rear-Admiral Sims told the Senate investigating committee today that his urgent appeals for an adequate staff in London were ignored until November, 1917.

Admiral Benson, chief of operations, reached London during that month, Admiral Sims said, and quickly convinced himself of the "necessity for establishing a real advance base headquarters of the Navy Department abroad, with an adequate staff to make possible full co-operation with the Admiralty and co-ordinating all activities with the Allies."

"I have been recommending such action for five months," said Admiral Sims. "After Admiral Benson had reported, the department changed its attitude," he continued, "and a cable to Benson November 17 said a decision had been reached that it would be advantageous to have a permanent war staff in England to work with the plans department of the British Admiralty."

BENSON GOT RESULTS.

"If this meets your approval, additional officers will be sent to augment those already in England who are fitted for this work," it said. Admiral Benson then asked that Capt. F. H. Schofield and Commander Knox be ordered to report to Admiral Sims and Admiral Jellicoe for such duty, and this was done at once, Admiral Sims testified, while his own recommendations for nearly six months for the same action had been disregarded.

"It is hardly necessary to state that this is merely another instance of the attitude of the department during all those first critical months of the war," said Admiral Sims. "A recommendation I had been making for six months was not carried into effect until Admiral Benson, during his short stay in London, convinced himself that it was justified.

"The soundness of the policy was again demonstrated by the fact that the department adopted it and throughout the remainder of the war continued to recognize, though sometimes grudgingly, the necessity for what had been continually recommended and which should have been obvious from the very first."

There was continued delay on vitally important recommendations, because officials in Washington did not consider that sufficient information had been sent from London, Admiral Sims said. In many cases, he added, the necessity for secrecy or his lack of assistance prevented full reports. He read a cable from the department declaring that "it is essential that the department be promptly and fully informed of all operations of our vessels acting with the Allied naval forces." In his reply that all important operations would be reported the department renewed its demands for detailed reports, he said.

DETAILS WERE WANTED.

The department seemed disinclined to take any action or indorse any recommendations unless the fullest and most complete explanation could be made, and this was extremely difficult, if, indeed, not impossible, the admiral said.

It took four months to arrange a docking system for battleships abroad because of the department's insistance on details when he could have made all arrangements "in ten minutes of conversation in Washington with the proper officers," the admiral declared, adding that arrangements were finally completed only after the armistice.

Admiral Sims was expected to conclude tomorrow his long statement begun more than a week ago. He has not been interrupted by committee members during its presentation and if his statement is concluded tomorrow cross-examination probably will not be taken up before Saturday or possibly next week.

HOLLAND FIXES PLACE OF KAISER'S HABITAT.

[BY CABLE AND ASSOCIATED PRESS.]

THE HAGUE, March 17.—A royal decree dated March 16 says the place to be allotted to former Emperor William of Germany as his residence will form part of the province of Utrecht, and that it will be fixed later by the government. The decree was in connection with an announcement to the Allied Premiers regarding their recent note concerning the one-time monarch.

ROBBERS DON'T FEAR LAW IN THIS TOWN.

FOUR BOLD MEN HOLD UP OFFICER; BREAK HIS GUN AND TAKE HIS PAY.

[EXCLUSIVE DISPATCH.]

PHILADELPHIA, March 17.—Four masked robbers stood in wait for a victim on Wister street near Belfield avenue, Germantown, at 5 o'clock this morning. The first person to appear was Patrolman Richard Hawkins of the Germantown station, swinging his night stick and whistling. One of the men approached Hawkins. "Pardon me, officer," he said, 'but can you tell me where the watchman of that plant across the street is?"

"I don't know anything about any watchman," Hawkins retorted, attempting to walk on. "Well," the man retorted sharply, whipping out a revolver, "maybe you know how to put up your hands."

With that three other men sprang upon Hawkins. The patrolman's revolver and a pay envelope containing $55 were taken from him. One of the men removed the cartridges in the revolver and broke it on the sidewalk. Then he returned the pistol to the patrolman.

"Here you may need this," he said. "We might as well let the little fellow keep his club and keys," he remarked sarcastically to his companions, two of whom kept their revolvers trained on Hawkins.

The four robbers backed across the street, keeping the patrolman covered and stepped into an automobile. They sped east on Wister street and disappeared.

"Man, I didn't have a chance," was Hawkins only comment today. He is a negro five-foot six inches in height and weighs about 140 pounds.

OREGON HIGH SCHOOL PUPILS WIN STRIKE.

[BY A. P. NIGHT WIRE.]

TACOMA, March 17.—The 150 striking students of the High School at Chehalis this afternoon won their contention and will return to school tomorrow morning.

The school authorities, after a conference with the strikers and their parents, agreed that school activities, including athletics, publication of the school paper and giving a school play, should be resumed as before the strike.

The strike began Tuesday when school activities were suspended because eighteen students had engaged in a dance in the High School building following rehearsal for a play.

PHOENIX FREES TWO SANTA BARBARA MEN.

[EXCLUSIVE DISPATCH.]

PHOENIX (Ariz.) March 17.—R. E. Cox and W. H. Dearman, Santa Barbara carpenters, arrested here on suspicion of safe cracking in Florence, have been released, their innocence proven. They happened to be traveling through Florence at the time of the burglary.

The Maricopa County Highway Commission for the third time will ask bids for $4,000,000 road construction. Four types of road will be included.

Second grade Pima cotton was sold today in Boston at $1.10, the highest price ever quoted for local staple.

FIRM FALSE TEETH

Do not fail to consult your dentist when plates become loose or irritate. You can, however, obtain instant relief from these troubles by the use of Dr. Wernet's Powder for False Teeth. Use it regularly and you will be able to eat, laugh, talk with ease and without annoyance or embarrassment.

Dr. Wernet's Powder

assures instant satisfactory adhesion, is mildly antiseptic and sweetens the breath.

NEW OIL BOOM ON IN TAMPICO.

Fortunes Risked Despite Uncertainty of Future.

Gushers Coming in; Americans Rushing to Fields.

Hotels and Steel Office Buildings are Going Up.

BY PHILLIP KINSLEY.
[EXCLUSIVE DISPATCH.]

NEW ORLEANS, March 17.—Despite the uncertainty of the future there is a big boom on in the Tampico oil fields. Several of the big wells recently have pumped salt water instead of oil, but this is offset by the striking of new gushers. There is much unexplored oil land and fortunes are being risked and made by land speculators.

"I expect to make $.00,000 today," said a young American who paced the deck of a steamer outside the Tampico bar. He had bought land in the interior and had an offer from an oil company to take over his option.

There is an American rush and bustle about the city. The oil fields are fifty or sixty miles away and the streets are filled with engineers, land experts, drillers, managers, outfitting for the interior.

The Americans have built a modern hotel there with elevators and baths and electric lights and other conveniences unknown to the old Spanish hotels. New steel and concrete office buildings are going up on several corners.

MILLIONS IN SWAMP.

The Americans have drained a swamp and reclaimed land worth millions along the water front. The man responsible for this, W. F. Buckley, has been refused readmission to Mexico because of testimony before the Fall committee.

There is a railroad running along the water front and a street car system operating through the city. The foreign colony has streets and houses as fine as those in any American town.

Yet across the river and in the outskirts of the city, the contrast of native life is sharp. Here are huts of reeds and mud, rows of shacks and hovels where families live in one room.

The Indians camp on the edge of the city, or beg and sell in the streets. At night they sleep on the sidewalk, rolled in their blankets.

FEVER, MOSQUITOES, OUTLAWS.

The lower part of town is dirty and when a "norther" is blowing, the air is filled with dust and refuse of all kinds. There is much fever here, among the Mexicans and foreigners alike. It gives a greenish pallor to the complexion. Along the coast camps the mosquitoes are a great menace and are supposed to bring the fever. The jungle marshes are close to the town and bandits prowl in the neighborhood. Killings and robberies are frequent.

The controversy between the government and the oil men promises to be a long and bitter one.

England would like to come in and settle this matter, but is restrained by diplomatic difficulties with the United States.

Carranza's generals had a hand in the oil pie about the time the so-called "confiscatory policy" was adopted by the Mexican government.

The position of the oil men is simply that Mexico has no right to pass laws which will wipe out existing contracts. They claim that all land bought before the 1917 constitution was passed must belong to the buyers under the contract of subsoil rights.

But the controversy goes deeper than this. The subsoil rights on oil wells that are turning salt are not valuable. The companies must go out constantly and take up new lands. They admit that the government has the right to pass any laws it chooses governing new purchases and leases. If the government takes title to all oil in the new wells the industry may eventually fall into its hands.

"We do not trust the government one inch," said an oil company executive. "If the title to the subsoil ever is transferred to the government taxation will increase year after year and until the property is taxed out of the owner's hands."

SITUATION MAY CONTINUE.

It is probable that the Mexican Congress, which meets next September, will be too busy with election and other pressing problems to take up any new oil land legislation and that the present situation will continue. Drilling will go on under temporary permits. In the meantime, the oil men are shipping out about 80,000,000 barrels a month. They load tank steamers at docks up the river and ten miles at sea off the points where armored pipe lines have been laid.

A BARBARY COAST.

There is one spot in Tampico that is known wherever men travel in these parts. It is the Plaza Union, where the government runs a segregated district, inhabited by 270 women and girls, ranging in age from 12 to 45. They pay a tax of five pesos a month and are not allowed to leave the district.

It might be called the "city of dreadful night," for it is unspeakably dark and dirty and dangerous. Murders are a nightly occurrence. A street car runs to the district and stops before a wide-open gambling house, where hundreds of men are crowed before dice, poker and monte tables. Next door is a dance hall and the cries of the dealers are punctuated with the scraping of an orchestra and the rhythm of dancing feet.

Women sit in the doorways in the little huts along the crooked and muddy streets. There is a cantino, or drinking place, sandwiched in at every convenient spot.

A policeman with a rifle stands on the corner. Here one may see young Americans, Mexicans, sailors from the fleets, men in uniform, Chinese, all the sights that made the Barbary Coast famous.

ARMY BORDER FLYERS TO CARRY PARACHUTES.

WILL BE EQUIPPED WITH THEM AS SAFETY MEASURE; FEASIBILITY PROVEN.

[EXCLUSIVE DISPATCH.]

FORT McINTOSH (Tex.) March 17.—All aviators in the border patrol service of the army are to be provided with emergency parachutes. In a try-out of these devices at the aviation camp near here a few days ago their practicability was demonstrated. The try-out was made by aviators of the Eighth Aerial Squadron. Lieut. Rex Stoner, commander of the aviation camp here, piloted the machine from which Lieut. J. H. McCuen made a leap with a parachute from a plane at a height of 3000 feet and landed safely in the center of the camp. Then Lieut. Stoner took Lieut. F. B. Johnson up to a height of 3000 feet and he, too, leaped from the flying plane with his parachute and landed safely on the outskirts of the camp.

Both leaps proved successes, as the parachutes did good service and the aviators landed safely on their feet, the impact with the ground being about the same as though they had leaped off a platform four or five feet high. Further tests with the emergency parachutes will be made here. The parachute leaps from the 3000 feet altitude were witnessed by Col. Beaumont B. Buck, the retiring commander of the Laredo district, and other officers, all of Fort McIntosh, and the members of the Eighth Aero Squadron stationed at the aviation camp here.

The emergency parachutes from which the leaps were made by Lieuts. McCuen and Johnson are the kind that are to be adopted for the use of all army aviators. They are carried on the back of the flyers and resemble an ordinary knapsack. Should an accident happen to an airplane in the air all that is necessary for the men to do is to make their getaway from the machine, touch a spring on their breast, which controls the parachute, and it immediately opens.

ASKS FORTUNE FOR SMALL INVESTMENT.

MISSOURI LAWYER SUES TEXAS OIL CONCERN FOR $600,000 CLAIMED DUE HIM.

[EXCLUSIVE DISPATCH.]

WICHITA FALLS (Tex.) March 17.—In return for an investment of $30 cash and legal services to the alleged value of $220, Hervey T. Crest, a lawyer of St. Louis, Mo., wants to recover $600,000 from the Mo-Tex Oil Company and its two subsidiaries. He has filed suit in the District Court here against these companies for the amount named.

The petition recites that Crest, together with six other men, agreed to put $250 each into a fund to start the company. Later it was organized and $58,000 of stock sold. Mr. Crest says that each of the seven pioneers were to get, under their own agreement, 6000 shares of stock at $1 per share. He says that the other six got their stock.

John W. Devereux, president of the company, signed the certificates for Crest. But William F. Meyer, treasurer and secretary, became sick. It was agreed that when Meyer came back to work he would sign the certificates, the petition alleges. Meyer never came back. The petition alleges that he is of unsound mind. H. C. Harkins was appointed his successor. Crest declares that Harkins, "with the consent of General Manager Davis," refuses to sign the certificates.

He declares that the stock of the company is worth at least $100 in the open market. Crest is informed that the Mo-Tex Oil Company has paid $80,000 dividends on the original promotion stock.

The resources of the company are declared to amount to $2,040,800. He says their surplus fund is $2,856,-782. He estimates the value of their leases and production at $3,000,000. The St. Louis lawyer's petition declares that the Mo-Tex Refinery Company and the Mo-Tex Pipe Line Company were organized as auxiliaries of the Mo-Tex Oil Company and were designed to "cheat him out of his rightful share of the earnings."

Mr. Crest declares that he still is a director of the company.

RULE WOMEN IN WAR SHOULD GET TAX CUT.

[BY A. P. DAY WIRE.]

SACRAMENTO, March 17.—Women who served in the Army, Navy or Marine Corps and were honorably discharged are entitled to $1000 tax exemption, the same as provided for ex-service men, Atty.-Gen. Webb ruled today in an opinion to the State Board of Equalization.

The language of the State constitution is broad enough, Webb held, to include women in the tax-exemption provision.

GUARD OVER WILHELM INCREASED BY DUTCH.

VON BENTINCK CASTLE, FORMER KAISER'S REFUGE, A PRISON FORTRESS.

[BY CABLE AND ASSOCIATED PRESS.]

AMERONGEN, March 17.—Reinforcement of the Dutch guard at Von Bentinck Castle, which, since the Middle Ages, has been protected by moats and drawbridges, has made the former Kaiser's refuge a veritable prison fortress. The castle is situated in a big square. The four sides are posted, while two of them have additional walls. The latter two sides are on the public road, and on the other two sides, which have no walls, are private paths belonging to the Von Bentincks. Constables and military police patrol the roads with loaded rifles night and day.

To the right of the main entrance is a small building in which rest reinforcements. Here sentries are on guard. Besides this main gateway at a distance of 120 yards is another gate, barring an inner driveway to the drawbridge. More sentries are stationed here. Still farther on, where the road bends at another gate there is also a guard. Then, turning to the right, a driveway leads to the terrace on which the castle stands. Police patrol this terrace.

At the rear of the castle there is a garden, then a moat and then a private pathway on the dike, and this is constantly patrolled. Beyond the dike is a meadowland crossed by ditches and hedges, and in the meadow are patrols particularly warned to guard against the landing of airplanes.

Plumber Shought He Needed New Pipes
"My stomach and intestines were always full of gas and I often had severe colic attacks. The pain and soreness caused me to think I needed a new set of pipes. Since taking Mayr's Wonderful Remedy all this has disappeared and my only trouble now is to make enough dough to buy all the food I'd like to eat." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded, at all druggists.—[Advertisement.

Auction! Auctio
$75,000.00 Furniture Auction
This is, Beyond Question, the Finest Furniture Auction Ever Conducted in California.
Friday and Saturday, March 19-20, 9:30
673 S. Serrano Street

In the fashionable Wilshire District. We have sold quite a few pieces such as are contained in this sale, but we have never had a sale where every article in the house represents an artist's master piece. Great care was exercised in making beautiful selections, and no expense spent lavishly in their purchase.

THE ORIENTAL RUGS in themselves represent an investment of $25,000. The Domestic Rugs are all first-class and the finest we have ever offered. PAINTINGS, WATER COLORS AND TAPESTRIES represent a master collection in themselves. THE SILVERWARE AND CUTLERY (300 pieces) is the finest that money could buy. THE CUT GLASS (100 pieces) is the famous Hawkes cut—beautiful and artistic patterns.

$1400.00 Chippendale Dining Room Set
Breakfast and Library Sets Are Among the Finest We Have Ever Sold

BEDROOMS are expensively and artistically furnished. Brass Beds, Twin Beds, Ivory Dressers and Dressing Tables, etc., are simply beautiful and must be seen to be appreciated. Parlor and Living Room Furniture is extra expensive; so are the Ivories, Bronzes, Statues, Clocks, etc. $2000 Seal Coat, $2000 Mink Coat, and a truck full of Fine Furs. Embroideries, Fine Needlework, Imported Laces, Wonderful Cabinet Tables, Upright Piano, $950 Chime Clock, Imported Screens, Fenders and Irons, Cabinet Sewing Machine. Simply impossible to describe this big 2-day sale.

Also NEARLY NEW MITCHELL 5-PASS. AUTOMOBILE.
Auto will be sold Friday, 10 o'clock—Chime Clock and Piano Friday, 11 o'clock.
Refer back to last Sunday Times, which gives about half of what is contained in the big sale.

FLAT TAXES ON GROSS PROFITS.

Secretary Houston Would Change Revenue Method.

Income-Excess Profits Taxes Same Until 1922.

Loss Twenty-five Millons from Stock Dividends.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 17.—Income and excess profits taxes cannot be reduced until after 1922, Secretary Houston today wrote the House Ways and Means Committee, urging an immediate simplification of these taxes and substitution of a flat tax on gross profits instead of the graduated rates of 20 and 40 per cent.

Only very moderate reductions may be made in the calendar year of 1922, collected in 1923, the Secretary wrote. Under the plan of a flat tax, the letter stated, "it would be possible to adopt a declining rate, say of 25 per cent. for the first year in which the change is in operation, 20 per cent. for the second year and 15 per cent. thereafter."

Unless action is taken at the present session of Congress, Mr. Houston said, existing taxes "must continue to be collected on the basis of the present law until the close of the calendar year 1922." Such a condition, he wrote, "is contemplated with the gravest apprehension."

Immediate losses to the government under the Supreme Court decision that stock dividends are not taxable will approximate $105,000,000, the letter stated. Mr. Houston added, however, that the ultimate loss would be only $25,000,000, as much of the original loss would be regained through the sale of stocks and subsequent taxes on them. The Secretary estimated that $35,000,000 collected in 1918 would have to be refunded, and $70,000,000 would be lost on 1919 taxes.

GIVES IMMEDIATE LOSSES.

Aggregate losses for 1918 and 1919 under exemption to personal service corporations will approximate $12,000,000, involving 2500 corporations, the Secretary wrote, adding that the need for immediate legislation to meet this situation arose "not so much from the loss of revenue, but from the obvious undesirability of permitting 2500 corporations and their stockholders to escape the taxes upon the corporations and those imposed upon individuals."

Chairman Fordney, of the House Ways and Means Committee, commenting on Secretary Houston's suggestion for a flat tax to supplant the present graduated system, said the repeal of the $2000 exemption granted under present income laws and the creation of a flat tax on all profits and incomes would result in lowering the average tax from 22 per cent. to approximately 17 per cent.

"Present taxes are based on the disposition of profits," he said, "while under the proposed flat tax there would be a straight assessment regardless of the disposition of the taxable amounts."

OTHER RECOMMENDATIONS.

Other recommendations included: Extension to all income and profit tax laws of the five-year limitation contained only in the 1918 law, on the time for bringing suits for collection of taxes.

Consolidation of the varying exemptions on the Liberty Bond issues so as to strengthen the market standing of those securities.

Extraordinary income as compensation from personal service and gains from sales or dealings in property for a period of years be deemed to have accrued or been received ratably during the years in which the service was rendered or the property held, and the amount of extraordinary income so assigned to any one year be subjected to the surtax rates prescribed by law for that year.

ADVERTISING MAN'S WIFE WINS DIVORCE.

Mrs. Hazel Calder van Nostrand, wife of Ernest H. van Nostrand, an advertising man and publisher of the Los Angeles Athletic Club magazine, was granted a divorce by Judge Taft yesterday and awarded an allowance of $100 a month for one year. The ground was desertion.

SUFFRAGE FOES CEDE DELAWARE

Hope to Prevent Ratification Abandoned.

Influence of Hays on G.O.P. in State Feared.

Pressure of Administration also Considered.

BY T. F. HEALEY.

[EXCLUSIVE DISPATCH.]

WILMINGTON (Del.) March 17.—Representatives of the National Association Opposed to Equal Suffrage virtually have abandoned hope of preventing ratification of the national suffrage amendment in this State. That is grudgingly conceded. They fear the tremendous influence of Will H. Hays, chairman of the Republican National Committee, on Republican leaders here and the pressure on the Democrats from members of the Wilson administration.

The anti's have "counted noses" in the House and Senate. On paper they easily can demonstrate the defeat of the amendment. They have imported the most skillful of their lobbyists and are bending all their efforts toward promoting a revolt from the leaders of the parties. But they are thoroughly lacking in confidence.

FIGHT PURELY POLITICAL.

The anti's know that both great political parties look to Delaware to ratify the amendment and that the cards are stacked against them. They realize that the fight here is purely political; that it is not a suffrage and anti-suffrage battle as such. It is a contest between the Republican and Democratic parties for the prestige of putting over the thirty-sixth State in the Union with none of the leaders of either party willing to be responsible for its defeat.

The national woman's party has ceased its propaganda work. It is not at all interested in meetings and demonstrations. Its officers are devoting all of their time to the business of keeping the leaders of the Republican party in line. These women are not soliciting votes from the members of the Delaware House and Senate. They are keeping the issue clearly before Mr. Hays and T. Coleman Dupont, Delaware's representative in the Republican National Committee.

Mrs. Florence Bayard Hilles, head of the Woman's party in Delaware, has received assurances from Mr. Dupont that the "situation respecting the amendment is satisfactory." She has received similar assurances from Mr. Hays. The leaders of the Democratic State organization who have been urged to aid the amendment by officials of the administration say the measure will be ratified.

G.O.P. WILL RATIFY.

Henry P. Isaacs, chairman of the Democratic State Committee, said today the Republican majority in the Legislature would ratify the amendment.

It was to Mr. Isaacs that Secretary Baker, Secretary Daniels, Secretary Houston and Atty.-Gen. Palmer sent letters urging ratification of the amendment. These letters are strictly political.

The antis have so little confidence in their cause that already they are preparing to fight the legality of the amendment after it is ratified. They look to the contest in Ohio as a means of forcing the suffragists to make a drive for ratification in another State. If the Ohio case is decided favorably to suffrage and the women actually vote in the Presidential election, the antis say they will engage the foremost legal authorities in the nation in an effort to throw the Presidential election into the courts.

The antis are jubilant today over the outcome of the meeting of Sussex county electors at Georgetown yesterday. The almost unanimous negative vote recorded against suffrage was even more than they had expected. They profess to see in the protests of the farmers an edict which their representatives in the Assembly cannot afford to ignore.

VICTORY FOR BOTH.

Mrs. Hilles, however, asserts the meeting at Georgetown did not change the political aspect of the suffrage question in the slightest degree. She considered the gathering of so little importance in its bearing on suffrage that she did not attend it. But she and other members of the party saw a distinct moral victory in Sussex. The fact that members of the Legislature prevented the Republican leaders of the county from shutting off all discussion of the question was hailed as a blow at the antis.

Two mass meetings will be held this week, one in the interest of suffrage, the other opposed to it. William G. McAdoo and Mrs. Carrie Chapman Catt are scheduled to speak tomorrow night at the suffrage meeting in the Du Pont Hotel. The anti-suffrage meeting will be held Friday night. The antis announce a long list of speakers, most of them residents of other States. Miss Mary G. Kilbreth, president of the National Association Opposed to Suffrage, will be the chief speaker. Another will be William L. Marbury, former United States District Attorney of Maryland. Miss Charlotte Rowe, who has fought the amendment in Pennsylvania, West Virginia and other States, also will speak.

GOVERNOR CONFIDENT.

Gov. Townsend is confident the amendment will be ratified. He has so informed Mrs. Hilles. The Governor is daily receiving messages from labor and agricultural organizations throughout the country, urging ratification in Delaware.

Suffragists in Washington heard today that the vote in favor of the amendment in the Senate probably would be increased by two. It is understood Senator Brown of Sussex county has decided to support the bill, and, through the influence of United States Senator Ball, it is believed Senator Highfield, who was elected to the Senate last week, will also support it.

SUICIDE TO ESCAPE LAW?

Accused Widow's Coat Found on Pier; Notes Say She Intended to End Life.

To escape from the outstretched fingers of the law, Mrs. Gertrude Moran, a young widow, who was to face trial in the Superior Court today on a statutory charge, is believed by Detective Sergeants Bean and Smith to have ended her life by jumping off the end of the Venice pier early yesterday morning. Her sealskin coat was found on the pier by two residents of Ocean Park, and the detectives' investigation showed that she had left her room in an apartment-house at 1229½ South Figueroa street late Tuesday night, after writing letters to two women friends in which she stated that she intended to drown herself in the ocean. Today the police will drag the waters at the end of the pier in an effort to locate her body.

The sealskin coat was found by Frank Boliere and John Diamond of the Edmond Hotel, Ocean Park, yesterday morning. In the pocket of the coat was found a card bearing the name Gertrude Moran and the Figueroa-street address. The police were notified and Detectives Bean and Smith went to the apartment-house.

There they found two notes, one addressed to Mrs. Louise Kilty of the Cameron Apartments, Pico and Figueroa streets, and the other to "Court," who was later learned to be Cort Ruth. In the letters Mrs. Moran bitterly complained that she had been the victim of a "frame-up" by girls she had befriended. The detectives declared that this evidently referred to the fact that several girls whom Mrs. Moran knew were to be witnesses against her in court. She was charged with having induced them to lead an immoral life. Mrs. Moran wrote that she was tired of life and intended to commit suicide by jumping into the ocean.

SCIENCE ALLY OF OLIVE MEN.

Great Chemists Employed to Insure Utmost Purity.

State Packers Confer Here on Recent Poisoning.

All Goods Under Suspicion will be Withdrawn.

That more than twenty of the greatest food chemists in the country are now conducting a sweeping investigation into the circumstances which resulted in the recent cases of olive poisoning in Michigan, Ohio, Montana and New York, and that any recommendations from them covering changes in the ripe-olive preserving process will be observed by the entire industry was the statement given out here last night at the conclusion of an all-day meeting of olive growers and packers from all parts of California.

The olive men met at the Athletic Club and were addressed by such authorities as Frank E. Gorrell, secretary of the National Canners' Association; Dr. R. W. Hills of the United States bureau of chemistry, and Dr. E. J. Lea, director of the State Board of Health. It was brought out that approximately 180,000,000 packages of ripe olives from this State have been consumed within the last twenty years, and that no question as to the purity of the product was raised until a few months ago.

J. J. Hoey, secretary of the California Olive Association, said in part: "We consider it unfair to the consumer that so much that has been published concerning these cases has been written in such a way as to give the people the impression that olives are particularly susceptible to bacterial growth of a destructive nature. Such is absolutely not the case, for the ripe olive is not exceeded in purity by any fruit produced.

"Olive canners, acting in co-operation with Federal and State food authorities, and the most eminent chemists in the United States, are exercising every precaution to prevent the recurrence of any similar cases of spoilage hereafter, and have taken steps to withdraw from the market any of the few lots of goods that have come under suspicion."

OLIVES SEIZED.

[EXCLUSIVE DISPATCH.]

NEW ORLEANS, March 17.—United States marshals today seized a large consignment of olives alleged by Joseph Dresner, special U. S. Attorney, to contain 5627 pounds of brine. The consignment consists of 101 barrels containing thirty gallons each and ninety-five kegs containing sixteen gallons each shipped by Sam Streva of Los Angeles, Cal., over the Southern Pacific. Date of shipment was January 21, according to the information filed by Attorney Dresner.

In his information Mr. Dresner charges that the packages of olives were misbranded and that weight was not correctly stated. Investigation of contents will be made by scientific experts, following which decision will be rendered by the United States court.

Mr. Streva, a produce man residing at 1358 Channing street, could not be reached last night, but J. J. Hoey, secretary of the California Olive Association, expressed the opinion that the New Orleans authorities are making much ado about nothing.

"The New Orleans dispatch, in its reference to brine, convinces me that the olives in question are green olives, which were shipped in kegs and barrels, from here, to be reprocessed by some Sicilian or Greek process. This is frequently done. As for brine, in large or small quantity, it is as much a part of successful shipment of green olives as brine is a necessary part of a dill pickle pack. The fact that the olives were mismarked indicates nothing, so far as I can see. Most any kind of shipment is likely to be incorrectly consigned by inexperienced shipping clerks."

Tonight! Take Dodson's Liver Tone! Better Than Calomel For Liver
Calomel sickens! If bilious, constipated and headachy read my guarantee.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just take a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful tonight, and if it doesn't straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.—[Advertisement.

Notice

This note is addressed to the thousands of people who received potted shamrocks at the Hibernian Bank on Wednesday.

Take the plant out of the small pot at once. Replant in a hanging basket, yard or larger pot. Give it good soil and lots of water.

The plant will remain green the first year. The second year the leaves will have a band of bronze purple. After the third year the plant will be all bronze purple.

The plants are grown from genuine shamrock seed imported from Ireland. In Ireland it always remains green. In Los Angeles it changes as stated.

You have gone to the trouble to get the plant. We are taking pains to tell you this so that you will not let it die quickly for lack of soil and water.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur it Darkens So Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular, because nobody can discover it has been applied. Simply moisten your comb or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive.—[Advertisement.

DRS. SHORES & SHORES
THE RELIABLE SPECIALISTS FOR

Our Specialties: Catarrh, Deafness, Ozena, Head Noises, Asthma, Hay Fever, Rheumatism, Bright's Disease, Diabetes, Insomnia, Piles, Goitre, Consumption, Epilepsy, Eczema and other Chronic Diseases of the Nerves, Skin, Blood, Stomach, Bowels, Heart, Lungs, Bladder, Kidneys and Liver. Driven Wild by Eczema

"The leg was like a piece of liver from the knee to the ankle and burned continually," writes E. Hemm of Venice, California.

"From the first application, D. D. D. stopped the itching, and after using three bottles the trouble disappeared and it never came back."

The proof of the pudding is in the eating. When a prescription for skin disease has letters calling of cures from every part of the United States, surely it is enough to convince the most skeptical. D. D. D. relieves itching torment immediately. Just try one bottle on our money-back guarantee. 35c, 60c and $1.20. Try D. D. D. Soap, 25c.

THE Lotion for Skin Disease
THE OWL DRUG COMPANY.

Be Slender

The true way to become slender, agile, healthy is now yours. See the picture; the shadows are to give you hints of size before reduction of weight. No need of starving yourself or tedious exercises. No dosing with salts, etc.; just thyroid, as the doctor prescribes, in the simple, safe tablet form, and reduce 10 to 45 pounds. Whatever you need to make you look your best and feel your best. Absolutely safe guarantee. Bath, reliable, recommended by physicians. Add to your capability and charm. Amaze all who know you. Become lighter in step, younger in appearance, attractive, gain in health, add years to your life! Recommended by physicians. Ask for "OIL OF KOREIN" at any drug store. Accept no substitute. It comes in 1 oz. with guarantee. Or write for free booklet to KOREIN CO., Station F, New York City

Eyes Inflamed?

If your eyes are inflamed, weak, tired or overworked; if they ache; if picture shows make them feel dry and strained, get a bottle of Bon-Opto tablets from your druggist, dissolve one in a fourth of a glass of water and use as an eye bath from two to four times a day. Bon-Opto allays inflammation, invigorates, tones up the eyes.

Note: Doctors say Bon-Opto strengthens eye sight 50% in a week's time in many instances

ORPHEUM CIRCUIT, Inc.

The Board of Directors has this day declared—an initial dividend of Fifty Cents (50c) a share on the outstanding Common Stock of this Company, and the first quarterly dividend of Two Per Cent. (2%) on the outstanding Preferred Stock, both dividends payable April 1, 1920, to stockholders of record at the close of business on March 15, 1920. Checks will be mailed.

Stock Transfer Books will close on March 15, 1920, at the close of business on that day, and will reopen at 10 o'clock A.M., April 2, 1920.

BENJAMIN B. KAHANE, Asst. Sec.
New York, March 1, 1920.

Many School Children are Sickly

They break up Colds, Relieve Feverishness, Constipation, Teething Disorders, Headache and Stomach Troubles. Used by mothers for over 30 years. THESE POWDERS GIVE SATISFACTION. All Drug Stores. Don't accept any substitute.—[Advertisement.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment is a Brisk Purgative with Calotabs, the Purified and Refined Calomel Tablets that are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablet called Calotabs, and which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bedtime, with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—[Advertisement.

DANGEROUS GERMS MAKE TAROAT SORE

Destroy them with Formamint Tablets before they invade the system.

A Formamint Tablet dissolved in the mouth every two hours or so will keep the mouth and throat practically germ-proof. For Formamint Tablets are powerfully germicidal, though harmless. They are refreshing, soothing, pleasant tasting.

Don't wait for a sore throat to heal unaided. Don't resort to obnoxious gargles that can't bathe every part of the mouth and throat. Use Formamint Tablets and destroy the disease germs. Use them especially in crowded places. Helpful for singers, smokers, speakers, etc. 60c, all druggists.

Formamint

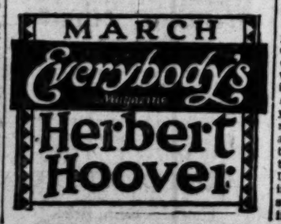
OLD CLOTHES DYED
MAKE NEW GARMENTS
"Diamond Dyes" Turn Faded, Shabby Apparel into New

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

The Direction Book with each package tells so plainly how to diamond dye over any color that you cannot make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.—[Advertisement.



UNIQUE TRAP TO CATCH HUSBAND

Wife Hangs Pans from Wires Stretched in the Yard.

Contraption Devised to End Sleuthing in the Home.

But There was Another Man; Maintenance Suit Fails.

Blauson avenue was very much interested in the separate maintenance suit of Mrs. Katherine Zilig Laughlin against Guy J. Laughlin, tried by Judge Crail yesterday. The result was disappointing to those who favored the wife, and brought a thrill to the men.

Mrs. Laughlin charged her husband with cruelty, desertion and nonsupport. The testimony developed the fact that a man named John Fleming called at the house to see Mrs. Laughlin, danced with her and sometimes had dinner with the family.

Mr. Laughlin objected to what he called Mr. Fleming's attentions to Mrs. Laughlin, but it is said that Mrs. Laughlin did not stop associating with Mr. Fleming.

"I did not like him," said Mr. Laughlin," he was wrecking our home. I wanted my wife to leave him alone."

Mr. Fleming said he stopped at the Laughlin house on his way to work and visited with Mrs. Laughlin, but always talked over the fence. He admitted he had danced with her and met her out.

Mrs. Laughlin, suspecting that her husband was shadowing her, contrived a trap in the yard. She stretched wires, the evidence showed, and suspended on it tin pans and tin tubs which would fall and create a racket if the wires were run into.

Judge Crail, in denying Mrs. Laughlin separate maintenance, said one rule is enforced in the court: If a woman complains that her husband is going with other women, the husband should leave them alone. If he persists, he is to blame if the home is wrecked.

"I see no reason for not enforcing this rule as to a woman who persists in associating with another man when her husband objects," he said.

LOS ANGELES TO GET BIGGER FORD FACTORY.

WILL BUILD ALL BODIES FOR COAST HERE, SAYS GRAVES AT CONVENTION.

That Ford automobile bodies for the entire Coast trade will be built within a short time at the Los Angeles plant, and that the Ford business in this district has increased from $500,000 in 1912 to $4,000,000 for the last year, was the declaration of B. L. Graves, manager of the local Ford branch, yesterday afternoon, following a luncheon that marked the opening of the annual convention of Ford dealers of Southern California, Arizona and Southern Nevada. More than 175 dealers were in attendance.

The Ford plant at San Francisco will soon be building all the chassis to be used in Ford cars sold on the Pacific Coast, Mr. Lund, manager of that plant, announced at the convention.

Mr. Brownell, advertising manager for the Ford Motor Company, said that the company would build 1,500,000 cars during the coming year, if nothing unforeseen happens. He said that if the manufacture of cars were discontinued entirely the company could pay an 8 per cent. annual dividend on its stock by operating the parts business alone. He pointed to the work in the Ford plant on the Liberty motor cylinder where the cost was reduced from $28 to $8 per cylinder. He said that during the war the Ford plant manufactured all the cylinders and bearings for the Liberty motor.

The convention will meet this morning at the showroom of the William L. Hughson Company, where talks will be given on tractor farming. The Ford company manufactures one-third of the tractors used in the United States, officials of the company say. The convention delegates will be guests of the Hughson company at a luncheon today at the Athletic Club.

ATTACHMENT LEVIED ON CASH OF CIRCUS.

A scene in the real life of a circus was enacted yesterday at Praeger Park when Deputy Sheriffs Gilman and Hotchkiss descended upon the box office of the Al G. Barnes Amusement Company to levy an attachment on the circus for a judgment of the Industrial Accident Commission in favor of Josephine D. Watson.

The plaintiff in the action was a bareback rider in March, 1919, and was injured. She obtained a judgment of $17.91 a week until a settlement was reached. The total to date amounted to $956.91 and Sheriff's costs, which was settled with William M. Morse, Jr., the woman's attorney, and the officers left the circus grounds.

STUDIES OUR METHODS.

British Columbia Merchant Comes Here for Pointers.

"Getting pointers on business," is the way G. H. W. Ashwell, president of the National Biscuit Company, at Vancouver, B. C., and owner of a large department store at Chilliwack, on the Fraser River, describes the object of his visit to Los Angeles. He spent considerable time yesterday at the wholesale terminal quarter. He says that Los Angeles ought to be more thoroughly advertised up north. "I never dreamed it was so large," he remarked. Mr. Ashwell has been on the Coast forty years and in that time has seen remarkable growth in cities, but the advance Los Angeles has made astonished him. The price of potatoes also astonished him. "When I left Chilliwack potatoes were selling at $65 a ton and that was considered high, here I find them selling at $130 a ton," he said.

HOLLYWOOD—
For Sale, Exchange, Wanted, To Let.

FOR SALE—SPECIAL. IF YOU CANNOT FIND the house that you are looking for, let me build you one.
I have six lots left in the Laurel Heights Tract, corner Sunset blvd. and Laurel ave., 75x150 each, on which I will build you a house to suit you want it. If you will buy the lot I will furnish the money to build, either on a contract price or on a percentage basis, and will guarantee to give you possession within four months. House not to cost less than $10,000.
Have built and sold ten houses in this tract during the year, and would respectively ask you to look at them, and see the class of buildings I am putting up.
This property is the most desirable homesite in Southern California. Right in the foothills, overlooking the city and ocean. If you can wait four months to get a home that you want, it will pay you to investigate my plan before buying elsewhere. I can buy building material right, and can get it delivered.
Have just about finished a beautiful 9-room house, located at the corner of Sunset and Laurel ave. Buy this home place or let me build for you from your own plans.
LOUIS F. BENTON, Builder of High Class Homes, 1509 Laurel ave. Phone 577205.

FOR SALE—
$11,000—INCOME PROPERTY.
Two double houses on one large lot, one 5 rooms each side, one 3 rooms each side. Furnished, and are renting for $180 per month. Could be increased to $210 per month. An income of $2520 on $11,000. See MR. GLASSELL.

$12,000—Elegant home on corner lot, highly improved and in best part of Hollywood. Ten large rooms, 5 bedrooms, basement with furnace, large attic. Oak finish. Oak floors in every room in the house. A home of high class at a low figure. The house could not be duplicated today for less than $18,000.
See MR. GLASSELL.

$3200 INCOME PROPERTY.

This lot represents a far greater value than the price asked, as it is admirably situated for flat or apartment building, bungalow court. It is the kind of property that far-sighted investors like. Located on Van Ness between Pico and Eighth, paved street, carlines, and surrounded by beautiful homes. As a source of income paying a high rate of interest, a flat, bungalow court or apartment-house can't be equaled and this is an ideal location for either. See me about it today, tomorrow may be too late. Liberal terms.

Classified Liners

REAL ESTATE—For Exchange.

Business Property.

FOR EXCHANGE—$65,000. CITY STORE PROPERTY for Middle West business improved. Kansas City, Mo., South preferred. MR. FIELD, Hotel Lamm, Los Angeles.

Income Property.

FOR EXCHANGE—BUSINESS INCOME.

Large 60-foot corner on South Main street, improved with a brick building fronting on Main street, all store rooms rented and paying a good income on the entire investment. On the rear of the lot fronting the side street there is a fine 6-room bungalow with every convenience known to modern times. Between the store building and bungalow there is a large cement court with a fine garage in the rear. The bungalow would be a credit to the Wilshire district and would make a fine home, and the store is a good income from the store building. The ground alone is worth $1150 per front foot, and you could not place the improvements on this corner for $18,500 TAKES THIS CORNER.

Will consider improved acre home place, (prefer Ramona Acres), up to $8500 and the balance can run at 6 per cent. interest. "OWNER ONLY."

WE BUY. WE SELL. WE OPTION.

RIPLEY & HUFF,
Exclusive Agents,
Ground Floor 6 Grand ave. 64182.

TOO LATE— To Classify.

The hour for closing the columns of the Times "Liner" section is 8 o'clock p.m. Occasionally, however, desirable ads occur in commercial and domestic affairs which make it necessary to insert quick and effective publicity. Therefore, the "Too Late to Classify" column often offers genuine bargains and more money-making opportunities than are ever written of in the Times.

FOR SALE—TOHOBURBRED 1,250-LB. FRESH nut mare, heavy with foal. 846 S. SAN PEDRO.

DRIVES BURNING TANK AWAY FROM BUILDING.

OIL COMPANY EMPLOYEE, BY HEROIC ACTION, CUTS EXPLOSION LOSS.

But for the presence of mind and courage of R. R. Andrew, a driver of a Standard Oil Company's automobile oil tank, a serious accident, entailing much property damage and possible loss of life, would have occurred yesterday afternoon, when the automobile tank exploded on Colorado boulevard, Eagle Rock.

The truck tank was backed up to the Eagle Rock garage, and gasoline was being pumped into the garage tank from the automobile, when the driver and the man operating the garage noticed a small fire was crawling along the gutter, toward the large stream of oil coming from the tank. Mr. Andrew jumped to the driver's seat and drove to the center of the street, reaching it just as the flames got to the gasoline in the tank. The auto was afire in a second, and the driver just had time to jump from the automobile before it exploded.

The tank truck was totally destroyed, and an automobile owned by W. A. Feaster, which was standing near the garage, was burned. Several windows in the two-story Foster Building, opposite the garage, were broken, but there was no other damage. No one was injured.

A fire alarm was sent in and the Eagle Rock department responded. The new chemical engine of the Glendale department also was sent to the scene of the accident, and was used in extinguishing the burning oil in the street.

BANDIT HUNT FAILS.

Officers Search in Vain for Mexican Accused by Child.

Although police officers searched for miles about the home of Josephine Morrillo, 10 years of age, of 1113 Lomita drive, who was attacked by an unidentified Mexican near her residence early yesterday, they were unable to find any traces of the little girl's assailant.

The Mexican, according to the child, attempted to drag her behind a billboard near her home while she was on her way to a grocery store. A boy armed with a club drove the Mexican away, according to the girl's story.

FOR ARMY THEFTS.

Private from March Field is Arrested at the Beach.

Charged with having had a part in the theft of about $10,000 worth of airplane parts from March Field, Carson Shannon, a private soldier, was taken into custody yesterday by the Los Angeles police in Long Beach. The arresting officers recovered a quantity of loot and turned the prisoner over to the army authorities.

Shannon's arrest came as a result of that of Privates Johnston and Hunt several days ago, shortly after the theft of the airplane parts became known.

Stanton Post, G.A.R., will hold an open meeting, tomorrow evening, in Patriotic Hall. Members of Troop D will be the guest of the post. The several consuls of the European countries have been invited, as have also American Legion officials and commanders of American troops in France, who are now residing here. Judge Willis will make the principal address.

Pipe Band to Dance.
The Los Angeles Scottish Pipe Band will give the following programme at its annual concert entertainment and dance tomorrow evening in Blanchard Hall: At the piano, Billie Carleek; violin, John Scott; Scottish songs, Ethel Gerber, Robert Merkle, L. Hoelel; English folk dances, Jeanie Gordon, Jessie Smellie, Doris Snowden, R. L. Lowe, James George; band selections; address by W. M. Kirk, president of the organization.

CHIEF IS INDICTED.

Vernon Police Official Accused of Assaulting Salesman.

Chief of Police Harris of Vernon was indicted yesterday by the county grand jury on two counts, the charges growing out of an attack upon Thomas A. Donahue, salesman for a local automobile supply company.

The indictment charges that last January 16, the day before national prohibition went into effect, Harris, "under the color of authority and without lawful necessity, assaulted and beat Mr. Donahue.

The second count charges that Chief Harris assaulted Donahue, kicked him and beat him with a pair of metal handcuffs, with intent to commit bodily harm.

Harris appeared and furnished bail of $1500, as set by Judge Willis, before whom the indictment was returned.

THE WEATHER.
[Official Report.]

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, March 17.—[Reported by H. B. Hersey, Meteorologist.] At 5 o'clock a.m. the barometer registered 29.91; at 5 p.m., 30.05. Thermometer for the corresponding hours showed 45 deg. and 56 deg. Relative humidity, 5 a.m., 91 per cent.; 5 p.m., 55 per cent. Wind, 5 a.m., northwest, velocity 6 miles; 5 p.m., southwest, velocity 9 miles. Highest temperature, 59 deg.; lowest, 45 deg. Rainfall for season, 8.97 inches; last season to date, 7.68 inches. Barometer reduced to sea level.

WEATHER CONDITIONS.—Rain has fallen during the past twenty-four hours in the North Atlantic States, but fair weather prevails generally this morning from the Rocky Mountains to the Atlantic Coast. General rains have fallen over California, with snow in the Sierras and eastward over Nevada and Utah. The rain was light in the Sacramento and San Joaquin valleys, but heavier at most Southern California points. The heaviest reported was 1.32 inches at Pomona. Fair weather is expected in this vicinity Thursday.

UPPER AIR DATA.—The wind velocity was less than 10 miles per hour at all levels up to 4500 feet; elevation yesterday morning. It was 10 miles at 5200 feet and increased gradually up to 8200, where the maximum of 17 miles per hour was reached. The direction was variable up to about 3000 feet, and was west-northwest from that level to the limit of observation at 9800 feet.

SUN, MOON AND TIDES.—(Pacific Time:) Los Angeles, March 18, sun rises 5:30 a.m.; sets, 6:06 p.m. Moon rises March 18, 4:40 a.m.; sets, 4:37 p.m. Los Angeles Harbor, March 18, high tide, 7:54 a.m. and 9:30 p.m.; low tide, 1:39 a.m. and 2:24 p.m.

ORCHARD REPORTS.—Minimum and maximum temperatures from the orchards reported yesterday to the Los Angeles office of the U. S. Weather Bureau were as follows:

Station—	Max.	Min.
Bonita	64	50
Corona	58	45
El Cajon	58	47
Escondido	58	47
Pasadena	51	36
Pomona	52	35
Redlands	56	43
Riverside	59	44
Santa Barbara	58	40
San Bernardino	55	43

FIRST FOOD DRAFTS.

Sixty Dollars Sent in Unique Fashion to Poland.

The first food drafts from Los Angeles to hungry Poland were sent yesterday by Mrs. Carrie S. Green, financial secretary for the local Polish Food Draft Relief, in the shape of six drafts for $10 each, consigned to Hugh Gibson, American Minister to Poland, at Warsaw. The money was given by Miss Elizabeth N. Pepper, who donated #$50, and T. B. Hazard, $10.

Appropriately, Mr. Gibson is a Los Angeles man, the son of Mrs. Frank A. Gibson. Other food drafts are to follow shortly, according to the committee's plans. The local chairman is Mrs. Willoughby Rodman.

TWO BIG HOTEL DEALS CLOSED.

Moore Syndicate Buys Fine Location in Pasadena.

Altadena Club Sold to Body Allied to Hostleries.

New Caravansary, Extra Golf Courses wlil be Built.

Two transactions of enormous importance to the further development of Pasadena as a surpassing tourist hotel center were consummated yesterday. The Altadena Country Club was sold to a new organization backed by the California Hotel Company. And sale of the Carmelita property at Orange Grove avenue and Colorado street to the Moore hotel syndicate was completed. At the same time, it was announced that a big tourist hostlery will be built on this latter property at once.

J. B. Coulston, president of the California Hotel Company and of the Altadena Country Club, announced plans for enlarging the club plant to provide for two eighteen-hole golf courses and stated that the improvement work will begin as soon as the legal details of the change of ownership can be disposed of.

In the Carmelita hotel deal, it was announced by Charles E. W. Moore, head of the Pasadena syndicate that is back of the enterprise, the thirteen-acre private park at the northeast corner of Orange Grove avenue and Colorado street was purchased from Mrs. Ogden M. Edwards and Mrs. A. K. Macomber, daughters of the late L. Y. Harkness, Standard Oil magnate, who bought the property for a residence, but never occupied it. The purchase price was not made known. The syndicate had an option on this property and on one in Altadena.

The new hostelry will be called the Carmelita Hotel. It will consist of a central building, containing lounging rooms, lobby, dining-rooms, sun parlors and specialty shops, and of forty bungalows, all of architectural beauty. The present gardens and lawns on the premises will be retained and further beautified. Work is to start next week.

LARGE CAPITAL.

The Carmelita company will be capitalized for $2,000,000. Mr. Moore will be the president and general manager; former U. S. Senator Frank P. Flint, vice-president; J. B. Coulston, secretary and treasurer, and these three, with Otto M. Mears, A. M. Andrews and Stephen W. Royce, all of Pasadena, will be directors.

Mr. Moore, Senator Flint and Mr. Royce were interested with D. M. Linnard in the Linnard hotel chain. Mr. Coulston and Mr. Andrews a few months ago bought a controlling interest in the Maryland, Green and Huntington hotels in Pasadena, from Mr. Linnard.

The important part that golf plays in the hotel life of Pasadena is reflected in the two deals. The Carmelita Hotel will have a close alliance with the new Flintridge Country Club, now being built, while the sale of the Altadena Club to the California Hotel Company interests will provide golfing facilities for the guests at the Maryland, Huntington and Green.

It is learned that a number of winter guests are interested with the California Hotel Company in the new plans for the Altadena Country Club.

FORTUNE FOR GRASS.

The successor to the Altadena Club will spend $100,000 in making grass fairways and greens, both for the new course and for the present eighteen-hole course. In addition, a new ballroom will be built at the clubhouse, and locker room on the ground floor. The present ballroom will be used as a dining-room and the present club kitchens will be enlarged.

Mr. Coulston said that no expense would be spared by the new backers of the Altadena Club to make it, both as to the links and the clubhouse appointments, the equal of the best clubs in America.

Terms of the sale of the Altadena Club have not been given out. A comparatively few members of the club owned the property shares. It is stated that the vote to dispose of the club was unanimous. Old members may continue their memberships for two years and then become members of the successor club under favorable terms, it is stated. The name the club will bear, when it is taken over by the hotel men and their friends, has not been chosen.

George O'Neil, professional at the South Shore Country Club, Chicago, and J. A. Croake, professional at the Exmoor Club, Chicago, who are now in Pasadena, will lay out the new golf course.

NARROWS TO THREE.

Selection of New City Engineer Scheduled for This Week.

At yesterday's session the Board of Public Works gave further consideration to the matter of appointing a City Engineer to fill the vacancy created by the death of A. C. Hansen. After discussion the members of the board adjourned to the Mayor's office and conferred with Mayor Snyder. It is believed that definite action will be taken during the present week.

It is understood that the consideration of the board has settled down on three men, any one of whom may be the choice. These men are understood to be J. J. Jessup, formerly City Engineer of Berkeley; S. A. Jubb, former assistant harbor engineer here, and now engaged on harbor plans for Stockton, and J. B. Lippincott, formerly assistant engineer on the Los Angeles aqueduct.

While the Board of Public Works has strong recommendations of Mr. Jessup for the position of City Engineer of Los Angeles, he has filed no application himself for the place and the board does not know that he would accept the position at the present salary of $5000 a year.

ROBINSON LAUDS HOOVER RECORD

Financier Home After Coal Commission Hearings.

Says Administrator is "Man You Want to Watch."

Predicts Enormous Shipping Growth at this Port.

With the work of his last government assignment, as a member of the Federal Coal Commission, apparently concluded, Henry M. Robinson, lawyer, statesman and financier, returned to Los Angeles last night to devote his time and talents to the interests of Southern California, as president of the First National Bank and the Los Angeles Trust and Savings Bank, and in other capacities.

Mr. Robinson brought back with him from Washington the findings of the Coal Commission in the settlement of the big disputes in that industry, which tied things up in the East last winter; also the conviction that American shipping is to increase on the high seas through private ownership of ocean carriers, and that there will be great growth in shipping from Los Angeles Harbor and other Pacific ports. When asked what political comment he had heard in the East, he observed:

"Herbert Hoover is the man you want to watch. Seldom has there been a man with as fine a record of achievements. He is a man of unquestioned ability."

HARDING ALSO.

Mr. Robinson said he had frequently heard Mr. Hoover's name mentioned in connection with the Republican nomination for President. Of other candidates, he said, he heard Gov. Harding of Ohio mentioned more frequently than Gen. Wood.

Though Mr. Robinson, of course, knows the conclusions of the Federal Coal Commission, he was silent on the subject. Two findings, or awards were made — a majority report, to which Mr. Robinson subscribed, and a minority report, submitted by John P. White, the mine workers' representative. Both are before the President, and Mr. Robinson will not discuss the text of them until they are given out from the White House.

Asked if the majority report or findings would become the report of the commission, and thus determine the final settlement of the coal disputes, Mr. Robinson replied:

"It is my understanding that when a commission makes an award in which the interest of the public is involved, a majority award, or report, constitutes the award of the commission."

Mr. Robinson was appointed to the coal commission as the representative of the public. He believes his work on that commission is now through. Moreover, he is all through with his work with the U. S. Shipping Board, being no longer a member, and with the other governmental tasks which have kept him away from home as a "dollar-a-year" man for three years.

However, Mr. Robinson is the head of the American Bankers' Association committee on shipping and thus retains close touch with merchant marine matters.

"There are going to be more big American shipping concerns," said Mr. Robinson. "The American people, including the bankers, are investigating the subject. There is going to be a big increase in shipping on the Pacific Coast. Localities and industries are going to acquire or engage ships to see that their products are carried by the most direct route and with dispatch. The great country back of the port of Los Angeles is going to develop into a big shipper out of Los Angeles Harbor."

Mr. Robinson said the government could not successfully operate ships and that he heartily favors private ownership and operation of the mercantile fleet under the American flag.

There has been misconception, he said, about the sale of ships. Vessels like the Imperator were secured by the United States from Germany for the repatriation of American troops. When such ships were no longer needed and were a useless expense to the government they were to be turned back to the Allied Maritime Council for reallocation to the Allied country most needing them.

Of other ships, those which the United States acquired outright from Germany through the war and those which the government built, Mr. Robinson said, he favored the sale to American corporations of the best of the ocean carriers and some of the coastwise vessels. "The law defines an American 'corporation for the Shipping Board, so there need be no alarm on that score," said Mr. Robinson. He added that the International Mercantile Marine, of which there has been some discussion, is strictly an American corporation, organized under the laws of New Jersey.

"I also am in favor," continued Mr. Robinson, "of selling about 300 ships to foreigners. They are ships for which we have no need — not transoceanic carriers, but smaller ships for coastwise routes. For example, during the war we built a great many ships on the Great Lakes. Some of these we can use in the West Indies trade, but the rest, unsuitable for transoceanic use, should be sold abroad for coastwise work. We have too many 7500 and 8800-ton ships; we don't need them all. To the South Americans, for use on the Amazon and La Plata rivers, we should sell some of our wooden ships."

Mr. Robinson will at once enter on his duties as president of the First National Bank and the Los Angeles Trust and Savings Bank.

SOLDIER HONORED.

Maj. Robert Warwick, soldier-actor, was the honor guest last night at the semi-monthly meeting of the Pasadena post of the American Legion. Maj. Warwick, who served on the general staff overseas, talked on his experiences during the war and also gave excerpts from his famous stage plays, among them "The Man of the Hour." He is now a motion picture star with Famous Players-Lasky.

Million-Dollar Flame Link in I.W.W. Campaign.

Burning Plant of Red River Lumber Company and Nicholas Steelink,

Who is on trial here charged with criminal syndicalism. The fire pictures—one showing the plant before and the other after the holocaust—were introduced in evidence in the trial yesterday to prove that I.W.W.-ism fosters criminal syndicalism. The Red River plant is near Weston, Lassen county, and 42,000,000 feet of lumber were lost in the fire, which was traced to the I.W.W.

I.W.W. IS PICTURED AS ACTIVE ALLY OF HUNS.

Guilty of Overt Treason, Government Agent States in Steelink Trial; Sabotage Toll Piled Higher.

The I.W.W. organization not only was pro-German throughout the war, but actually performed innumerable acts to hamper the conduct of hostilities by the United States, George H. Hudson, a special agent of the Department of Justice, testified yesterday in Judge Willis's court in the trial of Nicholas Steelink, a reputed member of the I.W.W. and accused of criminal syndicalism.

Following a clash between Dist.-Atty. Woolwine and J. H. Ryckman of defense counsel over a question asked by Mr. Woolwine as to the pro-Germanism of the I.W.W. throughout the war, Mr. Ryckman asked Mr. Hudson if he had any evidence to back up his statement,

"The proofs are in Washington," said Mr. Hudson. "Besides that, in letters found in the I.W.W. headquarters in Chicago and used in the trial of William D. Haywood, head of the I.W.W., it was shown that the I.W.W. urged its members to oppose the conduct of the war."

Mr. Ryckman asked if it was not a fact that many I.W.W. joined the army; that some even enlisted and won medals.

"There were very few I.W.W. in the army," said the witness. "Some were drafted and if they got any medals it was because things just happened that way."

SABOTAGE IN FORESTS.

The witness then said that Department of Justice agents have reports to Washington showing that the I.W.W. who were forced to work in the spruce forests drove spikes into large blocks of wood, ruining valuable lumber needed in the war. This answer came in response to a question by Mr. Ryckman as to the work of I.W.W. in the spruce forests.

In answer to another question by defense counsel, Mr. Hudson asserted that the I.W.W., who were given credit for fighting forest fires in Idaho, waited until other fire fighters left and then rekindled the fires, which he said were originally started by the I.W.W.

Mr. Hudson gave an inventory of Red literature seized in raids at Fresno on September 5, 1917. He told of visiting a houseboat on the canal at Stockton, called "Dublin Bob's Ark," and owned by Robert Connellan. He said it was the place where plans to burn and destroy were hatched. He also told of receiving the confession of Albert Coutts and John Diamond I.W.W. who have turned State's evidence and will testify in the trials of Steelink and of the thirteen other reputed I.W.W. awaiting trial.

The witness said Coutts confessed that he and another I.W.W. gave up a plan to steal some chickens on the road between Modesto and Stockton in order to "live up to their I.W.W. principles" and burn a rancher's barn, containing about 100 tons of hay. Coutts said the witness, further admitted that he had always carried some cyanide of potassium and lye, the latter to put in the shoes of "scissorbills," or workers who refused to join the I.W.W.

Mr. Hudson said that on September 5, 1918, Diamond told of many fires he had ignited, causing much damage. The man took him to a place near Modesto, said Mr. Hudson, where they found a phosphorous bomb Diamond had hidden. His own figures showed the strength of the I.W.W. at the beginning of the war was 350,000, the witness stated.

TACTICS IN LASSEN.

How sabotage by the I.W.W. caused enormous damage in Lassen county was told by George A. Pratt, a salesman for the Red River Lumber Company at Weston, Cal. He said that on September 17, 1917, fires which were traced to I.W.W. incendiarism broke out in the big lumber plant, causing the burning of 42,000,000 feet of lumber, valued at about $1,000,000. He told of a struggle to fight the fire and how, when the company employees stretched hose, they would no sooner turn their backs than they would find the hose cut in many places. At last, he said, guards with rifles were placed with instructions to shoot anyone caught cutting the hose.

Mr. Pratt testified that the finding of phosphorus bombs and the fact that several I.W.W. were working in the plant just prior to the fires indicated the I.W.W. started them.

On several occasions, he said,

(Continued on Fifth Page.)

UNANIMOUS FOR RIVER CONTROL.

Colorado Basin Delegates in Conference Here.

Pass Strong Resolutions for Action to Congress.

Prepare for General Campaign Through Southwest.

Delegates representing all the irrigated districts in the Colorado River basin south of the Grand Canyon, including Mexico, in conference yesterday at the Chamber of Commerce, voted unanimously to urge Congress to promptly undertake the great enterprise of controlling and conserving the waters of the Colorado River.

The conference was called by the Chamber of Commerce Committee on Reclamation and Colorado River Regulation and was almost continuously in session from 10 o'clock to 4 o'clock. Practically every invitation to attend was accepted and the entire Colorado River district was represented.

The delegates were as a unit in declaring that all interests should get solidly behind the Colorado River project and that the project should be undertaken in its entirety. No single phase of the work, it was agreed, is big enough to stand of itself nor to interfere with the conservation enterprise as a whole.

The delegates agreed to promote organizations and sentiment for the project in their various communities and to continue to work for government action. Assurances were given by representatives of Mexico that Mexican landowners will contribute their quota for river protection and conservation according to acreage.

The resolution unanimously passed at the close of the session as summarizing the attitude of the conferees, is as follows:

RESOLUTION TO CONGRESS.

Whereas, the opportunity for the reclamation of public and private lands both by prevention of floods, overflow and by irrigation offers an opportunity for the development of an arid area of approximately 1,500,000 acres in the United States and Mexico, in addition to that now served below the Grand Canyon, and,

Whereas, the result of such reclamation on the Salt River and Yuma project of the United States reclamation service, of the Imperial irrigation district and of the Palo Verde Valley, indicate that the gross value of irrigated crops in such portions of the United States is well over $100 per acre per annum, thus demonstrating the possibility of ad-

GENUINE OLD VIOLINS

See Window Display

This collection of genuine old violins is one of the finest ever displayed on the Coast. It offers an unusual opportunity for those interested in a really fine violin to make a desirable selection.

These fine old violins are all guaranteed by us

A Few of the Most Desirable Instruments

Joannes Franciscus Pressenda	$2500
Ferdinandus Gagliano	$1750
Petrus Guarnurius	$1250
Andreas Borelli Parrua	$1000
Geo. Battista Gabrielle	$800
Jacques Pierre Michelot	$750
Mathes Hofman	$750
Carlo Bergonzi	$500
Old Italian Violin	$450
Hieronymus Amati	$350
Giovanni Franciscus Pressenda	$275
Joseph Klotz	$250

Other Genuine Old Violins as Low as $65

The People and Their Troubles

DOROTHY DIX TALKS

MARRY IN YOUR OWN CLASS.

BY DOROTHY DIX.

According to the Paris newspapers, there is a continuous migration homeward of the French women who married American army officers and soldiers. Most of these disillusioned war brides are said to be returning not because of personal differences with their husbands, but because of their inability to adapt themselves to the American mode of living and American customs and habits.

This is only what was to have been expected. International marriages are very seldom a success, even in those cases in which the bride has millions with which to atone to her husband for her being different from the women of his own race, and the husband can give his wife a coronet as a compensation for leaving home and friends and family. In the long list of so-called brilliant marriages which American girls have made with foreign noblemen there has scarcely been one instance of a happy marriage.

How much less chance of success then had these marriages between poor men and poor girls who have neither money nor position to gild their lot! Nothing but blindness of love could have made anyone believe that they could be happy. And the trouble with the blindness of love is that it is always a temporary complaint. Time invariably cures it.

The only chance that an international marriage has of being happy is when the man settles down to live in the woman's country, for men can be transplanted much more easily than women can. Women are as hard to move as a cat. The love of place is imbedded in their very souls. Also family ties are much stronger with them than with men, and so one can have only pity for these poor, homesick brides whose love for their Sammies was not strong enough to enable them to endure an alien country and an alien people, whose customs and ways were strange to them, and whose language they did not speak.

As a matter of fact, marriages between people of different races and different religions very seldom turn out well. Nor is this strange. No matter how much a man and woman really love each other, the process of adjusting themselves to each other is a difficult one, even when they have a common background and pretty much the same point of view.

This is infinitely complicated when they thrust in difference in racial temperament, different habits and customs, a diametrically opposite way of looking at things, a different God and a different theology.

How could you expect Jew and Gentile, Protestant and Catholic to harmonize? How could you expect an austere, Puritanical New Englander to get along in peace with a volatile Latin with quicksilver in her veins? What congeniality would there be between an exotic Russian and a plain practical American business man? How could you transplant a Parisian elegante to a little midwest village and really give her a heart interest in the sewing circle and the missionary meeting?

And the answer is, you can't. It is one of the impossibilities, and so the man who marries out of his own country, and out of his own circle, and his own religion, does well to adopt his wife's at once. It is the only thing that saves the situation.

He is the wise man, however, who seeks a wife among his own people and of his own faith. She will be wholesome bread and butter to him, while the strange woman will always be caviare, and, while caviare is a most alluring appetiser, we soon acquire indigestion if we attempt to make a meal upon it. Also, a steady diet of it soon palls upon our appetites and we lose our relish for it.

Nothing in life is crueler than the law of the attraction of opposites that draws men and women irresistibly and fatally towards those who are their direct opposite in every respect and with whom they will be miserable if they mate. This is nature's way of preserving the general average of the species and to keep humanity from segregating into groups of giants and pigmies, of angels and devils, of superintellectuals and fools.

It is this which makes the little woman make eyes at the prize-fighter, and the college professor marry the baby doll, and the Sunday-school teacher wed the black sheep, but, while it is undoubtedly good for posterity, it is also indisputably hard on the individual.

For the very quality of opposiiteness that draws a man and woman together before marriage makes them fly apart after marriage. They never understand each other because they have no meeting ground of mutual temptation and weaknesses. To the self-controlled man, for instance, the emotional woman, who flies into tempers, and repents, and weeps, is a repulsive weakling. About the only thing they have in common is the perpetual wonder of why they ever married each other.

The happy marriages are those in which people marry the same kind of folks as they are, those who have been reared in the same environment, who have had the same education, who have the same friends and are used to the same kind of cooking, and pie and politics, and the same brand of religion. Squeedunk is just as fascinating a place to live in as New York or London, or Paris, if you have always lived there, but it's a little flat to be brought to it as a bride if you have spent your life on Broadway or the Rue de la Paix or in Belgravia.

A new suit from a mail-order house may make you a leader in fashion just as much as the latest import from Paris. It is just as thrilling to help your husband build up a green grocery trade as it is to pull the wires that make him an Ambassador. It all depends on what you are used to. But you cannot pass from diplomatic circles and French models to the green grocery and the hand-me-down without a jar that is apt to shatter the family circle.

No better advice was ever given to the man about to marry than Longfellow offered when he said: "Like the starlight, like the moonlight is the handsomest of strangers, like the fire upon the hearthstone is a neighbor's homely daughter."

QUESTIONS ANSWERED.

Question: How old was Christopher Columbus when he set out on his initial voyage to America?

R. C.

Answer: When he made his first trip in 1492, Columbus was about 40 years old.

Q.: How much are census enumerators paid for their work?

J. R. M.

A.: The Bureau of Census says that census enumerators are paid 4 cents a name in cities, and 20 cents a farm in rural districts.

Q.: What are the correct measurements for a perfect woman?

N. N. A.

A.: There is much difference of opinion on this subject, but according to Prof. Sargeant, one of the best known authorities on the health of the American woman, the following measurements constitute the perfect figure: Height, 65.6 inches; breadth of neck, 5.8 inches; girth of neck, 13.1 inches; breadth of shoulders, 14 inches; breadth of waist, 8.6 inches; girth of waist, 24.6 inches; breadth of hips, 13.1 inches; girth of hips, 35.4 inches; girth of calf, 13.3 inches; girth of upper arm, 10.1 inches; girth of thigh, 21.4 inches, and of forearm, 9.2 inches. Many other authorities insist that a woman should measure in height five feet five inches, or an inch and one-half taller than Prof. Sargeant's perfect woman.

Q.: What people worshiped the Juggernaut?

G. I. H.

A.: "Juggernaut" is one of the principal heathen deities of India. This god was taken out in procession periodically and many of the faithful prostrated themselves before his car, which was of great weight, and were crushed. This practice was abolished by the British government.

Q.: Are all animals susceptible to rabies?

S. C. M.

A.: Rabies is more common in dogs, and but one animal, the adult pigeon, has been found to be immune to it.

[Any reader can get the answer to any question by writing The Los Angeles Times information bureau, Frederic J. Haskin, director, Washington, D. C. This offer applies strictly to information. The bureau cannot give advice on legal, medical and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and inclose 2 cents in stamps for return postage. All replies are sent direct to the inquirer.]

GASOLINE ALLEY—O, THAT'S DIFFERENT!

LETTERS TO "THE TIMES."

Perfectly Natural.

LOS ANGELES, March 16.—[To the Editor of The Times:] Howl your heads off if you like about the Japanese invasion in California and that is all the good it will do you. Why do the Japanese come here? For the same reason we all come here. Because they want to, and why do they control the potato crop in this State? For the same reason that the Southern Pacific controls their land holdings and other real estate firms control theirs and get all they can out of it, and for the same reason that you have doubled the price of your paper. We would all be fools if we did not get all out of life that is coming to us. They are on to our curves, and will this keep the white race from coming here? Not on your life, while the Chamber of Commerce continues doing business and the snow and sleet continue to fall from the Atlantic seaboard to the Rocky Mountains. When myself and other respectable citizens are ready to entertain strangers (we are not looking for angels) with some tempting bait, we are not going to fleece them out of all their wool. Anyway, statistics show that people who go around with a chip on their shoulder looking for trouble usually get it. And any nation that tries to stab another nation in the back would do better to keep their mouths closed or they might start something that could set the world on fire and all the suckers that M.O.T. speaks of could not stop it.

EVE RUGG GARRISON.

Should Resign.

LOS ANGELES, March 16.—[To the Editor of The Times:] With the greatest respect for the Presidential office and the deepest sympathy for its talented, but afflicted, holder, I am of the opinion that the nature of the President's illness (stated to be a clot upon the brain) must, obviously and of necessity, incapacitate him from forming those calm, clear and accurate judgments which are necessary in controlling the destinies of a nation. I am of the opinion that President Wilson should resign the duties of his great office into the hands of the Vice-President.

VERITAS.

Worker's Wife Talks.

LOS ANGELES, March 11.—[To the Editor of The Times:] I would like to say a few words in favor of the "daylight saving" as seen by other workingmen's wives.

My husband would enjoy an extra hour of daylight with his family, to do a little gardening, fixing up around his home and tending his chickens.

I am afraid Mrs. J. Casanenis's argument did not appeal to her. She probably is the one who keeps the family out of gear, as she expresses it, by not being willing to adapt herself to any new conditions.

What difference can it make to anyone, even the farmers who regulate their houses any way, to have the clock set back? If your clock were an hour fast and you did not know it, you would go to bed and get up an hour earlier the same as usual, and very few families are fortunate enough to own timepieces that never need regulating.

Just because our forefathers invented the present time system, it is no reason why it should not be changed. Our forefathers did not have automobiles, but that is not a reason why we should not have them when we are fortunate enough to own one.

Why not consider the wives who prefer having their husbands around enjoying his family, putting in his garden having good old daylight to do it in, also a chance to take an afternoon stroll, to having him arrive just about dark time, to dine and put the children to bed. He and I believe thousands of others enjoyed that extra hour during the war, and do hope to enjoy it now that the war is over.

Are there any more happy families to whom the extra hour is a source of pleasure, instead of being a reason for keeping the whole family in discomfort?

MRS. W. W. WHITE.
1632 West Twenty-first street.

"A Vicious Circle."

LOS ANGELES, March 9.—[To the Editor of The Times:] The concurrent periodical advance in prices and wages that has prevailed throughout the country for several years has very properly been termed "a vicious circle," because, ultimately, it helps no one but profiteers. This has been recognized and checked to a certain extent, although the practice prevails still in a highly injurious degree.

Salaries of State, county and city officials and employees have been raised at different times to meet the high and advancing cost of living, and no reasonable taxpayers complain because of it.

Now, however, we are threatened with additional State taxation in the shape of an ad valorem impost, because the expenses of the State are greater than its revenues.

It won't do to kick up the dust of the high cost of living in order to pave the way for this additional taxation, not while the forty fat commissions are causing needless expense to the extent of many millions annually.

Investigations and reports will not take the place of [illegible] forms unless [illegible]

The Weak or the Strong One

If you see before you a strong and safe bridge leading to your goal, would you ignore it and choose some insecure and tottering structure?—

If you were offered sure aid in time of trouble would you hesitate to accept it?—

The answer is simple—you would choose what all evidence showed to be the safe way—and you would risk nothing in useless experiments.

Why then do some women risk one of their most precious possessions—their health—in trying medicines of unknown value, when everybody knows that the most successful remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound. Here is more proof:

Reading, Pa.—"I had organic inflammation, pains in the side and back which were so sharp that they pulled me to my knees, and I could not walk. I had an operation and still I failed, and in the eight years I suffered I had four doctors and none helped me. My mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I was then in bed, and after the first bottle I could be out of bed, then I took Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and also used the Sanative Wash. I still take the medicine and am able now to do my own housework. My friends say, 'My! but you look well—what do you do? Who is your doctor?' and there is only one answer, 'Lydia E. Pinkham's medicine.'"—Mrs. Wm. Strine, 620 Douglas Street, Reading, Pa.

Gainesville, Tex.—"For three years I suffered untold agony each month with pains in my sides. I found only temporary relief in doctor's medicine or anything else I took until my husband and I saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results, and advised me to try it. I was then in bed part of the time, and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound, and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work, and do my housework besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine."—Mrs. W. M. Stephens, 208 Harvey St., Gainesville, Texas.

Don't Experiment—Insist Upon

SEE MILLIONS IN BENEFITS.

Value of Irrigation and Power Told at Chamber of Commerce Meeting.

(Continued from First Page.)

ding to the public wealth a full $150,000,000 per year, and,

Whereas, experiences in the Southwest show that such reclaimed lands, together with their town communities, are capable of sustaining approximately one inhabitant per irrigated acre, thus offering an opportunity for the placing of more than 1,000,000 people on areas now barren, and

Whereas, the late summer flow of the river is now all diverted and reservoir sites exist along the Colorado River, including the Gila, and other tributaries, capable of impounding a large proportion of the destructive flood flows which now pass down that stream, and in view of the fact there is sufficient volume of flow for the reclamation of this great area of 1,500,000 acres, and,

Whereas, the owners of the private lands, both irrigated and irrigable, in both United States and Mexico, are willing to repay, according to benefits, funds that may be advanced by the government for the building of reservoirs and protective works; therefore be it

Resolved, that the Congress of the United States and the executive officers of the government be most urgently requested to adopt as a fixed and permanent policy a national programme for preservation and prompt development of this great national resource both in the United States and Mexico.

DISTRICTS REPRESENTED.

L. K. Chase, chairman of the committee, presided. A brief address of welcome was made by Maynard McFie, president of the Chamber. Other members of the committee, which has been actively at work for several years, are S. F. Zombro, J. B. Lippincott, H. W. Petebone, T. E. Gibbon, Charles F. Sloane, A. P. Johnson, J. Y. Baruh, Dr. Ford A. Carpenter, Maynard McFie, Herman J. Hauser, C. A. Ducommun and Herbert L. Cornish.

The following delegates were present: C. E. Tait, irrigation investigations, U. S. Department of Agriculture; A. F. Duclos, superintendent Colorado River Indian Reservation; B. F. Fly, Yuma County Commercial Club; A. H. Kent, chairman Highway Commission; A. Y. Greer, Yuma Water Users' Association; R. D. McPherrin, Imperial irrigation district; J. S. Nickerson, P. E. Carr, Associated Chambers of Commerce, Imperial Valley; C. L. Suits, Palo Verde Valley; Edward F. Williams, president Palo Verde Mutual Water Company, Blythe; Carl F. Raab, Palo Verde Valley Farmers' Alliance, El Monte; J. C. Allison, Palo Verde joint district, Riverside and Imperial counties; Dr. B. S. Gowan, Federal board; M. K. White, Coachella Valley county water district; F. Arthur Caldwell, Coachella Chamber of Commerce; John S. Webb, Coachella Chamber of Commerce; A. L. Sonderegger, Coachella Valley county water district; C. T. Wardlaw, California-Mexico Land Company; D. L. Ault, California-Mexico Land Company; J. F. Cumberland, Chuckawalla Valley; L. V. Shepherd, Chuckawalla Valley; J. H. Sears, delegate for Lower California; Luis Guerrero Romero, Mexican Irrigation Commission of Colorado River; Gustave Duvan, Mexican Agricultural Department; Ramon Guerrero, interpreter of Mexican delegation; W. M. Reed, United States Indian service.

TO PREPARE MEMORIAL.

Copies of the resolution will be forwarded to Congress at once and the conference decided further to have prepared a memorial setting forth in detail the merits of the enterprise, the vast benefits to accrue, both in additional production through irrigation and in hydro-electric energy developed. This memorial will be prepared by engineers, under the supervision of the Chamber of Commerce committee, and will be sent to Washington as further argument in favor of undertaking the project promptly.

Many of the delegates emphasized the great value to the nation of irrigating 1,500,000 additional acres of land, the annual production of which, it was stated, will be well in excess of $100 an acre.

Col. B. F. Fly of Yuma stated that the Colorado River, harnessed, will produce power for every home west of the Rocky Mountains, enough for every street car in the West and leave a surplus equal to the total electric power requirements of the city of New York.

The conference also passed a resolution requesting that Congress make an annual appropriation of $50,000 to be expended in hydrographical research covering the entire Colorado River shed. Another resolution asks for an adequate appropriation for the immediate completion of the engineering studies throughout the drainage basin.

The House bill providing for engineering studies of the irrigation problems of the Imperial Valley, especially including the storage of flood water, was indorsed by a conference resolution.

PERMANENT COMMITTEE.

A permanent committee of five members, to be appointed by the chairman of the committee, was arranged for. It will be the duty of this committee to investigate all legislation affecting the conservation of the waters of the Colorado River now pending, or which shall be introduced, as well as legislation that may be deemed desirable, and to report on them to the Colorado River Committee of the Chamber of Commerce.

A communication from J. B. Lippincott was presented relative to an application for a right of way for a railroad through the Minnie Maude reservoir site on the Greene River, with a recommendation by the Chamber of Commerce that the reservoir site should be permanently withdrawn from all forms of entry as provided for under the terms of the Reclamation Act.

Yesterday's conference, because of its harmonious attitude and its strong support of the project in its entirety, was regarded as one of the most important steps yet taken in the campaign of the Southwest to have the Colorado River enterprise undertaken by the government.

CHURCH PLEA FAILS.

Husband Wanted to go to Theater but Wife is Refused Divorce.

Mrs. Bernice A. Rappaport testified in Judge Crail's court yesterday, where she was denied a divorce from Simon G. Rappaport, that she had arranged to go to church with her sister, and her husband asked her to go to a downtown show with him. They quarreled and separated. She also testified that her husband told her he did not understand why he married her as he liked short, fluffy blondes and she was tall and a brunette.

The court remarked that Mr. Rappaport had as much right to insist on her going to a picture show as she had to insist on going to church. He held that she had not established a case of cruelty.

here's something GOOD—

Melt 1 tablespoon butter, add 1 tablespoon flour and blend well. Cook until frothy. Add 1 cup cold milk and oyster liquor and cook until smooth, stirring constantly. Add ½ teaspoon salt, ¼ teaspoon nutmeg, 1 tablespoon Angelo California Walnut Sauce, 2 cups oysters and 1 beaten egg. Pour into greased baking dish. Sprinkle with soft bread crumbs and chopped parsley. Bake about 10 minutes.

It's the walnut in the Walnut Sauce that makes it taste so good. You can get Angelo California Walnut Sauce from your grocer—order some today.

Beauty Combs

—How they fascinate one with their singular shapings. How they lure one into ecstasies with their sparkling wit.

—Fans, dazzling—not to fan milady, but to adorn her coiffure.

—Shell, amber, brown and jet—in many, many shape variations and set with various stones.

—The season's newest—for you—at Bullock's Jewelry Section—First Floor.

$10.00 Gingham Frocks

—Are Spick-ly and Span-ly Fashioned in attractive styles—Different and Practical! Thursday will reveal these frocks with fancy collars, cuffs and belts or sashes—the new short sleeve and sheer vestees show the sway of fashion — even in Gingham Frocks—

—Combinations of becoming colors in plaids, checks, stripes and plain ginghams.

—$10.00 for these particular wash dresses should impress you when you see them Thursday in Bullock's Wash Dress Section

—Across the Bridgeway—Third Floor.

These Silk Dresses, Specially Purchased to Sell at $45.00

—They have come in numbers and style differences unusual—in sizes 14, 16 or 18 years as well as the larger sizes up to 42—

Taffeta Dresses, Satin Dresses and Dresses of Georgette Crepe that have taken fashion inspiration from many early Spring Models.

—Short and long sleeves—plain collarless necks—dainty ruffled necks—collars of embroidered Georgette or laces. Some make much of braid trimming, others prefer embroidery—many of the Taffetas have a penchant for knife pleated frills—there are tunic effects—and—what do you think?—*Bouffant hip effects!*

—There are navy, brown, Copenhagen, taupe and black—doing their part in the common cause of frills and ruffles and trimmings to make these dresses just as pretty as dresses one would expect to find at—not so low as $45.00, anyway.

—An Inauguration Month Event—featuring New Silk Dresses of individuality captivating at a price which should certainly hurry them away—Thursday—all sizes, remember—up to 42—including sizes 14, 16 and 18 years.

—Don't fail to see them—and don't fail to see Bullock's $55.00 Tricotine Suits and $35.00 Wool Jersey Suits and Bullock's $22.50 Wool Skirts—they have singular ways of convincing one of their splendid value—

—Thursday—at Bullock's—Third Floor.

Philippine Underwear $3.95 *Thursday*

—The new arrival of this beautiful hand-embroidered underwear brings unexcelled quality of tropical importation direct to Bullock's for Inauguration Month—the underwear hand embroidered—it launders easily—and wears well.

—Slipover model gown, round or V neck and short sleeves—full cut — wide hems — fine nainsook material. Sizes 15, 16, 17. Thursday for $3.95.

—Envelope Chemise, round neck or bodice top—sizes 36 to 44, $3.95.

—Other special values are gowns and envelopes from $4.50 to $8.75.

—At Bullock's — Fourth Floor.

Ivy Corsets

Lend Poise and Suppleness to the Figure.

—Bullock's Corsetieres know the particular "Ivy" for your figure for each occasion—

—Inauguration Month features for Milady an Ivy Model of white suede with elastic top and a propensity for lending charm and beauty to the gown or frock—

—Careful fitting and expert knowledge mean much—Bullock's Corset Section presents Ivy Corsets—the ultimate in harmony with present-day modes—At Bullock's Fourth Floor.

Filet Laces Beautiful

—New exquisites in bands and edges to match in floral and conventional designs—for collars and trimmings on Blouse and Underwear—3-4 to 7 inches wide—a host of them.

—At Bullock's—Second Floor.

Black Chantilly Laces

—18, 27 and 36-inch widths—an almost bewildering array of gorgeous designs—the newest of the new.

—"Bullock's for Laces"—and Thursday is the day—

27-in. Outing Flannel 25c

—1200 yards of that splendid Mayflower Outing—so good for diapers and sleeping garments—will be an introductory value in an important Flannel event Thursday—at Bullock's.

27-in. Canton Flannels 35c

—*Red Star Diaper Cottons*—in sealed packages—10 yards to the bolt—in widths of 18, 20, 22, 24, 27, 30 inches—from $2.25 to $3.50 bolt.

—*Colored Shrunken Flannels*—imported—fine twilled—in delicate shades for baby—in mixed grays, heathers and stripes for men's shirts—32 in.—$1.75 yd.

—*Cream Flannels* — 27-inch French Flannels, $2.00. 32-in. Silk and Wool, $2.50. 27-in. Fleece Wool, $1.50. 36-in. Fleece Wool, $2.00. 30-in. imported shrunk, $1.50. 32-in. Imported Soluna, $1.00.

—*Pure Wool Eiderdown*—double faced—in pink, blue and cream white—36 in., $2.25 yd. Single faced cream white wool eiderdown — plain ripple and corduroy weaves—36 in.—$1.25 yard.

—Thursday for these values—"Every Day is Flannel Hemming Day at Bullock's"—Second Floor

SOCIETY.

BY VIRGINIA WOODS.

St. Patrick's Day Luncheon.

Mrs. Albert Sherman Hoyt was yesterday hostess at a St. Patrick luncheon, one of the handsomest functions of the month. It followed her morning musicale at the Valley Hunt Club in Pasadena. Places were set for 150 guests. The tables were arranged for ten and were adorned with emerald baskets tied with huge bows of green tulle, and filled with masses of spring blooms.

Among the Los Angeles and Pasadena folk invited were Mr. and Mrs. Hancock Banning, Col. and Mrs. George J. Denis, Mr. and Mrs. William May Garland, Mr. and Mrs. Howard Huntington, Hon. and Mrs. Carter H. Harrison, Mr. and Mrs. William Preston Harrison, Mr. and Mrs. Godfrey Holterhoff, Jr., Mrs. Mary Wilcox Longstreet, Dr. and Mrs. John Hooe Iden, Mr. and Mrs. Russell McDonnell Taylor, Mr. and Mrs. James Calhoun Drake, Mr. Arthur Fleming, Dr. and Mrs. L. L. Krebs, Mr. Edward D. Ulrich, Mr. and Mrs. Robert D. Clarke, Mrs. Mary Banning Norris, Mr. and Mrs. Edward Laurence Doheny, Dr. and Mrs. Norman Bridge, Mr. and Mrs. Montague Glass, Mr. and Mrs. Adolf Tandler, Mr. and Mrs. Mathew S. Robertson, Dr. Alexis Kall, Jaime Overton, Mrs. Susan Dorzey, Gen. and Mrs. W. A. Kobbe, Capt. Willard, Mlle. Mona Zucca, Dr. and Mrs. Robert Freeman, Miss Virginia Woods, Messrs. and Mmes. William H. Vedder, John Leggitt, Charles Burton Scoville, F. M. Hunter, John McWilliams, Dr. and Mrs. Rae Smith, Joseph Hixon, W. K. Jewett, John Murray Marshall, George Cruikshank, Bartlett Sheldeler, John G. Mott, William S. McKee, Isaac Milbank, Robert Ladd Gifford, Dr. and Mrs. Raymond Mixsell, and others, including the members of the symphony board and advisory committee.

By Mrs. Stewart.

Mrs. Clarence Williams, wife of Vice-Admiral Williams, acting in command of the Pacific Fleet during Admiral Rodman's absence, was on Tuesday the incentive for a luncheon that Mrs. Madison W. Stewart of 870 West Adams street gave, and which was one of the loveliest affairs of the season.

The table was centered with a large low basket of spring flowers in all colors. Plates were set for Mrs. James Calhoun Drake, Mrs. Mary Wilcox Longstreet, Mrs. George J. Denis, Mrs. Edward Geisler, Mrs. Granville MacGowan, Mrs. Ernest A. Bryant, Mrs. Evelyn M. Conant, Mrs. J. M. Hooker, Mrs. Joseph D. Radford, Mrs. Lawrence Barker, Mrs. Albert Barker and Mrs. J. Ross Clark.

Mrs. Joseph D. Radford is entertaining a company of sixteen at dinner this evening in honor of Admiral and Mrs. Williams.

For a Visitor.

Mrs. Marie D. Johnson of San Francisco is to be honor guest at a luncheon that Mrs. F. G. Barrows is arranging for Friday at her apartment at the Holton Arms. After luncheon the company will assemble at the Philharmonic concert.

Dinner-Dance.

Misses Mabel Walker of Boston and Oceana Crosby of New York were hostesses last evening at a smart dinner-dance given in the peacock room at the Beverly Hills Hotel. The table was adorned with poppy balls surrounded by ferns and plates were set for fifty-four guests. The two visitors are here for the first time this winter. Before the war they spent most of their winters abroad.

By Mr. and Mrs. Garland.

Mr. and Mrs. William May Garland are to entertain a small company at dinner at the Crags Country Club on Sunday. The big house party they had planned to give there, beginning to day, has been postponed.

By Mrs. Dunn.

Mrs. William E. Dunn is giving a bridge luncheon at the Bolsa Chica Gun Club today and has thirty guests.

At St. Paul's Pro-Cathedral.

St. Paul's Pro-Cathedral was the scene of a lovely wedding on Tuesday at 5:30 o'clock p.m. when Miss Margaret van Rensselaer Plato of this city became the bride of Mr. Francis Whitaker of New York. Dean MacCormack read the service in the presence of relatives and a large number of friends. The bride is the daughter of Mrs. Henry Francis Plato of 530 Westmoreland place and attended the Los Robles School for Girls in Pasadena. Mr. Whitaker was educated at Hill's School for Boys in New York and at Harvard University. He and his family own large cement plants in Portland, Or.

Mrs. Harry Brooks was matron of honor and Mr. Grub Alexander was best man. Mrs. Plato gave her daughter away.

The bride wore a frock of real lace made over a foundation of orchid chiffon and satin; a big hat of cream horse hair braid trimmed with lavender and pink flowers; and carried a shower bouquet of Bride rose buds and lilies of the valley. Mrs. Brooks wore her wedding gown of deep cream beaded chiffon and wore a big flower-trimmed hat of lace and satin. Mrs. Plato wore rose and blue Georgette over maroon silk. After the ceremony there was a dinner at the Los Angeles Country Club for fourteen guests.

Society Beauty Here.

One of the most popular members of the winter social colony from the East in Pasadena this season is Mrs. Wellesley Stillwell of Chicago. She and Mr. Stillwell are at the Hotel Huntington, where with their friends Mr. and Mrs. Edward F. Swift of Chicago, they have been the center of a Chicago coterie. Mrs. Stillwell before her marriage was Miss Carney Letts and was accounted one of Chicago's most beautiful belles. She was one of a group of Chicago women and former residents of that city who raised $14,000 for the benefit of the Women's Exchange by a needle-work sale at the home of Mrs. Robert E. Hunter on South Orange Grove avenue, Pasadena, Monday. This sum was nearly $5000 more than was raised for the same cause at Palm Beach recently. Other women interested in the affair were Mmes. Swift, J. J. Mitchell, Miss Lolita Armour, Mmes. David Blankenhorn, Frederick Weyerhauser, E. S. Hunter and William May Garland.

IN PATRIOTIC HALL.

Daniel M. Hall, commander-in-chief of the G.A.R., will be the guest of honor of the Daughters of Veterans at a meeting at 8 p.m., today in Patriotic Hall. All veterans and members of patriotic bodies are invited.

Is This a Good Time to Buy Diamonds?

The upward tendency of prices for practically all commodities has naturally caused many conjectures as to what the future may have in store.

Regardless of what the prospects may be regarding the stability of prices of other merchandise and wares, Feagans & Co. wish to assure the public that diamond prices are likely to continue to increase.

The control of the diamond situation by London, the increasing rarity of perfect stones, the growing demand for them, and the world scarcity of expert diamond cutters are all factors which for years past have been influencing diamond prices upward.

Instead of these conditions being removed or corrected they are becoming more acute with each passing year.

The only logical conclusion is that diamonds at present market afford a sound investment, for prices are likely to continue to advance indefinitely.

The assurance of perfection of quality which the name "Feagans" implies is an important consideration whether you may purchase diamonds for investment or for adornment.

Flaming, Itching Skin Diseases

Cause untold suffering that could be avoided

It is now pretty generally conceded that a great majority of the suffering that the human family undergoes, comes through ignorance, and hence could be avoided.

This sounds like a broad statement, and yet it is only too true. So many people are dragging through life the victim of some chronic ailment that is either misunderstood or mistreated, when intelligent, rational treatment would restore them to their normal healthy condition.

Diseases of the skin come from beneath the surface, hence they can be reached only by remedies that penetrate down to their very source.

And right here lies the secret of so much continued suffering from so-called skin diseases. Simply because the disorder is manifested by irritation, itching and often a breaking out and inflammation of the surface of the skin, the patient is misled into believing that the entire trouble is confined to this local disorder.

Hence the mistake is made of believing that the proper treatment is the application of local remedies to the affected parts. Very often the itching and irritation are so severe, that you feel disposed to try almost anything for relief, and that is why you rely upon local treatment of salves, ointments, washes and such remedies.

But these remedies cannot possibly have any real curative effect upon the trouble, because your disease comes from far below the surface. The condition of your skin depends entirely upon the condition of your blood. Hence when you are afflicted with what is commonly called a skin disease, you may be sure that the real trouble is with your blood, and must be treated through the blood, if you expect real rational relief.

S. S. S. is the most satisfactory remedy for diseases of the skin because it is the most thorough blood remedy ever discovered. It searches out and removes all impurities from the blood.

Mr. Joe Katorkin, a leading furniture dealer of San Antonio, Texas, writes: "After six weeks of continued use of S. S. S. and bathing the affected parts as directed by you, I wish to advise that I am wholly relieved of the miserable disease which has afflicted me for more than twelve years. I can highly recommend S. S. S. to anyone, and I wish to thank you for the personal advice given me in my case, which was positively beneficial."

If you are afflicted with eczema, tetter, erysipelas, ringworms, pimples, acne, scaly eruptions, boils, irritations of the skin, or other similar disorders, you need not expect any real relief from local applications, and the sooner you discard their use, the sooner you will be on the road to recovery, provided you will rely upon the use of S. S. S.

This fine old blood remedy goes direct to the seat of the trouble, and by cleansing the blood of all impurities and disease germs, it keeps the skin free from infection, and restores it to its normal, healthy condition.

For free expert medical advice regarding your own case, write fully to Chief Medical Advisor, 177 Swift Laboratory, Atlanta, Ga.

It's a Starved Skin That Gets Dry and Rough

Try this simple formula—

"A little CREME ELCAYA rubbed gently into the skin; then if you need color, a very little rouge spread carefully over the cheeks before the cream is quite dry; and after that the film of Elcaya face powder over all."

CREME ELCAYA

In Jars at 30 & 60c

Your dealer has ELCAYA and has sold it for years. Ask him.

EXCESS BAGGAGE.

A minister in Texas is giving a series of sermons on how to make love. Gosh all hemlock! do they have to show 'em how in Texas? What do they think of that in Hollywood?

NO GOOD ONES.

One of the correspondents from Russia says that there are two kinds of Bolsheviki in that country. But as both kinds wear whiskers we are against them for sanitary reasons.

ARTLESS ADS.

An advertisement in the lost-and-found column of a Denver newspaper carried a card reading like this: "Left in my store. Bottle of eight-year-old, marked 'aged in wood, bottled in bond.' Owner can recover property by describing brand and exhibiting sample of his breath." Whether there was a jam or not is as yet unknown.

VOTES FOR WOMEN.

It is found that the call for the Missouri Democratic convention permits women to vote for the men delegates, but refuses the right of men to vote for the women. It is claimed that this would give control of the convention to the women. It doesn't look that way at first glance, but if it did it wouldn't cut much ice. We are all coming to it.

GOOD OLD DAYS.

Noticed by the papers the other day that the Bartenders' Union were going to a ball. If they'd make it a highball it would be necessary to call out the police to stem the rush of reminiscent humanity. But why a Bartenders' Union at this stage of the game? Looks about the same as a reunion of lamp-lighters or some other ancient group.

VOTING BY MACHINE.

The solons have been making a splurge at Des Moines because they have put in a machine costing $20,000 by which a vote of the Assembly can be taken in two minutes without a roll call. That's nothing. They have been voting by machine at Sacramento for years and the machine cost more than $20,000,000, or that. The Iowa bunch are merely pikers.

NOT DEAD BUT REAPING.

A Kansas soldier is having a hard time convincing the government that he is alive. The War Department sends him a photograph of his grave and a check for his war insurance money, but will not listen to any explanation about his being in the land of the living. The red tape will not permit it yet. It takes a few months to break the news to Uncle Sam so that he can understand. If the soldier would stand on the Capitol steps and use a megaphone it might help some.

SWEET THINGS.

The supposed sugar shortage has turned attention to the maple syrup crop. They never paid much thought to it in the South, but now thousands of sugar maples in North Carolina and other States are being tapped and are producing an average of a dollar's worth of sugar or syrup to the tree. This is a new and joyous profit to the owners of the lands. In the North the flow of sap is unusually great this season, so that the outlook for maple sweetness is excellent. Now go to it for the wheat cakes and waffles.

AFTER THE BONDS.

Over $12,000,000 in Liberty Bonds was stolen last year from New York brokerage houses. The amount for the whole country must be enormous. There are several gangs of combined crooks, bunko men and safe burglars who specialize in these bond thefts and they are at work all over the United States. They seem to know where the bonds are and they have all kinds of schemes for getting them. This is not including those ingenious patriots who are persuading the holders of Liberty Bonds to exchange them for the green certificates of De Valera's Irish republic.

INDUSTRY THAT PAYS.

Production cannot be materially stimulated until America is put upon a piece-work basis. Until that system prevails the efforts of labor are largely concentrated in securing the shortest possible day and getting the largest possible sum for overtime. The piece-work method cannot be applied to all trades, but it is practical in most of them, and where it would cost more to apply it the industry could well afford the burden. There is no valid objection to the system. No workman can rightfully claim that he should be paid for work that he did not do. On the other hand, every man wants to be paid his full earning capacity, and one who, through skill or temperament, does 50 per cent. more than the man beside him should be entitled to full pay therefor, instead of being chained back to the dead level of mediocrity. The industrious, the thrifty, the progressive, the skilled and the intelligent should all favor the piece-work plan. Are they going to surrender their capacity and their future to the shiftless, the incompetent and the discontented for the doubtful prospect of getting something for nothing? There is nothing much finer than doing good work and having it fully appreciated and well-paid for. When a man devotes his time to wrangling for a six-hour day or a five-day week he deprives himself of the richest satisfactions of his industry.

FOR HOOVER—REGISTER.

Republican and independent voters who desire to see Herbert C. Hoover the next President of the United States will have an opportunity to vote for Hoover delegates in the Republican Presidential primary in California, provided they register before April 3 and express a Republican preference.

Twenty-six representative men and women of the State have been selected by the Hoover Republican Club to carry his colors in the Chicago convention. It is one of the most notable tickets ever offered to the electors of the State, for the reason that there is not a professional politician on the list. Few of the number have ever permitted their names to be used for political office; but every one was distinguished as a war worker. All took part in the Liberty Loan and Red Cross drives; there is not even a suspicion of a pacifist or a hyphenate among them.

Charles C. Moore, chief organizer and president of the Panama-Pacific Exposition; William M. Garland, one of the men who first visioned the future greatness of Los Angeles; C. C. Chapman, probably the best known rancher and fruit grower in the Southwest; M. C. Sloss, former justice of the State Supreme Court; Mrs. Robert J. Burdette and Mrs. Frank A. Gibson, household names wherever women's clubs are organized—these are a few specimens of the personnel of the Hoover ticket in California. Both the Liberty Army and organized labor are represented.

Such a delegation will be a force in the Republican National Convention, not alone in selecting a Presidential nominee, but to frame a platform that will be in full accord with the best traditions of the Republican party, and fully abreast the forward movement of the reconstruction era.

The volunteer workers who selected the ticket have done well. But it must be remembered that something more than the mere publication of names is necessary to assure its success. The Hoover sentiment in the State is predominating, but not yet fully organized. In order that a Hoover delegation may be sent to the Chicago convention, his supporters in California must do two things: they must register before April 3, and they must vote in the Republican primary in May.

There are thousands of voters in California who are nonpartisan in politics but hope to see Hoover elected President. If they desire to assist to that end they should register as Republicans, for the only Hoover ticket will be on the Republican ballot. Registering as Republicans will not bar them from voting some other ticket in the November election, if Hoover should by any chance fail to win the Republican nomination.

Remember, there is a Hoover ticket in the California primary; and remember that to make certain of a chance to vote that ticket you must register as a Republican. It is possible that a court decision may permit voters who have not expressed their party preference to secure a Republican ballot in the Presidential primary; but that is taking a long chance.

PRESIDENTIAL STRAWS.

Gen. Leonard Wood is off with a flying start in the early Presidential primaries. In the New Hampshire election he made a clean sweep of the four delegates without extending himself. Senator Johnson's New England manager caused one delegate-at-large pledged to Johnson to enter the contest for the purpose of getting a line on Johnson's strength in the East. The Wood delegates received an average vote of 4200, while the Johnson entry received but 634 votes. Hoover delegates were placed on the Democratic ticket in one district and they carried it by a large majority.

According to early returns from Minnesota, Gen. Wood will receive a pledged delegation from that State. Delegates are elected to a convention in Minnesota to select the national convention delegation, just as they were in California before the direct-primary act was adopted. Wood, Johnson and Lowden tickets were placed in nomination in every district; and Wood seems to have made a runaway race of it. In the Presidential preference vote, which is not binding on the delegation, Wood led by several thousand. Minnesota has twenty-four votes in the Republican convention, a long ways from the 493 votes necessary to nominate, but a good starter.

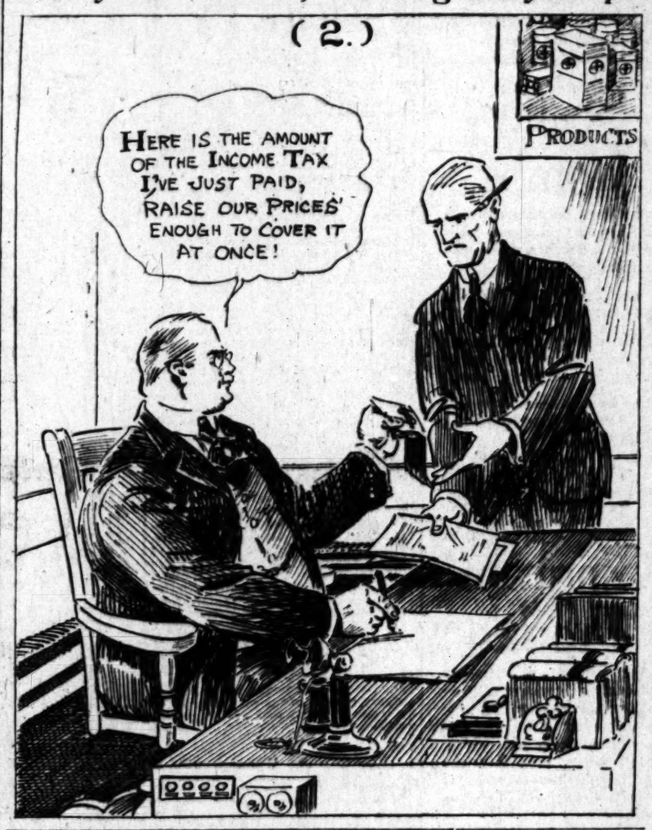
New York will probably send an unpledged delegation. The Republican State Central Committee has selected a representative ticket on which appear the names of William Howard Taft, Chauncey Depew and a number of other Republicans of national repute. Elihu Root declined to accept a place on the delegation, giving as his reason that he expects to be in Europe when the convention will be in session. An unofficial canvass shows, according to the generally-accepted report, that a majority of the delegates favor Gen. Wood.

Senator Johnson's New York manager issued a statement a week ago denouncing his delegation because there was not a single Johnson man in the entire list. He threatened to put a Johnson ticket into some of the district elections in New York City. Delegates are elected by district under the New York primary law.

There are few primaries in the Southern States. Most of the delegates have already been selected; and Gen. Wood's campaign manager claims a clear majority over all. That claim represents an aspiration, however, not a fact.

Gen. Wood's managers are the early dopesters. They are now claiming that he will come through the State primaries with 300 pledged votes and that he will have an additional hundred votes from the South. They say he will have less than 100 votes to pick up to assure his nomination. Campaign claims, it must be remembered, are as uncertain as oil stock speculation; but the early straws indicate that Gen. Wood will have a strong support in the Republican convention. It is not the man who leads on the first ballot, however, who always wins the nomination. The Hoover boom is going like thunder.

Why the Cost of Living Stays Up.



MURDEROUS SPEED MANIACS.

Los Angeles harbors more vicious road hogs than any other city in the country. We in this town have the ghastly distinction of maiming and killing more people in a week through the greed and recklessness of our motorists than most cities record in six months.

It is obvious that this shameful and brutal condition must be remedied forthwith and it behooves the citizens to cooperate at once in vigorous measures. It is no crime to be dealt with leniently and at leisure; it must be tackled with the same kind of public wrath and reprisal that was meted out to the garroters and bomb-throwers and other destroyers of human life.

It is a peculiarly mean and despicable form of depravity, this attitude of "ME FIRST AND THE DEVIL TAKE THE HINDMOST," and the driver who will risk human lives for the sake of cutting a corner or dodging ahead of another car and sparing himself a few seconds of time is beneath contempt and has no claims whatever on the public considerateness. It is all part of a spirit of greed and avarice that besets the land. "Give me mine and the rest be hanged" is a prevailing maxim—and the Germans committed no other crime than this. Indeed, the pilot of a German submarine intent upon sinking an unarmed merchantman was less culpable, since his motive was obvious and his victims were preinformed.

The utter meanness of the reckless autoist cannot be too severely condemned. It is incredible that any human being should be willing to jeopardize the life of a fellow-citizen for the sake of so paltry and temporary a personal advantage, to make of our streets a nightmare for thousands of pedestrians, a graveyard for other drivers and riders. Yet a pause at any street corner is long enough to see some frantic road hog start his car into a crowd and endanger the safety of people alighting from street cars. It is impossible for the traffic police to keep stern watch on them all.

What is there about the possession of a four-wheeled chariot that transforms ordinary humans into vicious fiends, who regard it as smart and clever to terrorize and risk maiming fellow-human beings, blight their whole lives, if not blotting them out altogether, for the sake—of what? A few yards of road, a little getting ahead, a few seconds of time. It is the old story of the beggar on horseback. These people must be drunk with the sense of a little power, a small possession; their minds must be peculiarly warped by the slight elevation to wheels. One can only suppose a previous condition of crawling on their bellies, since the change is obviously so unbalancing. People who are used to power and possession know how to use them. And, incidentally, people who enjoy a modicum of human kindness can scarcely be transformed into reckless murderers by a trifling acquisition.

Belated but commendable is the Automobile Club's cognizance of this outrageous condition and its appointment of a vigilance committee of 200. But, even so, the punishment scarcely fits the crime. Two slaps on the wrist to precede actual reprisal is altogether too lenient. It can surely be assumed that the man or woman capable of owning and driving a car is likewise capable of common consideration and mild self-restraint. The road hog's offense is one of palpable meanness and selfishness, of contemptible indifference to public rights and human welfare. The question must be one for the general public—and the wrath of the general public can be drastically effective. If the reckless automobilist could count on being mobbed every time he cut across a machine or a street car or broke a traffic rule he would soon find that a few seconds for taking thought could readily be spared, even if he was late for a dinner engagement or a business appointment. If, instead of taking the offender's name and address and letting him off with a warning and a fine, he were compulsorily detained in jail, his sense of the value of time would receive a healthy corrective. And when an accident occurs the confiscation of his car for a short but effective period might assist him to a better sense of proportion and understanding. He would start for his engagements a little earlier next time.

But whatever means are adopted, stern reprisals are obviously in order. And in order that the innocent may not suffer with the guilty and all automobile owners may not be penalized for the hogs, it behooves every responsible motorist to appoint himself a committee of one and see to it that offenders know themselves for social pariahs and common criminals. Porch sneaks and pickpockets are no lower in the human scale than the road hog.

THE WIDE WORLD OVER.

About 75 per cent of the moving pictures shown in England are made in Los Angeles. The British like our scenery, our actors and many of our plays. But not all of them.

In that they are not different from the rest of us.

There are a lot of the stories that we don't think much of ourselves—in spite of the home-cooking.

But with the English it is to some extent a matter of misunderstanding. British justice and court procedure are different from American methods. The English cannot grasp our trial scenes and legal incidents of the screen. For that matter, neither can most Americans. The scenario writers can never agree on the court practice of the nation. In some pictures a trial is as dignified as a coronation and in others as carelessly informal as a game of squat-tag. Of course, this is reasonably faithful to American life, but the English cannot comprehend it. Neither do they understand our divorce practice nor why we should have so many pictures based thereon. They have divorces in England—many of them—but they do not feature them. They have no cities that specialize in them like Los Angeles or Reno, and all the rising generation of writers do not use the divorce court as the crux of their plots. Likewise, the English do not appreciate our exploitation of the underworld and some of our bedroom scenes. They like some of our western pictures, with their rough-riding and fighting, but they look askance at the wild ways of Fargo Nell as she vamps her passage through the Klondike dance hall to the music of the ivory cubes. They think California is largely made up of roadhouses, opium joints, jazz mills, divorce courts and shelters of infamy.

Pictures are the eyes of the world. They speak a universal language. If Los Angeles is to make them for the world she should make them to interpret that language correctly and intelligently. There is no reason why the pictures produced here—both in their subject and in their subtitles—should not be as fully understood and appreciated in Birmingham, Eng., as in Birmingham, Ala. The picture that gladdens the eyes of Paris, Ky., should also make them twinkle in Paris, France. The motion-picture industry should create an advisory board of censors of its own for the purpose of directing directors in the right direction. This is a wide world and it is up to Los Angeles to shine in all its corners. Let it be with grace, intelligence and dignity.

"WITH A LITTLE SHOOTING."

Mr. Morris Hillquit, the Socialist chieftain, after a hundred confessions and subtle implications, admits so far as it can be admitted, the Socialist platform and programme. He distinguishes, indeed, between prophecy and programme; but he shows what he means.

Political action by the Socialists in the United States may be "supplemented with a little shooting." After all the subtleties and the dishonesties of the Socialist party in the United States, after its vain explanation of its German and anti-American platform, the essence of the Socialist doctrine is to be found still in Mr. Victor L. Berger's speech to the Socialist National Convention in 1908. "I have no doubt," said the eminent German statesman, "that in the last analysis we must shoot, and, when it comes to shooting, Wisconsin will be there." "I consider Victor a perfectly loyal citizen," said Mr. Hillquit in his testimony before the Judiciary Committee at Albany.—[New York Times.

HITS AND MISSES BY OTHER PAPERS.

It is true that Americans act some times very much like a nation of spendthrifts, as Secretary Meredith says. But it is probable that the people have more to show for the money they've scattered by themselves in the last five years than the government has for its solemnly deliberated investments. — [Kansas City Star.

A Dayton woman charged with killing her husband says she did it because she loved him. A woman should learn to control her affections.—[Columbus Citizen.

We are glad the Suffs are making progress. It will do us good to see the ornery men washing the dishes and making the beds about two years from now.—[Arkansaw Thomas Cat.

It is human nature for a man to get murder in his heart when a trust stings him for a cent and to tell the proletarian tradesman who stings him for a dollar to keep the change.—[Houston Post.

The Sedalia Democrat suggests that young women of the present day can still find more beauty at the end of a broom handle and that it will be much cheaper and more enduring than anything that can be found at the drug store.—[Kansas City Times.

Will the luck of Herbert Hoover never let up? Among the Senators, in addition to Penrose's repudiation of him as a Republican, the unspeakable Reed of Missouri and the unshriekable Sherman of Illinois denounce him as a Liberal.—[Louisville Courier-Journal.

The Allied Premiers endeavor to please. If their demands are refused they are willing to change them. — [Pittsburgh Gazette-Times.

Champ Clark had the most delegates in the lead at Baltimore, but they prevailed not. He may repeat at San Francisco, but there are to be considered Wilson for a third term and Bryan for a fourth time.—[Portland Oregonian.

No great enterprise can succeed without cheerful confidence. If the men responsible for the direction of American railroads begin to hope once more, after many days of profound and well-founded discouragement, it is a good omen, not only for the railroads, but for the country.—[Chicago Tribune.

RIPPLING RHYMES.

UPS AND DOWNS.

All mortals have their ups and downs in all the modern style; one day they wilt 'neath fortune's frowns, the next enjoy her smiles. I gambol when I have an up, and when a down appears I try to drink my bitter cup without unmanly tears. Some men put up a gorgeous front when all things come their way; they blithely tackle every stunt, their curves are glad and gay. They move with an elastic step, the bluff they make is tall; we say, "These men are full of pep, they're winners, one and all." We've only seen them when the ups have filled their money vats, and they're as chipper as the pups that chase the village cats. But with the dismal downs on deck they show up cheap and stale, and they invoke the name of Heck and raise a plaintive wail. And we, who wondered and admired when they pawed up the dirt, confess that people make us tired who shrivel when they're hurt. Sane people calmly take their joys and do not tear their gowns or make a woeful, sobbing noise when ups give way to downs. WALT MASON.

AIN'T IT JUST SO?

My Cousin Anne says the wrap-Pings are a little different.
But the packages Old Man Fate
Hands out to the bum guessers
In the matrimonial lottery from
Generation to generation have
A monotonous similarity. Old
Man Hines spent the prime of his
Life roaming and loafing around
Over the desert, passing him-
Self off as a "prospector," while
His wife took in dressmaking and
Supported the family. As soon
As the Hines girls worked them-
Selves up to positions where
They could support two (apiece,)
They married, one of them choosing
Tip Kinnamon, who is perpetually
Obtaining agencies for automobile accessories that no one wants
To buy, and the other grabbed
Clarence Hopkins, who takes cor-
Respondence courses with his
Wife's money in various high-
Sounding but unremunerative va-
Rieties of "Engineering."
THREL FALL.

The Uncult.

What is the lure of the illiterate, the spell of the misspelled? What is there about bad grammar that so charms the dear public?

The bright boy at the end of the column states that he believes the vogue of the uncult is due to its sincere humility. He goes on to say that the dear public is weary of the condescending voices on Parnassus. It is no longer impressed by holier-than-thou literary style and the apotheosis of the polysyllabic; it has discovered that an honest heart may beat between a split infinitive. It prefers the writers who get on its own level—the street level—or even a little lower in the gutter.—[Review.

DUTY.

This truth comes to us more and more the longer we live that on what field, or in what uniform, or with what aims we do our duty matters little, or even what our duty is, great or small, splendid or obscure. Only to find our duty certainly and somewhere, or somehow, to do it faithfully makes us good, strong, happy and useful men and raises our lives into some feeble echo of the life of God.—[Arkansaw Thomas Cat.

CATCHING A PRESIDENT

BY ALMA WHITAKER.

The coming Presidential election will be the first in which American women, nationally speaking, will choose a President. And they want one that is going to do their judgment credit. We women have always considered we were better judges of masculinity than men were. Look at the mournful preponderance of mediocrity they have been sending to the Legislatures in the last decades. The male politicians always seem to be a bit afraid of big practical men, they like 'em wordy and oratorical, long on precept and mild in practice, strong on talk and weak on deeds.

Of all the Presidential possibilities in the field to date none of them has done more and said less than Herbert Hoover. Words have to be pried out of him. Thinking and doing have been his long suits. When he undertook the unattractive task of transforming an extravagant, wasteful and rather thoughtless nation into cheerful economists with unselfish motives he cleverly concentrated on means and methods and deputed all the talking to subordinates. He did not tell us; he showed us. Speeches by and pictures of Hoover were so rare that most of us had never seen his face, heard his voice or read his remarks until a few weeks ago.

And we women have been scanning his picture and reading up his record ever since. We like them both. We like the clean, direct gaze from his eyes. We like his amiable but firm mouth. We like his strong but good-tempered jaw. And we entirely approve of his adequate hair. We always rather suspect the vitality of bald-headed men. We also prefer a clean-shaven face, whiskers and mustache can hide weak mouths and mean chins. We like his nose, a good practical-looking nose that could be trusted to detect fishy politics and pork-barrels instanter. His forehead is the right shape, obviously a mind behind it. There are lines of thought between his eyebrows. His ears are in good proportion and don't stick out. And yet—and that will help him with the men—he certainly is not handsome. Women like handsome men for walking sticks but they believe that handsome is as handsome does in a President.

Also there is nothing freakish about Hoover. His clothes are good plain American, his collars fit well, his ties are in good taste. Women often amuse themselves with freakish men with a penchant for negligee affects, let them give programmes at clubs and monopolize the conversation at dinners, but they always laugh at them on the quiet. The sort of men we take seriously, love, honor and obey till death do us part have to be essentially normal. That is one's instinctive feeling about Hoover—a thoroughly normal person, a first-class standard human being, devoid of frilly excrescences. We knew that he would wear well, that his colors would not come out in the wash.

And his age appeals to us, just old enough, but not too old. The prime of life, in fact. Rather jolly to have a President in the prime of life, young enough to remember, to have a thousand live interests, but old enough to have shed the fluff. A man's man, we feel sure—you could not get the woman to vote for a lady's man for anything but a professional host or a fashion-show judge. Then, of course, they have their charm.

Another thing in Hoover's favor—he is happily married. Positively not a scandal. Never been anybody's bad boy. And after reading the divorce news recently, the love-balm suits and all the rest of the messy stuff, we women do feel that a shining example of wholesome domesticity would be joyously reassuring, re-establish our faith in holy matrimony and the home. Hoover has had a great deal to do with the home in one way and another—Belgian homes and American homes—and all of it beneficial. For the good of the nation it is highly important that women should believe in the home, and it would be satisfying to feel that the White House was a real one. In this age of tottering thrones King George's strongest grip on the loyalty of his British subjects is that he is a good father and husband, that Buckingham Palace is a real home. No Charles II could ever retain his throne in these days when English women have the vote.

We women like the fact that Hoover is an expert engineer. Engineering is still an exclusive masculine profession, and a thoroughly tangible one, at that. There are so many professions that women can do as well themselves in which masculine superiority is challenged and often surpassed. But engineering is still a male stronghold and a great essential to practical progress and human achievement.

All of which shows why the women are for Hoover for President, but they are pretty good reasons why the men are for him, too. Women's instincts regarding masculine character are pretty safe guidance when they are impersonal.

AMERICA'S OPPORTUNITY.

We believe that Americans ought to be trained to perform their duties as citizens; that among those duties is the primary duty of defending by force of arms, if need be, the institutions of the country. We therefore believe in universal military training. But we believe that this training can be given with true regard for sound economy, the avoidance of the merely military spirit and the protection of individual liberty. Indeed, we believe that this training will be all the better and sounder for holding fast to these traditional American safeguards.

Though the Senate bill is not inconsistent with these safeguards, the country needs to be further assured that it is not departing from a traditional course which, no matter how much it has cost us in blood and wasted treasure, has still kept the civil spirit supreme.—[Outlook.

...CCO HABIT ...GEROUS

LEADERS LINE UP FOR HOOVER.

Fittest Man Yet Suggested, Says President of Boston Club.

Merle Thorp, editor of The Nation's Business; Dr. Richard C. Cabot, who has a nation-wide reputation as a physician and author, and John Graham Brooks, president of The Twentieth Century Club of Boston, have expressed themselves unqualifiedly as supporters of Hoover for President.

"He is so obviously the fittest man yet suggested," says Mr. Brooks, "that his rejection will be a humiliating comment on our collective good sense."

"Ipam for Hoover as strong as horseradish," says Merle Thorp.

Dr. Cabot says: "There is absolutely no doubt in my mind that he ought to be the next President."

Ellis Parker Butler, author of "Pigs is Pigs," has plans of his own, however. He has announced his intention of running for the Presidency himself on the platform, "Prohibit everything but mush and milk," and says he is going to invite Mr. Hoover to run as Vice-President on this ticket.

stopping at the Hotel Hayward and the others are at the Hotel Van Nuys.

THE STEPHENS TELEGRAM.

Senator Fall says the matter of hotel accommodations being unavailable here a week ago, when he first arrived, was clearly due to a misunderstanding and that he has no criticism to offer. He admits some unnamed person sent him a telegram saying Gov. Stephens has interceded with local interests to keep his committee from investigating the Japanese situation, but adds: "The party who sent it was unknown to me and the incident was of no consequence. We are investigating the Mexican, not the Japanese, problem."

B. F. Fly, a real estate operator of Yuma, Ariz., has requested a hearing by the Fall committee and will appear before it this morning.

His object in demanding a hearing is to justify his actions with regard to recent reputed kidnapings of Mexicans from American soil by Mexican officials. He was said, in testimony received by the subcommittee last Saturday, to be an agent of Mexican officials. It was stated that Mr. Fly corresponds with Gov. Cantu and with Capt. Calles regarding refugees from Mexican justice who have sought sanctuary in the United States, and one specific case was mentioned in which Mr. Fly was said personally to have abducted a Mexican who was wanted on the other side of the border.

This morning's hearing probably will be open to the public, but it is understood that most of the local sessions will be secret, owing to important witnesses having requested hearings in executive session, lest their testimony be taken as an excuse for persecution in Mexico.

SHOW I.W.W. AS HUN ALLY.

(Continued from First Page.)

wood and iron and emery dust were thrown into machinery to ruin it. This he attributed to carefully-planned sabotage on the part of the I.W.W.

Telling of a reign of terror created in the vicinity of Modesto and in other parts of Stanislaus county, in October, 1917, by I.W.W. activities in burning valuable property, G. J. Davis, then a deputy sheriff there, yesterday detailed the damage done by incendiary fires traced to the I.W.W.

He said at 10:15 p.m., October 6, 1917, he was called out to investigate a fire on the Jewett ranch. Without apparent cause, he related, between that time and 3 o'clock in the morning, eight fires started in Modesto. The Modesto city barns were burned. In a haystack on the Jewett ranch he found a phosphorus bomb.

He explained that the phosphorus is carried wet in bottles. It is placed, wet, in a haystack or other inflammatory material, and when it dries, starts the fire after the I.W.W. is far away.

Twelve horses were burned in the city barns, and hay, harness and other barns in the city were also destroyed.

That night, he said, sixteen fires on ten different ranches caused enormous damage. In many cases phosphorus bombs that had not ignited were found.

After the fires, between 1000 to 1500 I.W.W. were run out of Stanislaus county, but, he said, there are still about 400 left there. He stated that the authorities had formed a habit of arresting the secretary of the I.W.W. at Modesto, and that every time the secretary was arrested, incendiary fires, believed to be in retaliation, broke out.

G. D. Cornwall, a deputy sheriff at Bakersfield, testified for the State. He told of being called out to investigate fires that broke out August 31, 1918, on the Rosedale ranch, near Bakersfield. He found fourteen different haystacks burning. In one haystack he found a bomb which had not ignited.

STRUCK, ASKS BALM.

Demands Twenty-five Thousand Dollars for Two Blows.

A. J. Moore, chief engineer for the Citizens' Independent Ice and Cold Storage Company, filed suit against William Rudolph, vice-president of the company yesterday, demanding $25,300 damages for what he describes as an unprovoked and malicious assault upon him in the engine room of the plant last February 2.

Mr. Moore says Mr. Rudolph struck him twice. The blows, he says, broke his eyeglasses and cut his face, impairing the vision of one eye.

Mr. Rudolph was slightly surprised when informed yesterday that the suit had been filed against him. He admitted that he and Mr. Moore had had a "small dispute." He refused to enter into details, stating that it was "merely a trivial matter."

Germ life cannot live with Disinfection

The day you start to practice regular disinfection will be the day that disease germs cease to menace your health and that of those around you.

Proper disinfection is not a fad—it's just common sense and good business. If it is cheaper and more desirable to be healthy than sick, intelligent and continual disinfection is worth while.

Disinfection, proper sanitation and cleanliness mean death to disease germs—and the end of epidemics.

Lysol Disinfectant

Lysol Disinfectant at the moment of application kills all germ life, or prevents its creation.

At the office: Order Lysol Disinfectant used regularly in cuspidors, toilet-rooms, dark corners, on floors, rugs, and all surfaces.

In the home: Have a solution of Lysol Disinfectant sprinkled regularly in sinks, drains, toilets, garbage cans.

A 50c bottle makes five gallons of powerful disinfectant; a 25c bottle makes two gallons.

Remember, there is but one genuine Lysol Disinfectant—made, bottled, signed, and sealed by Lehn & Fink, Inc.

Lysol Toilet Soap 25c a Cake — Contains the necessary proportion of the antiseptic ingredients of Lysol Disinfectant to protect the skin from germ infection. It is refreshingly soothing and healing and helpful for improving the skin. Ask your dealer. If he hasn't it, ask him to order it for you.

Lysol Shaving Cream in Tubes — Contains the necessary proportion of the antiseptic ingredients of Lysol Disinfectant to kill germs on razor and shaving brush (where germs abound) and to guard the tiny cuts from infection, and give an antiseptic shave. If your dealer hasn't it, ask him to order a supply for you.

Lehn & Fink New York

WE CURE PILES, FISTULA
And all Rectal Diseases Without an Operation

For twenty-five years we have been curing diseases of the rectum and lower bowel. During that time our experience has enabled us to develop a method that is superior to others.

TELLS VETERANS OF FULLER BILL.

G.A.R. Commander Speaks at Long Beach.

Self-inflicted Bullet Wound Causes Death.

Beach Girl Wrties Plank for National Platform.

[EXCLUSIVE DISPATCH.]

LONG BEACH, March 17.—Daniel M. Hall, Commander in Chief of the Grand Army of the Republic of Columbus, O.; C. B. Wilson of Los Angeles, Senior Vice-Commander, and Russell C. Martin, Department Commander of the patriotic organization, also of Los Angeles, were the guests of honor here this afternoon at a public reception to the visiting Commander in Chief.

The party arrived in Long Beach shortly before 2 o'clock and went direct to Odd Fellows' Hall, Broadway and American avenue, where a campfire was held. Commander A. V. Cole of the local post G.A.R. opened the meeting, calling upon Comrade Martin to welcome the distinguished visitor. Commander Hall then made a brief address, dwelling for the most part on the Fuller pension bill now before the Senate, in which practically all the veterans are deeply interested.

The Commander told how the bill, which provides for an increase to the veterans and their widows, passed the House with flying colors by a vote of 231 to 55, and of the excellent chances the measure has of passing the Senate.

Following the meeting, the visitors were taken for an automobile ride through Long Beach and vicinity, Commander Hall early this evening leaving for Pasadena, where he will pay an official visit Thursday.

DIES OF WOUND.

Rudolph Leopold, 26 years old, of Berlin, Germany, died today from a self-inflicted bullet wound. He is believed to have become mentally unbalanced as a result of brooding over his ill health, financial straits and lack of friends in this country. He was found by the road near Anaheim Landing late yesterday afternoon and was brought to the Seaside Hospital, where he expired from a wound over the heart this morning.

Leopold came to Long Beach four days ago from Engelmine, Cal. He had been in the United States three years and was a member of the German imperial navy.

A REPUBLICAN PLANK.

A plank proposed by a Long Beach Polytechnic High School girl may be incorporated in the platform of the Republican party at the Chicago convention this summer.

Miss Frances Harvey of 1251 St. Louis avenue, this city, is the author of the document which has already been approved by the New York Tribune because of its "excellence of thought and conciseness of expression." It follows:

"The Republican party, believing that the high standard of education set by our country should still be retained and fearing that this cannot be done in face of the present shortage of instructors, does hereby pledge itself to secure higher wages for the teaching force of the nation in order that more may be encouraged to enter this field of work."

MINISTER DIES.

Rev. C. J. Coulter, for several years pastor of the Burnett, now the Bethany Baptist Church of this city, and for forty-three years a Baptist minister, died today at his home, 1005 Redondo avenue. He retired three years ago from the local church because of failing health. Rev. Coulter was 71 years old and leaves a wife and six children. The body is at the Byrum, Brunscher & Baker undertaking parlors.

NEW BUILDINGS FOR SAN PEDRO.

RECENT SALES OF VACANT PROPERTY FORETELL IMPROVEMENTS.

[LOCAL CORRESPONDENCE.]

LOS ANGELES HARBOR, March 17.—Foretelling further important business improvements on Sixth street, two lots were sold today by property owners on the street between Center and Mesa streets. Business buildings will be erected in both cases within a short time.

Hans Carlsen sold his forty feet of frontage opposite the Fifth street school to Dr. V. A. Goodrich, local dentist, and C. B. Hutchison of the Southern California Edison Company. The residence on the property will be removed for other improvements.

John T. Gaffey sold the adjoining lot on the east side to W. B. Love, who will erect a building for his own use as a furniture store. Before leaving for the East last night Love announced he will let the contract for his new building upon his return.

Work was begun today on the wrecking of one of the oldest landmarks in the harbor district. The building has been occupied by the Seaside Drug Company and the San Pedro Furniture Company and is located at Sixth and Palos Verdes streets. It was erected over thirty years ago.

As soon as the building is torn down work is to be started on the new $200,000 five-story bank and office building which is to be built by the First National Bank of San Pedro. It was originally planned to erect a two-story building at a cost of over $100,000, but the plans were enlarged upon and the contract let recently to a Pasadena firm.

ON HOTEL STAFF.

Vernon Goodwin, general manager of the Alexandria Hotel, yesterday announced the appointment of John B. Browne as assistant manager in charge of entertainment. Mr. Browne arrived here last Monday from Mare Island navy yard, where he had been field director of the American Red Cross for the past eighteen months.

PASADENA ELKS FREE OF DEBT.

Crown City Lodge Makes Remarkable Showing.

Arrange for Big Meeting of Hotel Men.

To Hold Annual Flower Show in a Tent.

[LOCAL CORRESPONDENCE.]

PASADENA, March 17.—With State officers and other prominent Elks from all over California in attendance, the Pasadena lodge, No. 672, held a public burning of a $50,000 mortgage on the clubhouse lawn late this afternoon.

The ceremonial marked the paying of all incumbrances of the Pasadena lodge, which in the last year, under the direction of Exalted Ruler Harry Cheeseman, has liquidated total debts of $60,000. The lodge is now free of debt.

Among the prominent Elks in attendance at the ceremonies this afternoon and tonight were James Shanley of Oakland, president of the California State Elks' Association; William Abbott of San Francisco, who is likely to be the next Grand Exalted Ruler of the order; State Senator Joseph Burke of Santa Ana, District Deputy; Michael F. Shannon, Past District Deputy; Dr. Ralph Hagan, Past State President, and John Steven McGroarty of Los Angeles.

The celebration began at noon with a luncheon at Rene's, at which present and past officers of the Pasadena lodge were hosts to the visiting Elks, and concluded with a special entertainment tonight at the Elks' Club.

PLAN HOTEL CONVENTION.

A group of prominent hotel men of Southern California and past and present officials of the Southern California Hotel Men's Association gathered here today to make plans for the annual convention of the California State Hotel Men's Association, which will be held at the Maryland here June 9, 10 and 11. Indications are that 200 hotel men of the State and their families will be here for the convention.

H. M. Nickerson, resident manager of the Maryland, was host to the convention committee at dinner at the Maryland, after which convention plans were discussed. Those in attendance included Vernon Goodwin of the Alexandria and Ambassador, Los Angeles; Lee Gates, president of the Southern California association; former President Charles A. Cooke, Walter Raymond and others.

TO HONOR G.A.R. MAN.

Daniel M. Hall, commander-in-chief of the G.A.R., who is now paying an official visit to Southern California, will be the guest tomorrow of John F. Godfrey Post, G.A.R., of Pasadena, at a reception and luncheon in the local post hall.

FLOWER SHOW IN TENT.

The spring flower show of the Pasadena Horticultural Society will be held this year in a tent in Library Park, it was announced by officials of the society today. The dates of the show are April 8, 9 and 10.

BIRD MAN TALKS TO SCHOOL PUPILS.

[LOCAL CORRESPONDENCE.]

REDLANDS, March 17.—Charles Bowman Hutchins, known throughout the country as "the bird man," has been giving a series of lectures in the schools here on birds. He is working for the government in arousing an interest in birds. Dr. Hutchins has the calls of the birds so well imitated that he can always attract a large number of his feathered friends in a short time. California is his home and he says that in no State are so many different birds found. He is an artist also and draws pictures of the birds for the children.

VENICE TURNS GREEN.

[LOCAL CORRESPONDENCE.]

VENICE, March 17.—St. Patrick celebration was at its greenest in Venice today. Four-leaf clovers, lanterns and green flags lined Windward avenue and this evening the streets gleamed with green confetti. A "Green Dance" at the pavilion was filled with guests representing the different historic characters of Irish life.

St Patrick music was prominent on the band programmes, both in the afternoon and evening. Irish joker bands played up and down the Ocean Front.

JANE DOE WARRANT.

[EXCLUSIVE DISPATCH.]

IMPERIAL, March 17.—According to a complaint filed before Justice Mayfield yesterday by the First National Bank, Jane Doe, Edith Doe, alias Lexie Douglas and Lexie Tweed, falsely and fraudulently cashed a check for $1000 on the bank. The arrest of the woman, who is said to live near Imperial, was asked.

AUTOS COLLIDE.

Wife of Santa Monica Merchant Badly Injured.

[LOCAL CORRESPONDENCE.]

SANTA MONICA, March 17.—Traveling west on Pico boulevard, a machine driven by A. Brennen collided with one driven by O. A. Westfall late last night at Cambridge street. Mrs. Westfall, who was with her husband, was thrown and suffered severe cuts and bruises. Neither Westfall nor Brennen were injured. The cars were going at a good rate and the machines were badly damaged. Police investigation revealed that the collision was accidental.

Westfall is a prominent merchant of this city. His wife was taken to the Westlake Hospital, Los Angeles.

GLEE CLUB COMING.

Stanford Students to Sing at Trinity The Month.

For the first time in five years the Stanford University Glee Club will pay a visit to Los Angeles at the end of this month, singing at Trinity Auditorium on the 29th inst. Warren D. Allen, organist and choral director, will conduct. The club will start their tour at Pacific Grove, and will appear in San Luis Obispo and at the Ambassador Hotel in Santa Barbara before coming to Los Angeles. They will present a variety of selections, including special numbers by such composers as Sir Edward Elgar and the late Horatio Parker.

Mr. Allen, the director, will play organ selections at the concert. A prominent soloist with the club is Willard J. Schindler, baritone, who recently came to California from Philadelphia, where he studied singing.

MISS RHOADES TO PLAY.

Esther Rhoades, well-known Los Angeles harpist, will be heard at the Ebell Club at 3 o'clock this afternoon, having been engaged to entertain the Woman's University Club. Tomorrow night Miss Rhoades will give a special recital at the Pasadena High School.

DEAN JURY YET IN MAKING.

New Venire in Trial of Paso Robles Woman Charged with Murder.

[EXCLUSIVE DISPATCH.]

SAN LUIS OBISPO, March 17.—Sitting between her attorneys, as calm and self-possessed as if she were at an afternoon tea, Mrs. Myrtle Dean passed the second day of her trial for the murder of her husband, Fred A. Dean, slain last November 17, at their home in Paso Robles.

Mrs. Dean displayed a keen interest in the selection of the jurors and from time to time conversed with her attorneys in low tones about the qualifications of particular veniremen. The bandage around her neck, which she wore in court yesterday, had been discarded today and in its place she wore a broad band of black velvet.

The venire of seventy-five prospective jurors, drawn for the case, was exhausted shortly after 5 p.m. today, with the jury still incomplete. The Sheriff was instructed to have another venire of twenty-five in court tomorrow at 2 p.m., until which time the trial was adjourned.

Tentative jurors now in the box are Peter Boysen, William M. Sopar, Mrs. Helen F. Heinrich, Miss Esther I. Harrington, James Renetzky, Pedro Soto, Miss Amata A. Dunning, Mrs. Ira P. Werling, Henry Janssen, U. L. Music and Nathaniel C. Brew.

Fully half the members of the panel who were examined today, especially women, expressed conscientious objections to the death penalty.

SCOTCH REDS, URGE REVOLUTION'S SONS.

LETTER TO SPEAKER OF THE HOUSE MADE PUBLIC BY ORGANIZATION HERE.

"Laws of the severest and most drastic character, to stamp out the menace of radicalism" are urged in a letter from the Society, Sons of the Revolution, in the District of Columbia, to the Speaker of the National House of Representatives, made public here yesterday by Pierson W. Banning, third vice-president of the society in this State.

"Opposition to effective legislation does not come from the people," says the letter, "but the whole people of this Union are not so thoroughly organized as is that autocratic and dictatorial minority who threaten strikes if they are not obeyed and who are now engaged in a bold attempt to intimidate the Congress of the United States.

"We pray, Mr. Speaker, that they may not be permitted to do so."

The communication, also embodies resolutions that "we express as our essential wish and deep conviction that all rulers, judges and other persons in authority should patriotically unite to prevent insidious intrusions of these poisonous doctrines of the old world (those of discontent and anarchy) and to bring all such expressions of disloyalty to the attention of the proper authorities in order that the guilty may be punished for their audacious offense."

H-1 SURVIVORS DUE ON MAZATLAN TODAY.

The Mazatlan, which rescued the survivors of the submarine H-1 after it had run ashore at the entrance to Magdalena Bay several days ago, is due to arrive at Los Angeles Harbor late this afternoon. A telegram from Ensenada, Lower California, yesterday, stated the rescue ship had left that port late Tuesday night. The Mazatlan is supposed to be traveling about eleven knots an hour.

Since the surviving crew of the H-1 were rescued much progress has been made in towing the wrecked submarine off the beach, but the relief boats, sent to the assistance of the submarine, have been called back by Commander McCrary, according to a radio message received at the headquarters of the Twelfth Naval District yesterday.

Naval experts stated that the work of rescuing the submarine was being hampered by escaping gases. Commander Webb and three members of the submarine crew were lost when the H-1 went aground.

RAISE PAY OF CAR MEN.

Three-Cents-an-Hour Rise Given by Both Red and Yellow Lines.

Motormen and conductors on both the Pacific Electric and the Los Angeles Street Railway were notified yesterday that their wages will be increased, beginning April 1. The advance granted the Pacific Electric platform men is 3 cents per hour for the street car service and 2 cents an hour for those engaged in the train service. The Los Angeles Railway has granted a flat increase of 2 cents an hour to all platform men.

F. L. Annable, general superintendent of the Pacific Electric, announced yesterday that the rate of pay for the platform men after April will be, for men in the street car service, for the first three months, 44 cents an hour; next nine months' service, 45 cents; for the second year of service, 46 cents; third year, 47 cents; fourth year and thereafter, 48 cents an hour.

Trainmen in interurban passenger service and freight service will receive similar increases of pay; the rate of pay for trainmen on double track passenger lines being 2½ cents per hour more than for street car service; the rate of pay for trainmen in interurban passenger services on single track lines is 5 cents an hour more than shown above.

Those engaged in work train service will receive the following pay: Motormen, 57 cents an hour; conductors, 57 cents an hour; brakemen and switchmen, 52 cents an hour; trolleymen, 47 cents an hour, yard foreman, 57 cents an hour.

The new pay schedule of the Los Angeles Street Railway is, for platform men who have been in the service three months, 44 cents an hour; next nine months, 46 cents; second year, 47 cents; third year and thereafter, 49 cents.

Wages for operating the one-man cars in addition to the above rate will be: On main line 4 cents an hour; on shuttle cars 2 cents an hour.

OCTOGENARIAN TO GIVE MUSIC READINGS.

W. S. Hooser, who is 84 years old, but who, it is said, retains the rich quality of voice that distinguished him among dramatic artists in his earlier years, will give several musical readings at the Gamut Club on the evening of March 30. Other local artists will assist him in the recital.

HOCKEY TEAM IS PICKED FOR U. S.

[BY A. P. NIGHT WIRE.]

PITTSBURGH (Pa.) March 16.—The personnel of the American hockey team to be sent to the Olympic games at Antwerp in April was announced here last night by Roy D. Schooley, manager, as follows:

Forwards, Joe McCormack, Larry McCormack and Drury of Pittsburgh; Goheen and Conroy of St. Paul, and Geran and Synnott of Boston. Defense: Small and Tuck of Boston, and Fitzgerald of St. Paul. Goal: Bonney of Pittsburgh.

Twelve players will be taken to Europe, according to present plans, Mr. Schooley announced.

BOWIE RACE TRACK GIVEN ANOTHER BLOW.

[BY A. P. NIGHT WIRE.]

ANNAPOLIS (Md.) March 17.—The Court of Appeals rendered a decision today putting the Bowie race track out of business unless the Legislature passed the pending bill to create a race commission for Prince Georges county, and the meet scheduled for the first week in April cannot be held.

This is the second decision of the court against the Bowie track.

STANFORDS TAKE GAME FROM O.A.C.

[BY A. P. NIGHT WIRE.]

STANFORD UNIVERSITY, March 17.—Stanford won the first game in the Pacific conference baseball series here today, defeating Oregon Agricultural College, 4 to 3. An error by Seibert, O.A.C. second baseman, in the last half of the ninth inning, allowed Stanford to score the winning run. The score:

	R.	H.	E.
O.A.C.	3	7	5
Stanford	4	3	5

Batteries—Keene and Gill; Draper and Bundy.

COAST TO HAVE AN AIR DERBY.

Pacific Aero Club Announces Del Monte Classic.

Big Race Set for April 21 at San Francisco.

Several Flyers are to be Entered by the Army.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, March 17.—The Pacific Aero Club made announcement today of the first sanctioned race ever held on the Pacific Coast. It will be the Del Monte air classic on April 21.

Frederick C. Porter, chairman of the Contest Committee, has mapped out the air route and conditions for the race, which will be from San Francisco, via Oakland, San Jose and Hollister to Del Monte, with no stops. The return will be over the same route.

The distance is approximately 100 miles each way. The start will be at 10 a.m. from San Francisco and is expected to require two hours with air controls to be considered. The return start from Del Monte will be at 2 p.m.

ANNUAL AFFAIR.

The Del Monte air classic is to be an annual fixture, according to Porter. It is open to aircraft of all types. Trophies and prizes valued at several thousand dollars have been set up. No money will be offered as it is planned to make the race an amateur affair.

The air service of the western department of the army has approved of the race and will enter several army fliers. The Aero Club of America and the American Flyers Club of New York have also sanctioned the event.

The Pacific Aero Club expects a large entry for the inauguration of the first official air race.

ONTARIO ALL AGOG OVER BIG CONTEST

[EXCLUSIVE DISPATCH.]

ONTARIO, March 17.—Probably for the first time this winter, Ontarians are praying tonight for fair weather for the big game between Fred Mitchell's Chicago Cubs and Walter McCredie's Beavers, which had to be called off yesterday, due to the unwelcome visit of J. Pluvius, is scheduled to be played tomorrow afternoon on the south Campus avenue lot. Vaughn is scheduled to start the pitching for the Bruins and Frank Juney will be on the hilltop for the Beavers. The line-up announced tonight is as follows:

Chicago—Paskert, cf; Pearce, ss; Barber, lf; Deal, 3b; Robertson, rf; Lear, 1b; Herzog, cf; Friberg, 2b; O'Farrell, c; Vaughn, p; Hendrix, p.

Portland—Blue, 1b; Kingdon, ss; Maisel, cf; Schaller, lf; Cox, rf; Honeck, 2b; Springer, 3b; Koehler, c; Juney, p; Jones, p; Schroeder, p.

EDDIE PULLEN SHOWS BEST AT SPEEDWAY.

Eddie Pullen won the fur-lined bathtub, emblematic of the fastest lap in practice yesterday for the Beverly Hills spring races, when he roared around the board bowl yesterday afternoon in 40.76 seconds, which is faster than his noisy Richards Special has ever traveled before. Joe Thomas, in his Frontenac, was a narrow whisker behind Pullen in the race for fastest time, uncorking a trip around the big dish in 40.83, while Art Klein's dark Peugeot was almost as fast, with a mark of 41 seconds flat.

There were no slow trips made by the pilots who were out for practice, as Ralph de Palma made half a dozen laps in his Ballot at 42 seconds flat, and Bennie Hill in the Hudson Special tied this mark.

BASEBALL LEAGUE TO MEET ON MARCH 27.

[BY A. P. NIGHT WIRE.]

TACOMA (Wash.) March 17.—President Louis H. Burnett of the Pacific International Baseball League today announced that league officials and directors would meet in Vancouver, B. C., Saturday, March 27. The playing schedule and the awarding of the sixth franchise to Victoria, B. C., are the important items to come before the board. Seattle, Tacoma, Vancouver, B. C.; Yakima and Spokane round out the six-team circuit.

YALE SWIMMERS TOO GOOD FOR HARVARD.

[BY A. P. NIGHT WIRE.]

NEW HAVEN (Ct.) March 17.—Two intercollegiate records were smashed here tonight by Yale swimmers, who defeated Havard in a dual meet, 46 to 5. Edwin Binney, Jr., of South Beach, Ct., broke the record for the 50-yard swim, hanging up a mark of 24⅘s. The Blue relay team bettered its own record for the 200-yard relay race by winning the event in 1m. 39 4-5s.

DIRECTOR RESIGNS.

[BY A. P. NIGHT WIRE.]

CHICAGO, March 17.—The resignation of James L. Lee, athletic director of Northwestern University, was in the hands of university officials today. The resignation will take effect at the end of the school year in June.

ROBBERS STEAL WILDE'S RECORDS.

[EXCLUSIVE DISPATCH.]

NEW YORK, March 17.—While Jimmy Wilde, the British flyweight fist fighter and orator, was away from his home at 2961 Hudson boulevard, Jersey City, early this morning, thieves broke in. They caught up the most valuable article they could see and ran away as Mr. and Mrs. Wilde entered.

It was a fat leather portfolio containing the works of the young man's favorite author—a set of press clippings containing all the speeches and letters of James Wilde since he first put on tights.

DAMASK TAKES DERBY.

[BY A. P. NIGHT WIRE.]

NEW ORLEANS (La.) March 17.—Damask, Harry Payne Whitney's 3-year-old, a strong favorite, won today the Louisiana Derby, at one and one-eighth miles, $5000 added. Bullet Proof was second and Broadman third.

GIANTS' INFIELD IS A PROBLEM.

McGraw will Try to Mold One Around Doyle.

Has Fine Lot of Pitchers and Swell Gardeners.

Old Stand-by Fletcher is to be at Short Again.

BY JAMES CRUSINBERRY.

[EXCLUSIVE DISPATCH.]

SAN ANTONIO (Tex.) March 17.—With a strong pitching staff, a brilliant set of outfielders, a high-class bunch of catchers and an abundance of enthusiasm, John J. McGraw, manager of the Giants, expects to give every club in the National League a battle for the pennant this season, regardless of the fact that his once sturdy infield has been wrecked.

After a few glimpses at the squad of forty ball players in the San An-

(Continued on Second Page.)

COWBOYS AT STAMPEDE.

Individual cowboys and cowgirls, ranch outfits and wild west fans are arriving in numbers for the Stampede, which is to be held at Ascot Speedway Sunday, March 21, and from March 25 to 28. Ascot Speedway is commencing to look like the country around a frontier town. Gayly bedecked punchers are reporting hourly and there is a rush for good locations in the grand stands on the part of would-be spectators.

Among the outfits which arrived yesterday were those of Cuff Burrell, Hanford and Henry Steelman. Several carloads of horses and steers comprised the shipments and accompanying them are some of the most representative range riders in the West. Tom Millerick reports that he has two new bad ones among his horses and expects to spring some surprises on the broncho busters when he introduces Nevada Kid and Swampy Valley, two recent discoveries.

Individuals entering for the contests yesterday were Morris Valdez, winner of some of last year's events; C. E. Rodson of North Dakota; Edgar A. Bobbett of the Flying A at Santa Barbara; Slim Stevens of Pocatello and Monroe Goodspeed of Idaho Falls.

Entries for the steeplechase and running events are filing rapidly. Already nine entries have been received for the steeplechase, which will be a sensational feature.

This is Just an Ordinary Event in Practice for the Stampede.

One of the wildest of wild horses entered in the steeplechase, one of the feature affairs scheduled for the Stampede Sunday afternoon, taking a leap over an automobile at Ascot Park. The horse is called Kismet and has jumped everything on the lot to date, not to speak of throwing some of the best cowboys in the outfit.

FULTON IS EASY WINNER.

[EXCLUSIVE DISPATCH.]

PHILADELPHIA (Pa.) March 17.—Fred Fulton of Minneapolis had little trouble winning from Bartley Madden of New York here at the Olympia Club tonight in six rounds. Fulton had things all his own way throughout the contest, although Madden, handicapped by height, weight and reach, was always dangerous.

In the second round a left hook by Fulton cut Madden's right eye, from which blood streamed profusely. From the third frame until the finish the New Yorker fought with his damaged optic completely closed. Madden kept on top of his bigger opponent from the outset. He rushed into close quarters with Fulton, and while in half clinches Bartley tried his utmost to score with body blows. But Fred usually tied up the New Yorker, who was unable to land with any telling punches.

At the finish of the contest Fulton was by far the fresher, having exerted himself the least. Bartley was full of fight in the last round as he was in the first, and when he stepped from the ring he was very tired after finishing up in a ten-second slugging bee.

BELL IS VICTOR IN WRESTLING MATCH.

[SPECIAL CORRESPONDENCE.]

CLAREMONT, March 17.—The following were the results of the boxing and wrestling championship matches at the Pomona College gym: Heavyweight wrestling, J. G. Bell vs. H. H. Pattee, decision to Bell; light-heavyweight wrestling, C. R. McClain vs. W. W. Phelps, decision to McClain; middleweight wrestling, E. B. Covington vs. G. M. Patazian, Covington, first fall, two minutes, second fall, three minutes; lightweight wrestling, J. W. Choate vs. W. G. Leighton, Choate, one fall, seven minutes.

Boxing: Middleweights, W. P. Haughton vs. J. K. Piersol, decision to Houghton; welterweights, Art Greaser vs. Ray Wilson, decision to Greaser; lightweight, N. M. Thompson vs. F. E. Maurer, a draw.

GUN CLUB TO HONOR MRS. ADA SCHILLING.

The Vernon Gun Club will stage a shoot next Sunday morning in honor of Mrs. Ada Schilling. The event will be a fifty-bird handicap affair, the Ada Schilling trophy going to the high gun. There will also be prizes for second and third. Shooting will start at 10 a.m.

L. A. AND POLY HIGH TO CLASH TOMORROW.

The track teams of Los Angeles High and Poly High clash tomorrow afternoon on Housch Field in their annual dual track and field meet. All the dope points to an easy victory for L. A., but Coach Brennan may spring a surprise on Coach Whittle of the Blue and White like Foster of Manual did last week.

SALT LAKES DEFEAT NAVAL TRAINING NINE.

[EXCLUSIVE DISPATCH.]

MARE ISLAND, March 17.—The Salt Lake team shifted its training quarters for the day and in a fast session this afternoon defeated the naval training station baseball team, 3 to 0. It was a scoreless game up to the ninth inning. Redford, who had pitched all the way for the sailors, weakened and, with two on, Schinkle was sent in. The Saints batted out their runs.

Johnson used four pitchers, Spider Baum finishing the last inning. Some 3000 sailors were in attendance. The score:

	R.	H.	E.
Salt Lake	3	5	0
Naval Training Station	0	4	1

Batteries—Bromley, Leverenz, Stroud and Baum, Byler; Redford and Schinkle, Bennyhaven.

BOISE POLO TEAM WINS JESSOP PRIZE.

[EXCLUSIVE DISPATCH.]

CORONADO, March 17.—The Boise team won the Joseph Jessop trophy today in the Coronado tournament when the final match of the play was contested at the Coronado Country Club by the Boise team and the Outcasts. The score was 8 to 6. The Outcasts had 3 goals by handicap and made 3 goals in the play. The game was free from fouls or penalties of any kind and was well played. The Boise team was composed of E. Chapman, Harry Chapman, Maj. W. A. Robertson and C. N. Greer, Jr. The line-up of the Outcasts was Col. Roscoe, Capt. Moore, M. Stahl and C. Parsons.

TURN OVER PLAYERS.

Manager Bill Essick yesterday turned over Young Hesse and Gorman to the Yakima baseball club.

U. OF C. SOUTH BRANCH GIVES BOXING CARD.

THREE OF FIVE CONTESTS WERE KNOCKOUTS — MARISCAL BEST OF HEAVIES.

Some fast and interesting milling was witnessed yesterday at the U. of C. (Southern Branch) when the first bouts of the semifinals in this college's A.A.U. boxing tournament were held, under the capable directorship of Ben Enzig. Three of the five contests were knockouts, while two were extra-round affairs.

The results were: Mariscal knocked out Stevens, third round, 175 pounds; Evans defeated Yyatt, decision, four rounds, 158 pounds; Cutahal won from Thompson, decision, three rounds, 145 pounds; Marston shot a stomach punch to Brockway's anatomy in the first round which eliminated the latter, 135 pounds.

After making a fine showing for three rounds, Day was knocked out by Pierce in the extra fourth, 135 pounds. The officials were: Referee, Ben Enzig; judges, Coach Cozens, Dr. Miller; timekeeper, Al Knox.

VICTORIA AWARDED BASEBALL FRANCHISE.

[BY A. P. NIGHT WIRE.]

SEATTLE (Wash.) March 17.—Victoria, B. C., has been given the sixth franchise in the new Pacific International Baseball League, it was announced here today. Astoria, Or.; Vancouver, Wash., and Everett, Wash., had been considered for the sixth club. The other five clubs will represent Seattle, Spokane, Tacoma, Yakima and Vancouver, B. C.

REDS LICKED AGAIN.

[BY A. P. NIGHT WIRE.]

PALM BEACH (Fla.) March 17.—The Yanks defeated the National League champs again today. The Reds' pitchers were hit hard. The score:

Cincinnati Nationals, 3; hits, 7; errors, 2.

New York Americans, 7; hits 10; errors, 0.

Batteries—Russell, Smith and Rariden, Allen; Mogridge, Collins and Ruel.

SENATORS PREVAIL.

[BY A. P. NIGHT WIRE.]

ST. PETERSBURG (Fla.) March 17.—The Senators smeared it all over Indianapolis today. The game was marked by heavy hitting. The score:

	R.	H.	E.
Washington Americans	9	12	1
Indianapolis A.A.	4	7	3

Batteries—Johnson, Zachary and Mayer; Murray, Farrell and Gossett, Mealing.

COWBOYS AT STAMPEDE.

Individual cowboys and cowgirls, ranch outfits and wild west fans are arriving in numbers for the Stampede, which is to be held at Ascot Speedway Sunday, March 21, and from March 25 to 28. Ascot Speedway is commencing to look like the country around a frontier town. Gayly bedecked punchers are reporting hourly and there is a rush for good locations in the grand stands on the part of would-be spectators.

Among the outfits which arrived yesterday were those of Cuff Burrell, Hanford and Henry Steelman. Several carloads of horses and steers comprised the shipments and accompanying them are some of the most representative range riders in the West. Tom Millerick reports that he has two new bad ones among his horses and expects to spring some surprises on the broncho busters when he introduces Nevada Kid and Swampy Valley, two recent discoveries.

Individuals entering for the contests yesterday were Morris Valdez, winner of some of last year's events; C. E. Rodson of North Dakota; Edgar A. Bobbett of the Flying A at Santa Barbara; Slim Stevens of Pocatello and Monroe Goodspeed of Idaho Falls.

Entries for the steeplechase and running events are filing rapidly. Already nine entries have been received for the steeplechase, which will be a sensational feature.

SLAUGHTER OF MEADOW LARKS.

L.A.A.C. Golfer Plays Havoc with Melodious Birds.

Extraordinary Scores Turned in at Brentwood Links.

Charley Keppen is Hoisted by His Own Petard.

BY DORMIE EIGHTEEN.

Extraordinary scores marked the play in the qualifying round of the L.A.A.C. golf tourney at the Brentwood Country Club yesterday. They were singular, unusual and wonderful. One gink turned in a card of 124 for the eighteen holes, only to have his record topped by a guy who slaughtered most of the meadow larks in the coure and finished in 121, so accurate was his aim.

It was the unanimous opinion of these two chaps, who did their bit to uplift the noble game of golf, that special prizes should be awarded them for their unremitting toil. We understand on good authority that the prizes will be forthcoming.

ABOVE BOARD.

Those timid gentlemen who withheld their entries, fearing there would be something phoney about this Athletic Club tourney, will no doubt be surprised to learn that the thing was conducted absolutely fair and above board.

Even Charley Keppen, the handsome young man with the bull voice, who does the trick announcing at the college track meets, conducted himself in quite a decorous manner. He had a little side bet up with Ed Doran that he could beat the latter around the course. The fact that Doran went the rounds in the morning and Keppen knew what his score was when he started off should not be considered in the nature of a reflection on Charley's integrity when it is announced that the two finished in a dead heat.

CLINE IS THERE.

George Cline and Elmer Ralphs tied for the best gross score of the day, with 77-2-75 apiece. They will fight it out for the trophy offered for the best gross at some future date.

Fred "Rutledge of "Auto Row" copped the studded golf shoes for the best net score, turning in a card of 85-14-71.

"Gloomy Gus" Henderson, who coaches the rough game of football out U.S.C. way, almost copped the low net score, and thereby hangs a tale.

Henderson is a Seattle slicker, who sports a "8" handicap in the northern metropolis. He intended to slip one over on the Mercury committee, but his fame had preceded him, and someone tipped off the committee. His handicap was changed from "14" to "12" at the last minute, a circumstance that cost him the prize. "Gloomy" has been weeping ever since.

"Gloomy" played his qualifying

(Continued on Third Page.)

A.A.U. MAT TOURNEY.

The A.A.U. wrestling tournament will be staged at the L.A.A.C. on March 24 and 25, and not in April as has been erroneously announced. Athletic Manager Charley Keppen of the L.A.A.C. stated yesterday.

RACINE MULTI-MILE CORD TIRES

YOU WON'T SKID WITH MULTI-MILE CORDS

When you buy Racine Multi-Mile Cord Tires, you are paying for the very best tire quality that money will buy—you get full value for every penny spent.

THE SAFETY COSTS YOU NOTHING

We believe (and we have made many tests) that Racine Multi-Mile Cord Tires have the best non-skid tread of any tire on the market today. Isn't it good judgment to get this safety as long as you have to pay no more to get it?

California Bears Crush Redlands and Pomona Picked Team Good and Hard at Ber

FALL HARD ON PICKED TEAM.

University of California Trim Combined Squad.

"Bill" Yount Stars for the Southern Visitors.

Is First in the Hurdles and Second in Dash.

[BY A. P. NIGHT WIRE.]

BERKELEY, March 17. — The University of California track team defeated the combined terms of the University of Redlands and Pomona College, 80 to 42, here today. Redlands men were credited with 24 points and Pomona with 18. William Yount, captain of the Redlands team, starred with an individual score of 16 points. He was first in both hurdle events and scored in the 100-yard dash and broad jump.

Hutchinson of California, with 10 points, ranged second among individual stars, and Merchants of California with 9 points, third. Hutchinson finished first in both the 100-yard and 220-yard dashes. Merchant won the broad jump with a mark of 23 feet 9 inches, and placed second in the shot put and third in the discus throw.

Immediately after today's meet Coach Walter Christie of California announced that he would leave for Los Angeles tomorrow night with a team of twenty men, who will compete against the University of Southern California Saturday.

The summary

100-yard dash: Sprott (Cal.) first, Mejia (Cal.) second, Reeves (Cal.) third. Time 10s. 37 2-5s.

100-yard dash: Hutchinson (Cal.) first, W. Yount (Redlands) second, Campbell (Cal.) third. Time 10 1-5s.

120-yard high hurdles: W. Yount (Redlands) first, Sprott (Cal.) second, Henderson (Cal.) third. Time 16 1-5s.

220-yard dash: Hendrickson (Cal.) first, Kilby (Redlands) second, Payne (Pomona) and McKenzie (Cal.) tied for third. Time 23 2-5s.

Two-mile run: Shannon (Pomona) first, Erickson (Cal.) second, Smith (Cal.) third. Time 10m. 7 2-5s.

440-yard dash: Hutchinson (Cal.) first, Campbell (Cal.) second, Smith (Cal.) third. Time 53s.

220-yard low hurdles: W. Yount (Redlands) first, Gramby (Cal.) second, McDonald (Cal.) third. Time 25 2-5s.

Half-mile run: Wells (Cal.) first, Wentworth (Cal.) second, Saunders (Cal.) third. Time 2m. 1 1-5s.

High jump: Cottrell (Cal.) and Yocham (Pomona) tied for first, Erickson (Cal.) and Hollsworth (Pomona) tied for third. Height 5ft. 11in.

Broad jump: Merchant (Cal.) first, W. Yount (Redlands) second, Sterling (Cal.) third. Distance 22ft. 9in.

Pole vault: Graham (Cal.) first, Rogers (Pomona) and Sterling (Cal.) tied for second. Height 11ft. 6in.

Shot put: Majors (Cal.) first, Merchant (Cal.) second, Whitten (Pomona) third. Distance 41ft. 2in.

Discus: Widdess (Pomona) first, Mohn (Cal.) second, Merchant (Cal.) third. Distance 120ft. 7in.

RED SMITH ON WAY TO COAST.

Third base is no longer worrying Bill Essick. The Tiger manager yesterday received a telegram, stating that Red Smith had left Atlanta, Ga., for Los Angeles.

Smith is the third baseman formerly with the Braves, who was purchased by President Major from the New York Americans. He has been holding out, but after thinking it over decided to accept the liberal terms offered.

Clarence Brooks was at the park yesterday, but after a conference with Essick, the two seemed no closer together than before. Brooks has not officially quit the Tigers, but is now working for a concern in which he is planning to buy an interest.

"I am not making exorbitant demands," declared Brooks. "In fact, there were four catchers who received bigger salaries last season than I am asking. I can make more working and playing Sunday ball than my contract calls for."

WALTER GOYNE WINS THE BIG DOG DERBY.

[BY A. P. NIGHT WIRE.]

THE PAS (Man.) March 17.—Walter Goyne, the Alaskan, won the Hudson Bay dog derby here yesterday. Pranteau was second and Hayes third. The winner's time was thirteen hours and twenty-two minutes for the hundred-mile course.

Goyne, the winner, is the famous crippled Alaskan musher who lost both feet as a result of freezing on the Alaskan trails some years ago. Pranteau, the second man, finished one hour and a half after Goyne.

HAIR TO FLY ON SATURDAY.

Track Bugs Look Forward to Red-Hot Combat.

Dopesters Predict Some Great Performances.

This California-U.S.C. track and field meet on Bovard Field next Saturday afternoon begins to look like a real argument. The dopesters, having devoured the results of the California team against the combined efforts of Pomona College and Redlands University yesterday, are predicting some great performances.

There should be enough red-hot competition in some of the running races to last the track bugs for the rest of the season. In the 100-yard dash, for instance, such cinder grinders as Paddock, Schiller and Isenhouer of U.S.C. and Hutchinson of California will step on their marks. Each one of these guys is capable of bettering 10 1-5s., and one, at least, has a record of 9 4-5s. The U.S.C. men have the edge here.

LOOK BETTER.

In the 220 the same trio of Trojans looks a bit better than Hutchinson and the other Bear speedsters. Calden of U. C. is reported to have done 10 1-5s. in the century and 22 2-5s. in the 220 this year, but the summary of yesterday's northern meet did not contain his name. Coach Christie may be saving Calden as a dark horse to spring on the Trojans.

In the 440 George Schiller of U. S.C. will have the time of his young life if he defeats Hendrickson of California. The latter ran the quarter in 50 2-5s., defeating Kilby of Redlands and Payne of Pomona. Schiller can turn the trick, however, if he runs as well as he did in the A.A.U. relay carnival on the Occidental track last month. He ran the last lap of the mile relay in 50s. that day and wasn't pressed to do it.

BEAR KING PIN.

Fans will have a chance to see Jack Merchant, the Bear king pin in the broad jump, in action. This husky little all-around star leaped 23ft. 9in. yesterday, breaking the college record. He is a junior in college and looks good for a lot more.

Capt. Gwynn Wilson of U.S.C. has a lot of toil in view if he hopes to beat the Bear entries in the half-mile. They turned the two laps in 3m. 1 3-5s. against Redlands and Pomona. The Trojan has hoofed it in 3m. 4s. this year, but should do better on Saturday.

The relay race is one calculated to bring out plenty of excitement. It is not believed that California has a ghost of a show to win this race, but it's going to offer a mighty fine opportunity for the Trojans to establish a new Southern California record in the event.

When the U.S.C. runners won the four-man affair in the relay carnival few of the spectators present realized just how easy it might have been to make a new record on that particular occasion. Wilcox, the first man, ran his lap in 57s. Had a moderately fast man been running the initial lap, say in 53s., the Trojans would have had a record of 3m. 34 2-5s.

California is strongest in the field events, and it is here that U.S.C. is most likely to lose the meet. With Merchant in the broad jump, Cottrell in the high, Graham in the pole, Majors and Merchant in the shot and discus, California is reasonably certain of firsts in all these events. A split in the track events is more than likely to give them the meet.

Coach Christie will bring twenty-one athletes south with him, according to advices received by Manager Walthall Bruce of U.S.C. The list follows: Calden, 100, 220 and relay; Cottrell, high jump; Crippen, mile and two-mile; Gallagher, 440 and relay; Graham, Pole; Grunsky, hurdles; Henderson, 440; Hendrickson, hurdles and 440; Hutchinson, sprints; Jones, discus and shot; Majors, shot and discus; Mejia, mile; Merchant, shot, discus and broad; McDonald, hurdles; McKenzie, hurdles; Peterson, pole; Saunders, 880; Sprott, mile and 880; Stirling, pole and broad; Waltz, 880, and Wentworth, 880.

VARSITY ON TOP.

[BY A. P. NIGHT WIRE.]

BERKELEY, March 17. — The University of California baseball team defeated St. Mary's College, 3 to 1, here today. The score:

	R.	H.	E.
California	3	4	0
St. Mary's	1	6	1

Batteries—Ellison and Dexter; Nack and Keane.

ROXY MIDDLETON HAS SIGNED HIS CONTRACT.

[EXCLUSIVE DISPATCH.]

SACRAMENTO, March 17.—With the signing of Roy Middleton, the Yipper left fielder and the leading citizen of Flat Rock, Ill., Bill Rodgers's roster for the coming season is practically complete. Middleton and Bobby Schang were the only two regulars on the holdout list and now they are safely in the fold.

Recent rains left the ball orchard at Buffalo Park in a soggy condition, but the Solons went through batting practice and a short workout in the field this afternoon.

Rodgers still hopes to secure "Mule" Watson before the season opens. Watson has signed his contract and now Forrest Cady, Yipper catcher and former team-mate of the "Mule," is communicating with him in an effort to bring him to the Coast. Unless Watson reverses his recent decision, he will play independent baseball this summer.

AL GRUNAN AWARDED DECISION OVER MEX.

[BY A. P. NIGHT WIRE.]

SAN DIEGO, March 17.—Al Grunan, local lightweight, today won the decision over Johnny (Kid) Mex of Pueblo, Colo., in a twenty-round match at Tia Juana, Mex., near this city. Grupan was more aggressive than his opponent and showed more skill and generalship. About 2500 persons saw the contest.

GIANTS' INFIELD IS A PROBLEM.

(Continued from First Page.)

tonio camp, one feels inclined to think McGraw knows what he is talking about, for he has a horde of young and live youngsters from which it would seem possible to pick two or three good enough to fill in the vacant spots in the infield.

DOYLE SLOWING UP?

The "retirement" of Hal Chase and Heine Zimmerman broke up the once stonewall of the inner circle. Their places have to be filled. Also, there is doubt that Larry Doyle will regain his old-time speed at second base. In that case it would require the finding of three new men to go along with Art Fletcher, who is back on the shortstop job with all his accustomed vim.

Assuming that Doyle has at least another year of major league stuff in him, McGraw will have to fill two important holes, one at first and one at third. He found one fellow last fall in Frank Frisch, the Fordham College boy. It looks as if he will make the Polo Grounds fans forget about Heine Zim before the season is a month old.

KELLY ON FIRST BASE.

That would leave only first base as the unprotected spot of the Giants, and indications are that it will be satisfactorily taken care of by Big George Kelly, nephew of the famous Bill Lange. The only other candidate for the job is one Johnny Herle, a New York seminoro, who lives on Avenue A, and talks as if that fact is important.

But one can't tell definitely until July 1 just what kind of a team McGraw will have. It may be that before that time he will have Milton Stock on third and Fred Ludorus on first. McGraw is ready with a big bank roll to buy the former from the Cardinals and the latter from the Phillies whenever those clubs feel like selling or get so badly pushed for money that they have to sell something.

LIKES HIS PITCHERS.

"If I can get the infield fixed up, the Giants will be in that fight," were the first words of the New York boss when asked how he felt about the coming race. "I've got five great pitchers whose combined strength is greater than that of any five on any other team. That's something worth while, for a strong pitching staff can carry a team along."

It was needless to ask him who the five were. He referred to Jess Barnes, Rube Benton, Art Nehf, Fred Toney and Phil Douglas.

"My outfield is fine," he continued, "I have three great men in Burns, Kauff and Young, and a coming star in young Arnold Staatz. I have a catching staff that is sure, three veterans, any one capable of going in and taking care of a game."

COUNTS ON DOYLE.

"The infield problem is the only one to solve. Fletcher will be on short as usual. It looks like Kelly will come through on the first base job. I'm not a bit scared about young Frisch. He showed major league stuff last year, when playing at second or third. If Doyle can get into condition, the infield will be pretty safe. I am going to give Larry all the time he wants to get ready. I would hate to have too many youngsters on the infield.

OXY VS. L.A. HIGH.

Occidental College and Los Angeles High School baseball teams will meet in a practice game on the Pioneers' diamond this afternoon. It will be the first practice game of the season for the collegians.

NORTHERN HIGHS TO PLAY RUGBY BALL

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, March 17.—Rugby football was adopted as a major sport in the San Francisco high schools by the executive committee of the Board of Education here today. Representatives of the University of California, Stanford University and other schools in the state are playing American football under dissatisfaction over the game already has been expressed in many quarters. A committee of the Pacific Football Association will call on Mayor Rolph tomorrow to demand the city's support in playing contrary to the Rugby association's lead.

SHAVE WITH COLD CREAM

Use this on a dry face. No water, soap or brush. Rub on with the fingers, leave on a minute, then shave off. If you don't like it we get your money back.

ANGELS SLAM CHESTY CUBS.

(Continued from First Page.)

gle and a double by the first two men to face him, and both counted when Charley Deal jumbled the half-frozen pill on a slow grounder and then heaved wide to first. Chicago knotted it in the fourth, when Schultz was surrounded on three sides by base hits. Los Angeles jarred two earned runs out of Newkirk and salted the pastime in the seventh.

In the ninth Mitchell used a pinch hitter, but the emergency athlete was unable to prop up Chicago's fractured prestige. Pinch hitters are hardly ripe yet.

The Angels by their speed and hitting surprised even their most enthusiastic admirers. Despite the fact that one of the regular cogs was missing, the infield generated and completed three double plays and each of them came when fine fielding was badly needed. True, the infield made as many errors as it did double plays, but the errors came when the Cubs couldn't use them and the double plays were made when the Cubs didn't want them.

EARLY BUGS THERE.

Competition from a spring blooming circus across the street, and a widespread belief that the grounds would be too wet for baseball, tended to reduce the attendance. However, quite a crowd of early bugs sat through the pastime and enjoyed the sweet music made by the wind as it blew through the whiskers of the harps who had come out to celebrate St. Patrick's Day in the bleachers.

In order to dry out the diamond sufficiently it was necessary to burn eighty gallons of gasoline on the ground. This was almost as much milk as was taken in for the orphans Monday. What made it tough-er on the business management was that gasoline went up 2 cents a gallon yesterday.

GRAND SPECTACLE.

Had the gasoline been burned on the ground last week it would have meant a saving of $1.60. The sight of the gasoline burning in the grass made a gorgeous spectacle, and compensated the tourists who were not here to enjoy the smoke from our forest fires last summer.

Charley Hersog belied the reports that he would be out of the game six weeks by playing second base. Charley opened a couple of cracks in one of his bulkheads during Monday's game, but was back on the job yesterday with the cracks caulked up. Also, he wore boiler plate under his uniform as a protection, and to conceal the injury from the enemy. If the boiler plate is able to stand the strain, Charley may get through the season without an operation.

Chiefly it was the hitting of McDonald, Karl Crandall, Crawford and Burke, which carried the Angels to victory. Each soaked out two blows.

ARID DELIVERY.

Claude Hendrix, who has decided to reform and pitch the spitball no more, was experimenting with a Death Valley delivery, which assays 110 per cent. arid. On this rather damp day it didn't work right at the start, and Killefer, first up, singled to left. McDonald drilled a double to right, and Red drew up at third. Karl Crandall fouled his chance away, and Crawford popped to Deal. Doc Crandall dribbled a slow grounder over the Cub pitcher. Deal reached the ball back of the box, scrambled it momentarily and then heaved it to the right field bleachers. Killefer and McDonald, who by this time had attained top speed, cross the pan. Doc, who had remained at first to contemplate the damage of which he had been the innocent cause, was forced by Lapan.

ONLY ONE BLOW.

A single by Barber was the only blow off Schultz in three rounds. Toots changed his style and opened the fourth by passing Barber, who was forced by Deal for the first out. Robertson's single to right, and an infield hit by Lear filled the sacks. Pearce pumped a single to center, scoring Deal and Robertson, and putting Lear on third. The bases became full again when McDonald juggled a stiff grounder by Daly. Hendrix popped to McDonald, and Paskert ended the round by driving to K. Crandall for a forceout at second.

Nick Dumovich took hold in the sixth. Nick has been looking for somebody to hit him since Christmas. His quest was rewarded when Robertson spanked his first offering for a single. Having found somebody who could hit him, Nick seemed satisfied, and didn't experiment any more. He blanked the Cubs for two rounds, although emitting a walk and a wild pitch. Red McCay opened the eighth, and let it go at that. After walking Barber, Red Killefer decided it was no day for a guy with freckles the size and color of navel oranges to pitch, and sent in Lefty Thomas, who has a noncommittal complexion. What the Cubs didn't do to Lefty can be related by a couple of ciphers. And Lefty, in addition to other things, had to face the spring pinch-hitter.

UNRAVELS TIE.

Burke by banging a single out of Newkirk in the seventh, began unraveling the tie. The next two men retired, but a pass to McDonald fogged things up for Newkirk and they didn't begin to clear until K. Crandall and Crawford had singled for two runs.

Today the Cubs will go to Ontario and try to do better against the Beavers. Rain interfered with the Chicago-Portland game Tuesday after the business houses there had closed their massive doors. The hinges on the massive doors have been oiled again, and all is in readiness for the game. The score:

Crandall to McDonald to G. Crandall; 2; Pearce to Herzog to Lear. Wild pitch—Dumovich. Time of game—1h. 45m. Umpires—Rodgers and Toman.

SLAUGHTER OF MEADOW LARKS.

(Continued from First Page.)

round with the genial Otto Merpall who was out demonstrating the well-known merits of the Spalding "50" ball; the hard-boiled Ralph Jesson, who wears a sweater of ancient vintage, and the debonair Mr. Schayer. Henderson slicked his way home ahead of all the gang. Jesson accumulated the enormous total of 116.

The prize feature of the day was the special putting exhibition on the little green back of Lee Berrien's coop. The participants in this star chamber session were the aforementioned Slicker Henderson, a person who has an uncouth appetite for holding out in "two," Merpall Jesson and Keppen. An unknown horned into the competition, but the field was too classy for him, and he soon dropped out. Henderson won the event, 28 up. Merpall was 4 up, Jesson something out and Keppen very much out.

TO SPIKE IT.

We were informed over the telephone last night that Coach Henderson of U.S.C. put his baseball candidates through a hard workout yesterday afternoon. We wish to spike this accusation instantly. It is a slander pure and simple. Mr. Henderson might have been present in spirit, but not body. We observed the bespectacled young man in the vicinity of the Brentwood Country nigh on to the hour of 6 o'clock last night.

The greens committee announced last night that the drawing will be posted tomorrow, and that first round matches may be played any time between now and next Wednesday. The qualifying scores follow:

Elmer Ralphs	77	8	75	Harry Cline	92	16	78	Otto Merpall	100	15	85
George Cline	84	14	70	A. Hodgen	92	12	80	Andrew Getty	103	18	85

PASSING SHOW COMING.

BIG SPECTACLE TO ARRIVE IN MAY AT AUDITORIUM.

By Edwin Schallert.

They're going to turn up the big bright lights at Clune's Auditorium the week of May 17 to lend the proper glamour to one of the grand culminating events of the fiscal theatrical year. For it is in that date that the New York Winter Garden spectacle, "The Passing Show," is to open a week's engagement here. Announcement of this fact was made yesterday.

Every tired business man will doubtless have his seats engaged weeks in advance for this attraction because "The Passing Show" or the Follies are the sine qua non of his entertainment. It is for this reason principally that the big pageant of girls, music and comedy, is being played at the large house.

In the present revision of the show a score of localities from Child's Fifty-ninth street restaurant in New York City—where Broadway assembles after 1 o'clock in the morning—to a mythical palace in ancient Babylon, are to be reproduced in the scenes. Even a motion picture studio is included.

Many former friends of the entertainment seeker are prominent in the spectacle, chief among them being Willie and Eugene Howard, who were last seen here with a Winter Garden show. Others in the cast are Will H. Philbrick, John Burke, Edward Basse, Helen Carrington, Leeta Corder, Emily Miles, Alexandria Dagmar, Dorsha, Blanche Parker, Frank Hall, Mary Booth and Bobby McCree.

This will be one of the first attractions staged at the auditorium under the new management.

Noack Quartette's Debut.

Invitations have been issued for the first concert by the Noack String Quartette, announced for the evening of the 23rd inst. The new ensemble is composed of Mr. Noack, concertmaster of the Philharmonic Orchestra; Henry Svedrofsky, violinist, Joseph Rosenfeld, violist, and Ilya Bronson, violoncellist. These musicians will be assisted by V. O. Goeffrion, on the double bass; A. Raimondi, clarinettist; S. B. Bennett, playing the French horn, and August B. Rickert, bassoon. The feature number of the programme will be a septette by Beethoven, for violin, viola, horn, bassoon, clarinet, 'cello and double bass. The affair is being given under the patronage of W. A. Clark, Jr., Mr. and Mrs. Michael J. Connell, Mr. and Mrs. Eugene O. McLaughlin and Mrs. Leona Montgomery.

Sailed Seas Together.

Quite by accident Henry Walthall and Gladys Wynne discovered that they had become acquainted some years ago while en route to Europe as members of two different Henry Miller companies. Mr. Walthall and Miss Mynne are playing the leading roles in Shaw's "The Man of Destiny," being presented at the Hollywood Community Theater.

Henry Miller was taking his companies over to London at the time of their previous meeting. Miss Wynne was cast as Marq in "The Servant in the House," and Walthall was playing the Mexican in "The Great Divide." The paths of their lives never crossed again until they came under Miss Neely Dickson's direction for the production at the Community Theater.

For Big Theater.

Articles of incorporation were filed in Sacramento yesterday by Marcus Loew, to cover the construction of his new $1,500,000 theater in this city. Million-dollar theaters are also to be built at San Francisco, Sacramento and Stockton. This is the largest enterprise recently launched in the western show world.

The site for the local theater as previously announced is on the corner of Seventh street and Broadway. The house will probably be occupied by Loew vaudeville attractions.

Entertains Service Men.

Ex-service men who were with the Thirty-third American Division in France were the guests of Miss Willamene Wilkes, production director of the Majestic Theater, at the performance of "The Professor's Love Story," last evening. During the war Miss Wilkes staged several plays for the entertainment of the troops while abroad.

It is hardly necessary nowadays to make known the fact that the Majestic show is due for a second week, as that has been the rule for some little time. "Professor's Love Story" will hold over.

Two Premieres Soon.

Two play premieres are sighted on the theatrical horizon. One of these shortly to take place is that of "A Dollar Down," by John H. Blackwood, at the Majestic, and the other Bayard Veiller's "The Kind-hearted Burglar," at the Morosco. Mr. Blackwood is well known from his association with theatrical enterprises here, and more recently with film production. It will be interesting to watch his new return to the stage via the authorship of a play, for, from his long association with the old Belasco Theater, Mr. Blackwood acquired, through pleasant and sad experience, a very thorough idea of what constitutes entertainment that the people like. In "A Dollar Down" he is said to have written an unusual comedy-drama of American life.

Bayard Veiller will have two local premieres during the present season, with the production of his new play, for "Danger!" was presented last fall for the first time at the Majestic. Veiller is particularly well known for his "Within the Law" and "The Thirteenth Chair," both exceptional successes.

Had to Eat Turkey.

In staging Madge Kennedy's "The Blooming Angel" to show next week at the California Theater, Victor Schertzinger was so insistent on realism that when the script called for a dinner party, he staged the scene with a big roast turkey and all the trimmings. Miss Kennedy and her supporting players, Pat O'Malley, Margery Wilson, Arthur Housman, Robert Chandler, Vera Lewis, B. F. Blinn and Billy Courtright were asked to invite their friends to the dinner, and they did all the honors, to the dividing of the wishbone.

Marooned in Snow.

That adventurous lady, Kathlyn Williams, ran into quite a bit of excitement during the filming of "Just a Wife," now showing at Clune's Broadway, while scenes were being made on the summit of Mt. Baldy. Miss Williams, it seems, warmly clad in a long leather coat and a heavy fur cap, took advantage of a slight delay in operations to go on a little sightseeing trip alone. She was absent nearly an hour, and the members of the party became alarmed and started a search. Mr. Stewart had wandered among the drifts for some time when he heard a response to his calls coming from the bottom of a pit about a hundred yards away. Miss Williams had slipped and fallen, and was unable to find a way out of the deep chasm. It took the efforts of both Mr. Stewart and Howard Hickman, the director, to extricate her and land her on the trail again. The snow had prevented any serious injury as a result of the leading actress's fall.

In Third Week.

"Why Change Your Wife," Cecil B. de Mille's cinema on the subject of divorce, is continuing to attract large crowds at Grauman's Rialto. The picture is in the third week. Thomas Meighan, Gloria Swanson and Bebe Daniels have the principal roles. The bill is completed with selections by the Arabian Orchestra, a vocal solo and organ number.

Trenton Back in Town.

Pell Trenton, who had an important role in "The Willow Tree," Viola Dana's starring film, has returned from an appearance at Santa Barbara. He played opposite Seena Owen and Helen Jerome Eddy in "The House of Toys" on the American Film Company's lot. George L. Cox directed.

Some Little Record.

That the show business in Los Angeles attained a metropolitan status during the run of "Civilian Clothes" is indicated in the tabulation of runs of famous successes in New York City, published in yesterday's Times, in connection with Winchell Smith's "Lightnin'."

The 373 performances of "Civilian Clothes" here put that attraction ahead of "Three Wise Fools," "The Two Orphans" and "The Banker's Daughter," as well as "The Old Homestead." "The Fortune Hunter" registered a higher run than "Civilian Clothes," and it was also outstripped by such famous plays as "Peg o' My Heart," "A Trip to Chinatown," "The Boomerang," "The Black Crook" and "Turn to the Right," now at the Mason.

But the fact that Los Angeles had a play which ranks in the class with these, reveals the tremendous growth in theatrical prominence of the city.

Children's Play.

The proceeds derived from the presentation of "Racketty-Packetty House," which is to be played by 150 children next Saturday afternoon at the Egan Little Theater, will be used to produce other plays for children, according to Miss Hattie Mooser, founder of the Children's Theater of San Francisco, who with Garnet Holme is supervising the local production. There are to be two matinees Saturday, seventy-five children appearing in the cast of each performance.

Miss Mooser is to speak before the Friday Morning Club this week.

Casinelli Picture.

How finally the habit of deceiving people grows so as to result in the deception of one's self is interestingly developed in "The Web of Deceit," starring Dolores Casinelli, at the Hippodrome. The film play reveals an absorbing thread of plot and many well-wrought scenes. Miss Casinelli is effective in her starring role.

The vaudeville bill at the theater includes Lamont's Cowboys and Girls, seven in number; Gilmore and Castle, blackface comedians; Van and Emerson, equilibrists; Yank, the "wonder dog"; Green and La Fell in songs, and Williams and Daisy, dancers.

Kerrigan Comedy Cheers.

J. Warren Kerrigan wins a new title to cleverness as a comedian in "The Joyous Liar," the attraction at the Palace Theater. The story is one of amusing complications resulting from a young man's propensity for prevarication. He likes to tell stories for their own sake and without regard for the results. Consequently his difficulties multiply, and become a genuine tangle, but he manages to extricate himself.

The feature was effectively staged. The surrounding programme enhance the enjoyment of the spectator.

Spooks to Walk.

Drama is to give way to a riot of mysticisms and spirit phenomena next week at the Mason. The "Baffling Blackstone" is to hold the boards in a seance of magic and mystery, presenting a variety of startling illusions. His show is said to be not only exciting, but also very entertaining in fun and humor.

Beck is Expected.

Rumors continue to circulate about the proposed plans for a new Orpheum Theater here, principally because of the fact that Martin Beck, impressario extraordinary of the big vaudeville circuit, is expected to arrive any day now. There is also a report that Mr. Beck is not to come unattended, but that there probably will be a conference of Orpheum officials when he reaches here. Los Angeles has become such an important center of theatrical activities that it is receiving very special attention from the heads of vaudeville enterprise this season.

In "Paliser Case."

Kate Lester, who is appearing with Pauline Frederick in "The Paliser Case" at Miller's Theater, has played with many prominent actors on the stage, among them

Along the Glamorous Pathway of Pleasure.

Joan Paige. Pauline Starke. Dora May Howe.

Louise La Monde.

In Pictures and Plays.

Louise La Monde is dancing in "A Parisian Novelty" at the California; Joan Paige in the film version of "The Fortune Hunter," at the Victory; Dora Mae Howe has a leading role in "Polly with a Past" at the Morosco, and Pauline Starke is appearing in prominent roles in Goldwyn photoplays.

Mrs. Fiske, Julia Marlowe, John Drew, Richard Mansfield and others.

Courtney May Play Lead.

William Courtney may be brought West to create the leading male role in "The Clam Digger," one of the new Harvard plays which Oliver Morosco intends to produce here, according to prevalent gossip. The play was written by Eleanor Hinckley and is said to be a successor to "The Bird of Paradise."

Reshowing of Young Film.

Clara Kimball Young's play, "The Eyes of Youth," is to be brought back for a reshowing shortly at the Alhambra Theater, it is announced.

SECOND STEEB RECITAL.

Olga Steeb, the pianist, lately returned from the East, played a very successful programme of piano numbers Tuesday evening at Beverly Hills Hotel. The affair was in the nature of a demonstration for the Knabe Ampico reproducing piano. Miss Steeb gave a similar recital last Friday evening at the Maryland Hotel.

FLASHES.

FORSAKES SLAPSTICK.

ARBUCKLE SIGNS WITH ZUKOR FOR COMEDY DRAMA.

By Grace Kingsley.

Roscoe Arbuckle, the world's most famous chubby comedian, has returned from a trip to New York, but though he was in the metropolis only two days, he completed an important business deal, signing a new contract with Adolph Zukor, whereby he becomes a Paramount-Artcraft star.

According to the terms of Mr. Arbuckle's new contract, he signs for two years, and will make twelve pictures. His salary, which he modestly refuses to divulge, is known to be in advance of that already portly amount which he received under his former contract with Zukor. His pictures will be released on the Paramount-Artcraft programme, and will be made at the Lasky studio.

An important feature of the deal is that Mr. Arbuckle will not make any more slapstick comedies, but will produce five or six-reel comedy dramas, straight dramas and farces. The old comedy bludgeon and jazz will no more decorate the screen in his films. Among the stories which he will produce in film form are "The Traveling Salesman" and "Brewster's Millions."

Accompanying Mr. Arbuckle on his eastern trip was Capt. Locklear. On their return yesterday they visited Tom Mix at the Fox studio, Arbuckle wearing a rainbow-hued overcoat with which he declared he hoped to make Mix jealous.

Asked as to the state of aridness at the metropolis, Mr. Arbuckle stated that they now furnish an obliging physician at every restaurant, and that all you had to do in order to get liquid nourishment was to faint in your soup and refuse to come to until you had received the reviving stimulant known in the good old long ago as "liquor."

Mrs. Paul Armstrong Here.

Visiting Mr. and Mr. William Farnum from New York is no less a person than Mrs. Paul Armstrong, widow of the late playwright. The visiting Mrs. Armstrong was the first wife of the dramatist, let it be explained.

She is here not only for rest and recreation, but, being a brilliant writer and formerly an actress, she will, very likely do some stories for the films.

In the meantime, the Farnums are initiating Mrs. Armstrong into life in the West, and as a first step are today taking her to Tia Juana. Mr. Farnum admits this trip may be something in the nature of taking the children to the circus, however, since he has just returned from there, bringing with him, large winnings, naturally he is anxious to try his luck again.

Shirley Mason Buys Horse.

Buying a horse is what Shirley Mason, Fox star, is doing these days. The word "doing" is used advisedly, inasmuch as it is something of a task to select one horse from some half-dozen valuable animals which have been presented for her attention. She has, at last, practically settled on a pedigreed steed which is of a glassy brown color, harmonizing well with the new Robin-Hood green riding suit, which the star had previously purchased.

Miss Mason expects to enjoy some long horseback trips, in company with her handsome husband, Harvey Durney, and her sister, Viola Dana, though Miss Dana is rather timid about this form of sport. She doesn't in the least mind merely going up in an airship, especially with Capt. Locklear, does Miss Dana, but when it comes to horseback riding, why that, to her, is much more fearsome.

We'll Say It's Mean.

Speaking of Miss Dana reminds me that she and Roscoe Arbuckle and Capt. Locklear were all joking together yesterday about Mr. Arbuckle's trip east in company with Locklear.

"Oh, what I've got on that boy!" exclaimed Arbuckle.

"Tell me about the little girl," quizzed Miss Dana, who is supposed to have strings on the gallant captain.

"I didn't see any little girl!" began Arbuckle, and then as Miss Dana's face brightened—"she wasn't little!"

Universal Matters.

Confirmation of the rumor that P. A. Powers has sold his Universal holdings to Carl Laemmle, president, and R. H. Cochrane, vice-president, was received yesterday in the form of a telegram from Universal headquarters in New York.

According to the wire, complete transfer of Powers's Universal holdings has been made to the two officials above named, thus placing them in entire control of Universal affairs. The deal involves several millions of dollars. P. A. Powers was treasurer, but there will be no further changes in the personnel of the company, says the report.

While it is known that during the past five years at least there has been much friction between Laemmle and Powers, the reason given for Mr. Powers's withdrawal is that his other film interests demand his attention.

Powers is a big stockholder in a number of film organizations. There is a report that he will shortly go into the manufacture on a large scale of a certain picture commodity necessary in the making of photo-dramas.

Fox Has New Play.

Stewart Fox, hero of "Turn to the Right" at the Mason, may return here shortly to appear in the picture version of the Winchell Smith comedy, which Mr. Smith expects to produce for Metro. However, it is likely he will go back to New York in the summer, as he received a telegram from John Golden last night stating that a new play had been written especially for him, which would go into production early in the warm season.

During his stay here Mr. Fox is the guest of the admiring Godowsky family.

T. Roy Barnes Flits.

T. Roy Barnes, the comedian who has been playing the leading male role in the Rupert Hughes play, "Scratch My Back," at the Goldwyn studio, left yesterday for New York, where he is to appear shortly in a new stage production for which he had signed before coming to Los Angeles to make his first picture play.

Ince to Return.

Thomas H. Ince and J. Parker Reid will return from New York next Friday. It is reported they are bringing West with them the rights to several stories to be produced on the screen.

Gladys Brockwell Vacations.

Gladys Brockwell, Fox star is having a short vacation between pictures. She is not using it to pander her vanity by going to the photographer's or having new costumes made, either, but is pursuing the laudable employment of house painter. She's not promiscuous in the use of her talents in this way, however, but is confining her activities to the painting of her own house.

Lehr Returns.

Abraham Lehr, vice-president of the Goldwyn Pictures Corporation, has returned from New York, whither he accompanied Samuel Goldwyn recently.

Olive Thomas Soon.

Jack Pickford, Goldwyn star, is checking off the days on his calendar hoping to bring nearer the time when Mrs. Pickford, erstwhile Olive Thomas, leaves New York for the West. Jack says she will come here as soon as she is through with her picture work in New York, and that a delayed honeymoon in Honolulu is to follow the summer ... riage two years ago ... ers have been ... tures that they ... able to take a ...

...ing toward freedom ...s universally taken through ...ce by physical healing. The ...ciple of Christian Science, ...ng method used by Jesus, ...ere is no mystery, ...ysterious about it. It 'is ...e healing of Jesus, the ...selousness is a false consciousness that expresses itself according to its false beliefs in all the phenomena of evil and sickness, and that healing through a correction of overcoming is accomplished only through the understanding of God and His law.

"The statement is sometimes ignorantly made that the healing of Christian Science is wrought through suggestion. The human mind, unillumined, and uninstructed in spiritual law, cannot possibly understand spiritual healing, nor the means by which it is accomplished, so it insists that it must be after its own method, that is, the operation of the human will through hypnotism or what is popularly called modern psychology. Nothing could be farther from the truth. The reading of the Christian Science text-book, "Science and Health, with Key to the Scriptures," has cured thousands of sickness and sin; no mesmeric suggestion is used in the book to accomplish such results, but the revelation of truth opens the understanding and healing follows.

"Christian Science teaches that the amplitude of God is the sufficient supply of man, enabling him to be fed and clothed, and is the true substance which is changeless and imperishable. Jesus, the man of God, knew no lack nor limitation. He turned water into wine when there seemed to be a lack at the marriage feast; he multiplied the loaves and the fishes when the multitudes believed there was no bread; he found gold in the fish's mouth when the disciples said there was no money for taxes. Throughout his whole career he constantly supplied the needs of humanity, proving that God is a God of abundance.

"Mrs. Eddy tells us that the Bible was her only text-book. She also says of Jesus that he 'was the most scientific man that ever trod the globe. He plunged beneath the material surface of things and found the spiritual cause.' Because Mrs. Eddy 'plunged beneath the material surface' she has revealed to this age the same available Christ, truth, which heals and saves. She proved to be a most consecrated follower of Christ Jesus and claimed nothing more for herself. The Christian Science Church founded by Mrs. Eddy stands for pure democracy, the brotherhood of man, universal participation, growth and true culture, where each individual has his place in divine mind and cannot usurp the place or rights of another."

A Call for New Photoplay Stories

Producers and stars are searching the country for new motion picture stories. The industry is face to face with a famine in good photoplays. More talented men and women must immediately be trained to write for the screen. Learn how you can now master this remunerative art at home during your spare time.

$250 to $2000 For Motion Picture Stories

If you have a spark of creative imagination—if you have any story ideas—even if you have never written a line for publication, the motion picture industry now offers you an exceptional opportunity. Big prices are being paid for stories that can be used—$100 to $250 for comedies; $250 to $2000 for five-reel dramas and comedy dramas.

$3000 for One Story

One of our students sold his first story for $3000. The screen success, "His Majesty the American," (starred by Douglas Fairbanks) and "Live Sparks," in which J. Warren Kerrigan starred, were written by our students. Many of our members have already taken staff positions in Los Angeles studios.

Palmer students are entitled to the free and unlimited use of our Consulting Service for one year. This service gives our members the privilege of calling on our staff for help and counsel at any time desired.

Special Contributors

Included in the Palmer Course is a series of printed lectures by prominent motion picture people, whose pictures are shown in this announcement. They cover every essential phase of photoplay plot construction.

Advisory Council

The educational policy of the Palmer Photoplay Corporation is directed by the biggest figures in the industry. (See the four illustrations at top of this announcement.)

STARTLES WITH SHOUT OF "LIE."

Confession Repudiated by Alleged Bank Bandit.

Court Warns Arthur Brown to Curb Violent Talk.

Account of Lost Loot Makes Prisoners Smile.

Becoming red in the face and then jumping to his feet, Arthur Brown, on trial with his brother, Herbert, for the robbery of Warren Smith, cashier of the Union Square branch of the Hellman Commercial Trust and Savings Bank, startled court spectators yesterday by hurling the short, ugly word at Deputy Sheriff Couts, who was on the stand testifying to an alleged confession made by Arthur. Mr. Couts had just detailed a conversation held on December 6, in which he said the defendant admitted his complicity in the looting. The defendsnt was ordered to his seat by Judge Craig, who warned him to remain still.

MENTIONS GRUDGE.

A few minutes later Deputy District Attorney Fricke rested the State's case and Guy Eddie, defense counsel, called Arthur Brown to the stand. Brown claimed to have written a letter to Hudson a few days ago, saying, "Why don't you get on the stand and tell the truth and tell that Frisco Red and Minneapolis Blacky was with you on the bank job? We have been here in jail three months now and that ought to be enough to satisfy your grudge."

Brown then told of a fight at Venice between Bert Brown and Edward Hudson, who has confessed.

G. W. Hixon, who, with a deputy constable, arrested Bert Brown, after covering him with a rifle, told of the search for the brothers.

Russell A. Harris, a chauffeur in the Sheriff's office, said Art Brown told him that if the government had paid him what was due him he "wouldn't be in such a jam."

MAKES 'EM SMILE.

Clerk E. L. Kinney of the court found himself in possession of $17,-763.82 in cash and Liberty Bonds, which was recovered from the Brown brothers and Hudson when they were arrested. He was accompanied by a guard to and from the vault in the County Clerk's office, where the money was deposited.

Smiles overspread the faces of Bert and Arthur Brown yesterday when Sheriff Shay of San Bernardino county told of their account of tying some of the loot, which is still missing, on the back of the automobile with a "fish line."

CHRISTIAN COMMUNITY CENTER AT TAFT, PLAN.

TAFT, March 17.—The Methodist Episcopal Church of Taft has purchased six lots on the north side of Center street at the corner of Center and Eighth streets and will erect a Christian community center consisting of a community house, a playground, church building and recreation hall.

The community house will be 34x100 feet and three stories high. It will be the first unit of the center to be built and will contain Boy Scout barracks, girls' club rooms, department rooms for a school of Christian education, a large community parlor and a community hall.

DRAMA LEAGUE WILL NAME NEW OFFICERS.

As a result of the refusal of Mrs. J. B. Stearns to serve another term as president of the Los Angeles Center Drama League, more than usual interest will be taken in the meeting tomorrow afternoon at 3 o'clock in the Little Theater, for the election of officers.

Mrs. E. E. Burton is mentioned as the choice of many of the members for president. Twelve new directors will be elected. Mrs. Stearns will outline the work of the league. Plans are being made for an able lecturer to appear shortly at the Auditorium Theater under the auspices of the league.

The New Karo Maple

YOU needn't worry any longer about the scarcity and exorbitant price of maple syrup. The tried and tested Karo Maple Flavor in the Green Can is now at your grocers—with the flavoring of finest maple sugar to be had.

Karo Maple Flavor has all the delightful tang of natural maple syrup, and it also has the good, rich body most people prefer in a table syrup.

Whether for pancakes or waffles, everybody thoroughly enjoys this delicious syrup. And remember, Karo Maple Flavor is always reasonably priced.

Be sure to ask your grocer for Karo Maple Flavor in the Green Can. It is guaranteed to please you or your grocer returns your money.

ERIN'S SONS HONOR SAINT.

St. Patrick's Day Observed with Variety of Meetings and Celebrations.

The St. Patrick's Day celebration here yesterday was made especially brilliant by the entertainment of the local Irish who had fought in the American Army in France. The special feature of the celebration was a mass meeting at Trinity Auditorium at which Bishop Cantwell was the guest of honor.

The meeting was held under the auspices of the Ancient Order of Hibernians, one of the oldest fraternal orders in the world, and addresses were made by a number of prominent men, among whom were Rev. Fr. John S. Woods of Loyola College; Chaplain J. P. Kilkenny of Camp Kearny, and Thomas P. White.

"The freedom of Ireland must come from America," Chaplain Kilkenny declared, "and this freedom must come from the Irish sons and daughters in America." The chaplain paid warm tribute to the Irishmen of the United States who participated in the last war. He also told how the Irish have been represented in every war in America where freedom has been the objective.

Father Woods spoke on St. Patrick's Day and why it is celebrated. Thomas P. White spoke on the Irish bonds. A lengthy programme of vocal and instrumental music and Irish folk dances concluded the evening.

Another entertainment in commemoration of the patron saint of Ireland was a programme given by the local lodge of Elks, at the clubhouse. Kinema Theater performers supplied the entertainment.

Several dances were given last night. A Tipperary masquerade dance was given at Solomon's and $100 was given away in prizes to the dancers who wore the most typical Irish costumes. A dance was also given at the Ocean Park pavilion, another dance was held at Venice and the Santa Monica Elks gave a St. Patrick's Day programme.

During the day, thousands of Angelenos wore shamrocks, green carnations, green ties and other green decorations in honor of the Irish saint. In keeping with their annual custom the Hibernian Savings Bank gave away potted shamrocks to all visitors.

The Women's University Club will honor St. Patrick at its mid-monthly meeting at 3 p.m., today in the Ebell clubrooms, by a talk on "Ireland, in Song and Story," by Miss Nadine Crump of the University of California Extension Division. To give the real Irish flavor, harp solos played by Miss Esther Rhodes will enliven the programme. Tea will be served afterwards.

PRETTY TRIBUTE TO ST. PATRICK.

Can't be Married Till June but Take Out License on Saint's Day.

John J. Cross, aged 33, born in Ireland, and Adeline B. Golden, aged 32, yesterday obtained a marriage license, but they informed R. S. "Cupid" Sparks of the marriage license bureau that they would not be married until June, when the ceremony will be held in St. Vincent's Church.

"But why are you getting your license today," asked Mr. Sparks.

"My boy," said Mr. Cross, "this is St. Patrick's Day, and while we are not to be married until June, we can do the next best thing and get the license on this day."

Mr. Sparks gave him the license with a large green seal, with a miniature green harp. The couple will reside at 735 Lamar street after June.

HOOVER PETITIONS TO BE COMPLETED TODAY.

EXPECT TO SECURE THE 2405 NEEDED SIGNATURES IN 24 HOURS.

A one-day drive to secure the 2405 signatures required by the State law to make Herbert Hoover a Presidential candidate in Los Angeles will be started this morning.

Members of the local Hoover Republic Club and the Make Hoover President Club said last night that San Francisco had filled her petitions in thirty-two hours, but this city will do the same in less than twenty-four. But a few of the petitions will be on the streets. Some will be circulated in the downtown district and some in the residential neighborhoods, but the majority of the names will be taken at the offices of the two clubs.

Both the Hoover Republican Club at 315 Exchange Building, Third and Hill streets and the Make Hoover President Club in room 425 Union Oil Building will be open until 11 o'clock this evening to accept signatures. Supporters of Hoover are urged to go to the headquarters early.

FROST PREDICTED.

Fair and Cooler Weather Expected After Recent Rains.

"Fair with light to heavy frosts" is the official Weather Bureau prediction for Los Angeles and vicinity, as announced last evening. Precipitation in the recent rain, according to official figures, varied from .18 of an inch at San Diego to .38 of an inch at Los Angeles and 1.23 inches at San Bernardino, where the storm was heaviest. The official figures follow:

	Storm.	Season.	Last year.
Los Angeles	.38	8.97	7.08
Riverside	.48	8.75	8.39
San Diego	.18	6.81	6.82

BODY IS IDENTIFIED.

Man Killed by Fall from Car Was Escondido Resident.

Two fellow-employees yesterday identified the body of the middle-aged man who was killed while getting off a street car at Arlington and West Forty-eighth streets Monday night as that of E. E. Johnson, 40 years of age, who was employed by the Los Angeles Investment Company and resided at Escondido. The identification was made by W. J. Shirley and H. A. Hoegerman at the Garret & Co. morgue.

Mr. Johnson's death was apparently caused by internal injuries, the police report stated. He was said to have slipped and to have fallen heavily to the street while getting off the car while it was in motion.

He leaves a widow and several children, who live in Escondido. Funeral arrangements will be made today.

AUTO KILLS WOMAN.

Masseuse, Knocked Down, Dies on Way to Hospital.

Miss Marie Miller, a masseuse, 50 years of age, who resided at 125 West Twenty-eighth street, was fatally injured when she was struck by an automobile driven by H. M. Barker of 4775 Moneta avenue at Main and Twenty-seventh streets last night. She died in Mr. Barker's car on the way to the Receiving Hospital. Her body was taken to the Pierce morgue.

Detective Sergeants Ziegler, Yarrow and Wallis are investigating the accident.

Takes Cold Easily.

"I take cold easily and during the winter always keep a bottle of Chamberlain's Cough Remedy in the house. It is the best medicine for colds and coughs I ever used," writes Mrs. S. E. Kinnan, Roseville, O. When you have a cough or cold give this remedy a trial. You are certain to be pleased with the relief which it affords.—[Advertisement.

BARLEY AGAIN SLUMPS; MILO FIRM AND HIGHER.

Although milo received no support from the buying side of the market, prices continued their upward trend during yesterday's session on the local exchange. Barley again moved down to a lower price level. The decline in barley was not regarded as an indication of any fundamental weakness in the market by local traders, however. With the resumption of the normal spring export demand, which is expected to arrive in the near future, a reaction is expected in the barley market. The May crop is rapidly approaching, but mill stocks are estimated to be very light, and a heavy demand on the coming crop is anticipated. Immediate shipment milo was up 25 cents per ton, with the futures making advances ranging from 25 to 50 cents per ton. Traders displayed no interest in near-by deliveries of barley. The future months were unchanged to 50 cents per ton lower, with 100 tons of all May delivery moving at $3.32½. In addition to this one sale of barley, two cars of No. 3 yellow corn, sacked, sold for $3.37½.

DAILY BOARD QUOTATIONS.

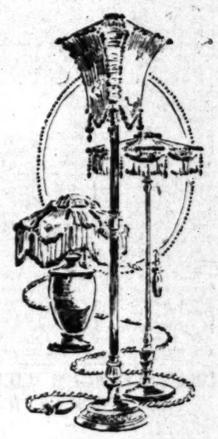
BARKER BROS. | Hours Daily, 9:00 a.m. to 5:30 p.m. | BARKER



Was there ever a home with too many lamps?

Though a "house of a thousand lamps" might be a little extreme, a home that radiates cheer and comfort and hospitality with the glow of many lamps is sure to win a warm corner in the hearts of those who are privileged to share the joys of that home.

Lamps lend personality to an otherwise ordinary home. They soften the effect of a harsh decorative treatment. Lamps are the panacea for many home-interior ills.

An Enormous Offering of Lamps and Shades

Priced Amazingly Low

Reductions 25% to 50%

in connection with

Barker Bros. Sale of Furniture and Home Furnishings —Now in Progress

Barker Bros. are offering an opportunity that amounts to an event unprecedented in a sale of this kind—a clearaway of many of the most-to-be-desired lamps and lamp shades, separated from their prices which carry reductions of 25% to 50%—and in some cases, the reductions are even greater.

This is your opportunity—the opportunity of your lifetime—to add more beauty and comfort to your home by the acquisition of artistic and friendly lamps.

Children's Story Hour

The children may enjoy the Story Hour every day, now. From 2 to 3 o'clock every afternoon—except on Saturday, then it is from 11 to 12 in the forenoon—the Story Lady entertains Barker Bros.' young shoppers in a most delightful way.

Awaiting your selection, there is assembled in the living-room department on the Fourth Floor an unparalleled array of charming lamps of all descriptions:

Little lamps and big lamps; polychrome lamps, pottery lamps and mahogany lamps; and other lamps, ad infinitum.

And shades in almost infinite variety—masterpieces of the shade-makers' art — all sizes, all styles, all designs, all materials, all colors—ALL AT EMPHATICALLY LOW PRICES!

DAILY TRADE TALK.

Income Tax as a Business Factor; Oils Boom; Food Price Level Lower.

BY CHAPIN HALL.

Now that the income tax ballyhoo is out of the way for another year it is possible to survey with more or less calmness the disturbance which the law creates and the serious interruption to business which has become a part and parcel of the spring hurly-burly.

The law is more than two years old. It has been given a thorough tryout, and so far as inquiry goes among Los Angeles taxpayers of all sorts and conditions, it has not a single defender. The attitude of local bankers and of business men generally, finds reflection in a statement made by Richard S. Hawes, president of the American Bankers' Association.

"The excess profits tax," said Mr. Hawes, "has outlived its usefulness, and now stands as a detriment to sane industrial development in the reconstructive period. Although the excess profit tax is in the form of a direct tax on profits, it is in effect a most unsatisfactory commodity tax. The manufacturer or merchant subject to the tax, is required to estimate in advance the amount he is compelled to add to the selling price of the commodity, and in turn to pass this on to the ultimate consumer in order to protect himself against the heavy imposition. Consequently, a business concern is naturally more apt to over-estimate than under-estimate its liabilities. Thus the uncertainty of the tax has made it an obnoxious burden to both the one taxed and the ultimate consumer. In the matter of primary production, is it just and fair to expect a man who owns timber in a forest, or ore in a mine, to cut that timber and give the government a large percentage of what is, in fact, his reserve capital? The law indirectly tends to deter both expansion and production, because it penalizes credit. A corporation with good credit, that expands its business through loans is given no credit for capital so employed, no exception being made for the borrowed capital."

The unfavorable business factors of the present situation are summed up as follows:

Increased prices have produced speculation, waste and extravagance.

Inflated currency endangers the gold standard.

Large decrease in sale of goods to Europe.

Increased demands from labor.

Continued heavy demand for capital.

Increased and unscientific tax methods.

There are some favorable offsets to these conditions, but big business is recognizing that in them lie the problems which must be immediately faced. No violent readjustment is in sight, but there is a growing feeling that financiers as well as merchants and manufacturers should keep their business in as liquid a condition as possible.

Los Angeles Stocks.

The announcement by the Standard Oil Company of a rise in the price of crude and gasoline, had an almost instantaneous effect upon the Los Angeles issues. The market opened active with prices showing sharp gains over the close of the preceding day, and there was a liberal buying demand throughout the trading. California oils were especially buoyant. United advanced from 75 to 80 cents, Associated moved up to $115.75; Union of California touched the highest point it has reached in months when sales were recorded at $190. Republic Petroleum advanced 1 cent to 37 3-4 cents and evidenced something of the stimulation the increase in prices will give the smaller companies. Based on present production, Republic income and assets will be increased $50,000. New Pennsylvania sold up to 35 cents, and the buying all along the line was on a heavy scale, keeping the brokers busy getting in touch with clients to confirm higher limits in view of the rising prices. Industrials were practically ignored for oils and mines, the latter market continuing active, but slightly lower. Tom Reed featured the mining list and there was heavy buying at $1.80. Liberty Bonds were soft and inactive. It was a good, snappy market, and holds out additional promise for today.

New Trust Officer.

James Stuart has been elected assistant trust officer of the Guaranty Trust and Savings Bank. He has been in charge of the real estate department and under his direction, last year, the bank sold more than $600,000 worth of real estate belonging to trusts in its care. Mr. Stuart said yesterday that he believed the local outlook for real estate is better now than it has been in many years, and he looks for a rising market for some time to come. "Values fell during the war," he said, "but they are now embarked upon the slow, but sure, upward cycle."

Army Retail Stores.

Army retail stores will be closed as fast as the supply of items is exhausted. More than 90 per cent. of the articles adapted for such sale have been disposed of. After the stores have been closed, in Los Angeles, and elsewhere, lists will be prepared covering the remaining items and bids received on the minimum quantity which are available in the smallest practicable shipping unit, regardless of the total quantity offered. This will make it possible for the small retail dealer to purchase direct without the material passing through the hands of the manufacturer, jobber or wholesaler, and should help reduce prices.

Failures Increase.

Dun's report 123 failures for the week, as compared with 115 for the preceding week and 157 for the corresponding week last year. In Los Angeles business conditions are better than in many other parts of the country and few cases of commercial distress are included in the summary.

A Fine Record.

The Pennsylvania Railroad holds the record of never passing a dividend in the seventy-four years of its corporate existence, to which ripe old age it will attain on April 13.

Municipal Bonds.

It has been a trying time for municipal bonds. In February there was a swift decline in sympathy with the crimp which was put in the general market, and from which there has not yet been a perfect recovery. Record low prices were attained, prices at which the wise buyers were enabled to pick up some astonishing bargains. "The supply of new bonds of counties, cities and towns," The Bond Buyer says, "fell off in February, largely because of the sudden drop in values. In most cases the law requires a municipality to sell its bonds for not less than par and accrued interest. This restriction has recently made it impossible for many issues to be sold until the interest rate could be raised, which requires reauthorization, readvertising, and, often, permission to voters." February offerings of new issues of State and municipal bonds aggregated a par value of $39,368,456, compared with $86,694,726 in January.

Tire and Auto Advances.

Automobiles will advance from $50 to $150 per car and tires from 10 to 25 per cent., according to information from manufacturing centers. The old familiar excuse, higher cost of material and labor, is made to cover the impending increases, the tire men pointing to the largely-increased cost of cotton to substantiate their argument. These items, with a 2-cent per gallon gasoline increase, will stimulate the circulation of money next summer, but from present indications will not

(Continued on Next Page.)

LATEST NEWS OF FOOD PRICES.

Potato Dealers Threaten Higher Prices as Boycott Grows; Butter Advances.

Since the local boycott on potatoes went into effect, prices for this popular vegetable have advanced about 65 cents per hundred pounds in the wholesale markets of the city. Retailers, buying at a higher price, have advanced their prices about 2 cents per pound, present retail prices averaging 8½ cents per pound. Local wholesalers have predicted freely that despite the boycott, prices would advance to $7 per hundred wholesale. Yesterday, however, the first sign of weakness since March 6, when potatoes made their biggest advance, developed on the local market, wholesale prices showing a decline averaging 15 to 20 cents per hundred, according to grade.

Wholesalers and brokers claim that the weakness of the market at present is only temporary, and that if receipts continue in their present small proportions, further advances are inevitable, despite the attempt of the public to reduce prices by means of a voluntary boycott.

Butter advanced 3 cents a pound at the afternoon call of the produce exchange. This makes the price to producers 62 cents instead of 59 cents, and means the establishment of a retail price of around 67 cents as soon as the increase is passed on to the retailer and the consumer. Eggs advanced 1 cent per dozen.

LATEST PRICES ON BUTTER AND EGGS.

LOS ANGELES, March 17.—Butter, creamery extras, Produce Exchange closing price, 62 per lb.

Eggs, cases included—Fresh extras, Produce Exchange closing price, 40 per doz.; case count, Produce Exchange closing price, 35 per doz.; pullets, Produce Exchange closing price, 35 per doz.

Cheese—California flats, 29 per lb.

SAN FRANCISCO, March 17.—Butter, unchanged. Eggs, fresh extras, 44; firsts, 39; extra pullets, 38. Cheese, firsts, 28; Young America, 34½.

NEW YORK, March 17.—Butter, steady, unchanged. Eggs, strong; fresh gathered extra firsts, 48@48½; firsts, 47@47½. Cheese, firm, unchanged.

CHICAGO, March 17.—Butter, lower; creamery, 53@67. Eggs, unsettled; receipts, 20,422 cases; firsts, 43@43¾; ordinary firsts, 35@42½; at mark, cases included, 40@42.

KANSAS CITY, March 17.—Butter, packing, 1 cent higher, 39; creamery, unchanged. Eggs, current receipts, 20 cents higher per case, 12.70; firsts, 1 cent higher, 43. Poultry, hens, 1 cent higher, 37; others unchanged.

FINANCIAL.

OFFICE OF THE TIMES.
Los Angeles, March 18, 1920.

CALIFORNIA DRIED FRUIT.

[BY A. P. NIGHT WIRE.]

NEW YORK, March 17.—Evaporated apples dull. Prunes firm; apricots steady, peaches dull; raisins more active.

MARKET IS STRONGER FOR GOOD PRODUCE.

POTATOES WEAKEN; BURBANKS AND RUSSETS 15 CENTS PER HUNDRED LOWER.

Active trading and light receipts caused a stronger tone to develop for nearly all lines of produce during yesterday's session on the local produce market. Carlot arrivals were very small while country offerings were limited on account of the rain of the preceding day, many of the farmers being unable to get into the fields. One of the outstanding features of the day's trading was the weaker tone in the potato market, this commodity being one of the few lines to show any weakness. In carlots fancy Burbanks were moving at $5.75, while wholesaler's prices to retailers ranged from $6.40 to $6.50. A decline averaging 15 cents per hundred. Practically the same condition existed in the market for Russets. Receipts of potatoes yesterday were very small, amounting to only two carloads, with 12 on track. Asparagus also weakened, on account of very heavy arrivals. Prices for all grades ranged yesterday from 18 to 25 cents per pound.

Other lines moved on an advancing market. Cabbage was firmer, bringing 4 cents per pound for most of the offerings, the top price of Tuesday's market. Red cabbage was up a cent per pound, the range yesterday being 5 to 6 cents per pound. Peas were smaller in supply and prices advanced, particularly for the better grades. Fancy stock yesterday was bringing from 10 to 11 cents per pound, as compared with Tuesday's quotations of 8 to 10 cents. Carrots made an advance of 50 cents per hundred for the average run of the offerings, selling prices being $2.50 to $4.00 per sack. The top price of the preceding day was $3.00. Brown onions were firm, and practically unchanged, but the yellow and brown varieties, which are in limited supply, moved up 25 cents per hundred under fairly active interest.

The offerings of cauliflower were of very poor quality, and despite the fact that supplies were very scarce, prices weakened slightly, sales being made at $3.00 per field crate for the best grades, a fall of 25 cents per crate. Celery was down 10 cents per dozen bunches for the average grade of offerings. Fancy shipping stock, however, was bringing as high as $8.50 per crate, an increase of 50 cents over Tuesday's market.

DAILY MARKET REPORT.

These are the actual prices obtained yesterday by Los Angeles wholesalers from their sales to retailers, peddlers, hotels, restaurants, cafeterias, etc. Terms—Cash on the walk:

APPLES—One car California arrived. California: White Pearmains, 2.00@2.75; 48's per lb.; Yellow Newtown Pippins, 4-tier, 2.00@2.25; 3-tier, 2.25@2.50; 56's per lb.; Winesaps, 2.50@3.00; 4-tier, 48's per lb.; Delicious, fancy, 3.50@4.00.

NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WIRE.]

NEW YORK, March 17.—Stocks were active and strong at the opening today, dull and uncertain during the intermediate session, and higher than at any previous period in the final hour, when many substantial gains were registered.

The late spirited rebound followed word from Washington that the Secretary of the Treasury had advised against imposition of a tax on stock dividends until next year.

Equipments, motors and oils, as featured by Baldwin Locomotive, Stutz and Mexican Petroleum, led the vigorous advance towards the end, Baldwin gaining 13 points and Stutz 20, while some two score less prominent issues made net gains of 3 to 10 points.

Crucible Steel and General Motors, which again created much unsettlement by their erratic course, finished at comparatively nominal gains, after having fluctuated in a 10 point radius.

Stocks which manifested greatest strength at the close were those in line for stock dividends. The most stable industrials and rails made little headway, though strengthening at the end. Sales, 1,050,000 shares.

Other developments ranged from favorable to the reverse. Call money was freely offered at 6 per cent., after opening at 8; but foreign exchange was unsteady, and industrial conditions, as viewed by trade authorities, were clouded by fuel and freight car shortage.

A belated rise in Liberty 3½'s and the better tone of high-grade rails were the features of an irregular and contracted bond market. International recording no material change. Sales (par value) aggregated $10,875,000. Old United States bands were unchanged on call.

STOCK QUOTATIONS IN NEW YORK CITY.

[Furnished by Logan & Bryan, Members New York and Boston Stock Exchanges, Van Nuys Bldg., Los Angeles.]

FINANCIAL AND TRADE REVIEW.

(Continued from Preceding Page.)

materially reduce the volume of auto or tire sales.

Grocers Protest.

While local retail grocers say they are willing to co-operate with the Federal Fair Price Committee, some dissatisfaction has been expressed at the request of the committee that they fill out a comprehensive questionnaire, giving the cost price, replacement cost price and selling price of 205 staple food commodities. If the Fair Price Committee wishes to find out whether or not there is any profiteering in the grocery business local grocers assert that they will be glad to open their books, but that the questionnaire not only involves a large amount of labor, but means, also, that trade secrets, which exist in every business, will have to be revealed, and this local grocers are unwilling to do, despite the fact that the committee has announced that information contained in the questionnaires will be treated as confidential. It is also claimed that some of the smaller retail stores, which do not keep a comprehensive set of books, will not be in a position to supply the information requested by the Federal Fair Price Committee.

Song of the Shirt.

One result of increased laundry prices, and advanced first cost of linen collars, is that fewer collars by more than 100,000 weekly are said to be passing through the mangler than a year or so ago. Soft collars are coming more and more in vogue, and the rapid increase in the number of washing machines shows that the song of the shirt is being sung in homes to which it has been a stranger.

Cotton Exchange.

A group of well known local cotton brokers have undertaken the organization of a cotton exchange, and articles of incorporation have been forwarded to the State Commissioner of Corporations for approval. The new exchange, which will be the only one west of New Orleans, will serve Southern California, the San Joaquin Valley and Arizona. It will be strictly on a nonprofit basis; no capital stock will be issued, and membership will be sold not only to cotton brokers, but to bankers and other individuals who are interested in the cotton industry.

Regulations will be prepared to govern the cotton industry; transactions between members will be regulated, equitable and uniform wages will be determined, and an attempt to bring about the passage of legislation standardizing the various grades of cotton will be made. At present, there will be no effort toward the establishment of an exchange board, where trading can be carried on, but it is the intention of the organizers to establish such an exchange when the membership has increased sufficiently to warrant it. The first directors are T. W. McEvitt, president of the California Cotton and Factorage Company; M. K. Turner, of Kuhn and Fraser; M. G. Scott of George M. McFadden and Brothers; Edward M. Fowler, and C. H. Hartke, attorney for the exchange.

COTTON PRICES DOWN ON NEW YORK MARKET.

IRREGULAR OPENING AND SEVEN-POINT DECLINE FEATURE TRADING.

[BY A. P. NIGHT WIRE.]

NEW YORK, March 17.—The cotton market was comparatively quiet today, the opening being irregular at an advance of a few points to a decline of seven points.

	Open.	High.	Low.	Close.	Previous close.

CASH GRAIN PRICES MAKE SHARP ADVANCE.

OATS BREAK PREVIOUS HIGH RECORD; FUTURES IN GOOD DEMAND.

[EXCLUSIVE DISPATCH.]

CHICAGO, March 17.—Bullish enthusiasm ran higher today and carried corn and oats prices to new high levels, cash oats selling the highest known and one cent over the previous record, which was on February 21, 1918. Heavy selling for profits had little effect on values as closing trades were nearly the best. Net gains were 1 1-4c to 2c on corn futures with distant months leading. Oats gained 1 1-8@2 with May leading. Rye was rather neglected for the other grains, but gained 1-4@1 and barley lost ⅛. Southwestern corn markets did not follow Chicago.

A weakened technical position led many local and outside bulls to sell corn freely, believing the market was due for a good setback. May dropped 1¼c but the offerings apparently disappeared on the decline and some of the bulls started to reinstate their lines, a bulge of 3 3-8c to 4c following with the close at the top. Cash markets kept pace with the futures, the close being 2c to 4c higher.

With cash oats selling at the highest price on record in Chicago it was easy to advance futures to new high figures for the season, with the close within 1-8@1-4c of the top.

The range:

	Open.	High.	Low.	Close.

The Texas Company

Three-Year 7% Sinking Fund Gold Notes

Dated March 1, 1920 — Due March 1, 1923

Callable as a whole, or by lot, in amounts of not less than $5,000,000, at 101 and interest at any time on 30 days' notice. Coupon notes of $1,000, with provision for registration of principal. Interest payable March 1 and September 1. The Chase National Bank, New York, trustee. Total authorized issue $35,000,000.

The Texas Company is one of the largest corporations in the world engaged in the production, refining and distribution of petroleum and its products.

SECURITY — These notes will be the direct obligation of The Texas Company and, except for funded debt, upon the redemption of $14,798,000 6% debentures, which the company has agreed to call for payment on July 1, 1920. Funds for this purpose will be deposited with the trustee of these notes simultaneously with their issue.

MARKET EQUITY $250,000,000 — The Texas Company's fully paid capital stock outstanding amounts to $85,000,000, in addition to which the company is issuing $45,000,000 stock, subscribed for by stockholders and employees in January, 1920, and which will be fully paid in July, 1920. At present qu

COME WITH US TO THE
CHRISTENING OF WELL "NO. 1"
SATURDAY AFTERNOON MARCH 20

The formal christening of the first well on the 40-acre lease of the Southern California Oil Co., is scheduled for Saturday afternoon. It is one of the most significant events in the history of the famous Montebello-Whittier field, for it makes the definite beginning of actual development of what is generally regarded as one of the most promising leases in this field of big producers.

In order to provide proper accommodations, we must know in advance how many are coming.

If you would like to profit by the marvelous oil development in this famous field, this trip will give you an opportunity to gather first hand facts which will help you to invest intelligently.

SAN FRANCISCO OIL STOCKS.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, March 17.—Oil stocks: Claremont, 2.50@4.25; No. Am. Oil Con., 85 bid; Palmer Union, 6@7; Palmer Union preferred, 23 bid.

Wyoming oil at $4.00 per barrel creates fortunes for owners of leases—

Nowhere in America does crude oil sell at a higher figure than in the long-lived Wyoming fields. For 33 years, this State has produced high-gravity oil, which today commands an average price of $4.50 per barrel.

Near the leases I offer you, the giant oil companies (Sinclair, Standard and others) are sinking wells, some within 300 feet of these leases. The big companies have faith in this district—and they seldom drill in locations that do not later prove immensely profitable.

Leases near drilling wells rise in value as the drills go deeper. And, when oil is reached near them, they are worth thousands of dollars per acre. You can own a lease which will be proven in two ways, for not only are the big companies drilling all about it, but also, Big 4 Consolidated Oil Co. agrees in writing to use the money received from the sale of leases, to drill deep test wells on tracts checkerboarded through those they sell.

Send coupon today for folder and maps which show you the location of these leases, and give full information about nearby development, and the guaranteed money-back option which absolutely protects you against loss through this oil investment.

FRANK OIL COMPANY an IDEAL INVESTMENT

One-half interest 20 acres in Desdemona Field. Well drilling; should be completed in 30 days. $200,000 offered for this tract when well is on the sand.

26 acres in Bull Bayou, La., the most dependable oil field in the Mid-continent field. Contract let; begin drilling immediately. 6000-barrel well came in in practically the center of this tract.

One-half interest 20 acres in Sipe Springs, Eastland County, close to 1000-barrel well. Rig moved onto land; begin drilling at once.

1000 acres in Upshur County. Recent developments have enhanced the value of this acreage from two to three hundred per cent.

40 valuable acres in the Homer Field, La.

50 acres in Erath County, Texas.

Seven lots in Desdemona.

Five acres in Burkburnett.

In addition to all these valuable leases, the Company owns two complete drilling outfits worth at least $25,000.

The Company has a capital of only $150,000.

Only 80,000 shares have been issued.

If you are considering an oil investment, can you find another with such a very small capitalization and so many valuable holdings? When this Company produces oil the stockholders will get dividends.

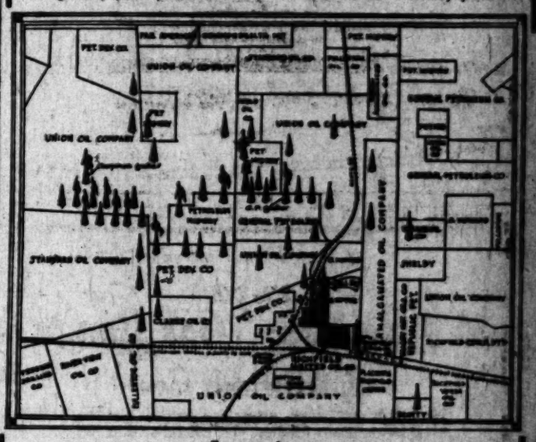
American Securities Co.
828 Story Bldg. Pico 3304

Richfield United Oil Co.
Permit No. 3876
Capital, $500,000 Par Value, $1.00



Location
Controls by lease ground indicated by shaded portion of map, about nineteen acres in Townsite of Richfield, which is surrounded by holdings of the largest oil companies in California. Lying between the Richfield-Yorba, adjoining the southeast corner of lease, new reported in the oil sand and the Midway Petroleum gusher which recently came in, reported flowing 3,000 barrels of oil and 2,000,000 cubic feet of gas per day, the General Petroleum Thompson No. 2 well just in reported flowing 3,000 barrels per day, and nearer the gushers than any company selling treasury stock in this district.

Development
Richfield United Oil Company has erected derrick No. 1 and installed the largest and heaviest type of shaft drive rotary drilling machinery. Now drilling below 700 feet, showing the same formation as shown in the drilling of above gushers.

Management
Representative Pasadena and Los Angeles Bankers and Business men of unquestioned ability and integrity comprise Board of Directors of this company, insuring efficient management.

Depository
National Bank and Trust Company of Pasadena, California.

Stock Offering
A limited amount of treasury stock is offered at
75c PER SHARE, PAR VALUE, $1.00.
To eliminate unfair trading, we have listed the stock of this company on the Los Angeles Stock Exchange, and it will be called after the completion of the sale of this offering.

Republic Petroleum

WE WISH to call the public's attention to the importance of today's announcement by the Standard Oil Company of California, of an increase of 25c per barrel in the price of crude oil at the well.

It is estimated this means approximately 30 per cent. increase in net profits to the Republic Petroleum on its present production, as well as additional production coming in, and also adds proportionately increased valuation to the Company's land holdings.

POTATO INQUIRY BY GRAND JURY.

To Learn if Tuber King is in Price Conspiracy.

Increase of 400 Per Cent. in Quantity Stored.

Yet the Consumer Pays More than Last Month.

The Los Angeles county grand jury yesterday began an inquiry into the high cost of potatoes.

"The investigation is for the purpose of determining whether there is a conspiracy between George Shima and others to exact an exorbitant price for potatoes from housewives," said Dist.-Atty. Woolwine. "It is further for the purpose of finding out if there is a violation of the Cartwright Act in the county of Los Angeles."

Chief Deputy District Attorney Doran, who is handling the inquiry before the grand jury, pointed out that in January there were 1,547,574 pounds of potatoes in storage in Los Angeles. The figures for March show 5,017,034 pounds in storage in the city, an increase of nearly 400 per cent. In the face of this, it was pointed out, the price has advanced from $5 per 100 pounds in January to $6 in March. Mr. Doran said that this does not seem in accord with the law of supply and demand, which would indicate a decrease in the price of potatoes, rather than an increase.

J. P. Britt, superintendent of the municipal markets, was a witness yesterday before the grand jury. He supplied the investigators with the figures on the present supply of potatoes in the city.

Efforts will be made to find George Shima, Japanese potato king, so that a subpoena to appear before the grand jury can be served on him. Investigators of the District Attorney's office took up this phase of the investigation yesterday, communicating with authorities at Stockton, in which city Mr. Shima is said to be at present.

A demand will be made within a few days by the Consumers' League, of which State Senator Henry E. Carter is head, that the Federal authorities investigate the nativity of Mr. Shima, with the object of determining if he is holding land illegally in this State. A similar inquiry is being conducted by District Attorney's investigators.

The Cartwright Act prohibits advancing prices unreasonably or actions in restraint of trade in the State.

COURT QUIETS TITLE TO LITCH MOTOR CAR.

DOMESTIC TROUBLES OF RICH PITTSBURGHER RECALLED BY SUIT.

Thomas Kimball Litch, son of a Pittsburgh steel manufacturer, whose matrimonial troubles were recently aired in the courts, defended in Judge Wood's court yesterday the suit of the Coast Security Company to quiet title to Mr. Litch's automobile which the company had bought from another party as an innocent purchaser.

The transfers of the automobile in passing from one hand to another and various bills of sale, presented a puzzle for a time, but at the conclusion of the testimony the court gave judgment for the plaintiff.

Mr. Litch declared that he owned the automobile and that it had been stolen from him by Murine Hendricks, whom he married in New Mexico, under the name of Kimball. At the time he already had a wife. Mrs. Hendricks had the marriage annulled.

The automobile passed from hand to hand, until it was finally bought by the Coast Security Company.

CLEARED BY JURY.

Man Whose Auto Killed Pastor is Held Blameless.

A Coroner's jury yesterday cleared A. E. Grennan, an automobile salesman of 916 West Tenth street, of all blame for the death of Rev. Edwin C. Little, pastor of the First United Presbyterian Church at Ninth and Figueroa streets. Mr. Little was struck down and fatally injured by Mr. Grennan's automobile at Sixth and Hill streets late Monday afternoon. According to the jury, the accident was unavoidable. No other action will be taken, say the police, who also investigated the accident.

The funeral of Mr. Little will be held today at 2 p.m. from the First United Presbyterian Church. Burial will be at Inglewood.

TO SAFEGUARD HIGHWAY.

The Harbor Commission yesterday sent to the City Council a communication stating that it objects to the proposed subdivision of land at the Los Angeles Harbor owned by the Pacific Steamship Company, because the plan "does not safeguard the extension of Harbor boulevard in line with the ultimate growth of the city." The commission asserted that it has previously raised the same objection to proposed plans of subdivision of this land.

REAL POSER IN HOME FINANCES.

Family of Thirteen Must be Separately Maintained on Hundred a Month.

As the court has established a minimum allowance of $6 a week for a child, Judge Crail yesterday was faced with the problem of caring for thirteen persons on a salary of $100 a month. Mrs. Maud F. Smith sought separate maintenance and stated there are thirteen in the family. She has six children by a former marriage; a previous marriage had netted Mr. Smith three children, and the marriage of the couple gave them two more. After a lot of figuring the court allotted $12 a week in favor of Mrs. Smith.

OPENING OF CIRCUS DRAWS LARGE CROWD.

DANCING FEATS OF THE JUNGLE ANIMALS BIG FEATURE AT BARNES SHOW.

More than 6000 people were at Praeger Park yesterday afternoon for the opening of the four-day stand of the Al G. Barnes circus and animal shows. Performances will be given for three more days, including today, in the afternoons and at night.

From the grand spectacle of "Alice in Jungle Land," which opens the performance, to the last act, in which the beasts from the forests madly chase one another around the arena, the big feature of the show is the remarkable work of the animals, especially their dancing. Every animal in the menagerie is a "terpsichorean artist." The zebras fox trot. The ponies waltz. "California," the champion white horse dancer, does a wonderful jazz. The camels, llamas, pigs, monkeys and dogs rag. Even "Lotus," the three-ton hippopotamus, does a fox trot around the arena and one of Miss Mabel Stark's big Bengal tigers does a shimmy.

"Caruso, the Singing Donkey," is a wonder. Bessie Harvey, "prima donna of the White Top," riding slowly around the tent, sang several popular selections, while scores of snowy pigeons flew from all parts of the tent, lighting on the horse she rode. Bessie Harvey's husband is Charles Barry, who has charge of the leopards, who give an exhibition of rough-riding that would make the average cowboy ashamed of himself.

The elephants performed to advantage in "The Spirit of '76," "The Red Cross to the Rescue" and posing numbers.

An African lion who rides about the ring on the back of a horse and makes several leaps through a wheel of fire, won applause.

But the big show is provided by "Our Dumb Brothers." The costumes worn by the actors and actresses are gorgeous, the choruses are good and the clowns are funny.

Al G. Barnes, head of the circus company, declared yesterday that there is absolutely no truth in the report that he is indebted, in any way, to Mrs. Jane Hartigan, who, at Ocean Park, recently appropriated an automobile which Mr. Barnes had parked, claiming that Mr. Barnes had given her the machine. Mrs. Hartigan is 22 years old. She was named as co-respondent in the Barnes-Stonehouse divorce suit.

"I owe Mrs. Hartigan nothing," declared Mr. Barnes. "She was simply an employee of the company until last year, when I discharged her. My relations with the woman were simply business relations."

WIDOW LOSES HER ALL.

Sues Castor Bean Company, Claims Agent Misrepresented.

Mrs. Betty A. Sanderson, a widow, 78 years old, had $700 in the bank and property in Sawtelle. In a suit filed yesterday, she says she invested it all in a deal in castor bean lands in Mexico and has been left destitute.

The complaint alleges that last April an agent of the International Castor Bean Company induced her to invest in the lands at $17 an acre. She was told, she says, that in a short time the company would boost the property to $25 an acre and would buy back her property at that price. Seeing a fine profit in the enterprise, Mrs. Sanderson claims she invested her all and that the alleged representations were not carried out. She says she is homeless and ill. The suit is for property valued at $4300. Attorney W. G. Lincoln represents her.

ASKS PARKING PRIVILEGE.

Lieut.-Col. George H. Penrose, quartermaster of the local United States supply zone offices, yesterday asked the City Council to provide for the parking of autos of government officers on Main street, adjacent to the building where the offices are located. He declares that such a provision would greatly facilitate the work of the local officers.

SPOOK FARCE IN WILSHIRE CASE.

Check to Medium Proves to be the Price of a Wig.

Widow's Stepson Grilled in Contest to Break Will.

Court Blocks Delving into Old Family Relations.

During the testimony of Mrs. Sallie B. Wolcott, sister of Mrs. Susan Emerson Wilshire, whose will is being opposed for probate in Judge Rives's court by her stepson, Henry Gaylord Wilshire, it developed yesterday that Mrs. Wilshire drew a check for $45 which she gave to a Mrs. Wallace, an amateur medium.

Attorney J. Wiseman Macdonald asked Mrs. Wolcott what the check was given for.

"To buy a little article of wearing apparel," was the reply.

"Apparent to the eye?"

"Yes."

"Well, what was it? If it was apparent to the eye, you can name it."

"Must I say what it was?" Mrs. Wolcott queried helplessly.

"Yes," said Mr. Macdonald.

"Well, it was a wig."

A titter ran through the courtroom at the unexpected reply.

Judge Rives expressed himself plainly while Gaylord Wilshire was on the stand. When Attorney Leon Moss was attempting to go back a number of years in a searching cross-examination, involving the reputed love between Mr. Wilshire and his stepmother, the court declared he was not going to delve into the past, as it was entirely too remote. Later he excused Mr. Wilshire from the stand, saying he had been called for a few minutes and had been on the stand more than a day.

Attorney Moss sought to show that all Mrs. Wilshire obtained from the estate of her husband was $150,000 and that Gaylord Wilshire and his brothers and sisters had driven a sharp bargain. He also introduced a letter written by Gaylord Wilshire to his stepmother, in which he suggested that she loan him $10,000. Mr. Moss contended that the witness's relations with his stepmother were not as affectionate as he stated they were.

Gaylord Wilshire was cut out of the second will of his stepmother, the residue of the estate, valued at $800,000, being given to the Y.M.C.A. to be used in the reclamation of soldiers and sailors. This residue, it is asserted, is much larger than Mrs. Wilshire intended when she executed her will. It is also charged that by reason of sudden deaths in her family and a paralytic stroke, she was mentally incompetent to make a will.

OFFERS THRIFT POLICY.

Westinghouse Electric Plans to Insure Employees.

To encourage thrift among its employees the Westinghouse Electric and Manufacturing Company has put into effect a life-insurance plan involving over $25,000,000 in policies.

K. E. Van Kuran, district manager of the Westinghouse company, said yesterday under this policy plan each employee that has been in the company's service for six months is insured for $500 without cost or obligation. If the employee saves 2 per cent. of his salary monthly, he receives 4½ per cent. interest and is given a life-insurance policy up to $2000, according to his length of service with the company. Both interest and principle can be withdrawn at any time.

An employee at the end of five years can withdraw his principal with accrued interest and will be given without further cost to him a paid up life insurance policy.

BRIDE LEFT HIM.

Husband Produces Farewell Letter and is Given Divorce.

Clarence E. Hopkins was granted a divorce from Rosella M. Hopkins yesterday. The basis of the suit was an alleged letter of farewell in which the wife recounted what she had given the husband and what she had received in return.

The letter, she said, is "written out of the ruins of a good many air castles and dreams. You say I have given up nothing for you, Clarence. I have given up my home, youth, body and soul to you, and there is nothing left on God's green earth for a woman to give." She was a bride of three months when she penned the note, the testimony showed.

MINNESOTA MAN HIT BY AUTO; LEG BROKEN.

Charles S. Cairns, formerly well known in Minnesota political circles, is at the California Hospital with a broken leg as a result of being hit by an automobile at Seventh and Hill streets, Monday afternoon. Mr. Cairns, with his wife, arrived here only a few days ago, having driven overland from Minneapolis to make their home at 1515 West Eighth street.

DENISON RESIGNS.

Arthur Denison, for the past two and a half years connected with the Department of Justice, and later in charge of special investigations of the sugar and oil industries in Southern California, yesterday tendered his resignation to take effect April 1. He will enter into other activities. The report of Mr. Denison on the oil trade in this part of the country will go forward to Washington this week. Its salient features have heretofore been published.

ON CONTEMPT CHARGE.

U. S. District Judge Trippet made an order yesterday removing Russell J. Nevius to Denver, for trial on a charge of contempt of court. Nevius belonged to the Colorado State Constabulary, and arrested several individuals for violation of the war-time prohibition law. Then instead of appearing against them, he came to Los Angeles and secured employment at one of the local shipyards.

The price of tea and coffee has been *shooting up*—but that doesn't bother the thousands who now enjoy

INSTANT POSTUM

—Three-piece Toilet Set, hammered or turned 15.00

(Hamburger's—Main Floor—Today)

As a Broom attacks Corners, so should your Toothbrush Sweep Crevices

SOME people brush their teeth as they sweep a floor—leaving little piles of debris in the corners.

Particles of food left between the teeth usually decay—trouble sets in and soon a tooth is gone.

With your Colgate's Ribbon Dental Cream sweep up *and down*—not across. Get between the teeth. Then, with a brushing of tongue, gums and inside of the cheeks, mouth will be clean and wholesome.

Use Colgate's twice a day and see your dentist twice a year—the *safest* safeguard against tooth troubles.

Sold Everywhere

Colgate's is Recommended by More Dentists Than Any Other

HOW CAN WE DO IT?

We pay more for wheat, more for labor, more for taxes—but Shredded Wheat sells at about the same old price—very little advance on account of the war. How can we do it? We can do it because the volume of sales now reaches many millions of Biscuits per day. Considering its real food value Shredded Wheat is the cheapest food in the world today. It is 100 per cent whole wheat in a digestible form. Two Biscuits, with hot milk, make a nourishing meal for a few cents.
